REPORT

ON THE

ADMINISTRATION OF COORG

FOR THE YEAR

1895—96., 1897-98, 1898-99, 18

LIBRARY OF THE BOMBAY BRANCH OF THE ROYAL ASIATIC SOCIETY

00133985

No. 1816, dated Bangalore, the 2nd December 1896.

From—Captain K. D. Erskine, I. S. C., Secretary to the Chief Commissioner of Coorg.

To—The Secretary to the Government of India, Home Department.

I am directed to submit for the information of the Government of India the annual report on the administration of the province of Coorg for the year 1895—96, with the following remarks by the Chief Commissioner.

2. Mr. Mackworth Young made a tour in Coorg during the first half of January 1896, accompanied by Mr. Meiklejohn, the Commissioner, and had an opportunity of meeting the other officials of the district and the leading planters. During this tour final arrangements were made for completing the summary reassessment of the land revenue on the basis of the survey which had been recently finished. Mr. Meiklejohn's report has since been submitted and orders upon it have been passed.

3. A Revenue Code for Coorg was drafted during the year and submitted to the Government of India. The need for such a Code has been much felt. The standing orders in the Revenue Department are contained in two volumes of Notifications, Circulars and correspondence reaching over a period of 61 years. The legal force of many of these orders is undetermined and they are often conflicting. When the Code has been passed into law, rules under it will have to be framed, and this will be an important work which should not be lost sight of.

4. A new system of land-record has been introduced and this should be legalised, so far as it is found to work well, under the Code. The rules regarding acquisition of lands in Coorg by government officials have been recast so as to prevent abuses without discouraging Coorgs from taking government service.

5. The stringent enforcement by Mr. Lee-Warner, the late Chief Commissioner, of the prohibition against alienation of *jama* lands has resulted in a complete understanding on this subject for the future, but past alienations have had to be dealt with and this has been a difficult and tedious process which has only recently been brought to a conclusion.

6. In connection with the new settlement proposals have been made since the close of the year for the abolition of certain antiquated and unequal taxes, for the introduction of a local rate together with a measure of self government which, if sanctioned, will mark a new era in the administration of Coorg. The development of this measure will fall within the scope of future reports.

7. Mr. Mackworth Young endorses the remarks of his predecessor regarding the cheapness of the Coorg administration and he has endeavoured quite recently to point out how it should be strengthened and placed upon a satisfactory basis. The proposals he has made involve additional expenditure which, however, is fully justified by the large annual surplus of the province, but the present financial position stands in the way of any immediate amendment. The amelioration of the Police Department is one of the most urgent needs of Coorg.

8. The enquiry into the grievances of the Planters of Southern India, instituted during the current year, covers some of the most important questions in which the planting community are interested, and the orders of the Government of India on the report of the Committee will be anxiously awaited.

9. In conclusion the Chief Commissioner agrees with his predecessor that in Mr. Meiklejohn, Coorg has an excellent Commissioner.

3. The revenue is the highest ever collected in Coorg. The total demand fell off by about Rs. 5,000, but there was increased collection under the head of "Arrears" and a decrease under "Remissions." The decrease in the demand was under the heads of "Land Revenue (Rs. 2,100)" and "Miscellaneous (Rs. 15,900)," and is accounted for in the body of the report.

4. The outstanding arrears at the end of the year rose from Rs. 2,21,900 to 2,24,900. These figures include two instalments of Land Revenue due after the close of the official year.

5. The year was moderately prosperous. The coffee crop was about the average. Prices, however, fell off slightly.

6. In compliance with the directions of the Government of India, the revenue establishment was reduced by the abolition of three Parpattigars' posts.

7. The settlement of the Yedenalknad Taluk was nearly completed during the year, the work being carried out by the Land-Record Department.

8. The public health was generally fair. Vaccination advanced. The Mercara water-supply scheme was completed. Deaths of coolies from exposure on the ghats attracted attention and the proposal to construct shelters has since been sanctioned.

9. Steps were at once taken to carry out his orders. The villages in the province were divided into circles and a Shanbog appointed to each circle to revise the survey registers and get up the details necessary for the summary settlement required. The work was pushed on most energetically and by the 1st April the following fields had been visited and inspected.

Wet numbers inspected	26,162,	area	=67,595 acres.
Dry "	8,471,	"	=43,940 "
Total.....	34,633,	"	=1,11,535 "=174·02 square miles.

10. A great deal of sub-division work *i. e.*, the dividing of rice lands which had been measured in one block up into holdings was also done.

11. *Land Disputes.*—One hundred and eight land disputes were settled under the Boundary Act by the Assistant Superintendent of Land-Records.

12. *Waste Lands.*—315·37 acres of land were sold under the Waste Land Rules in 1895—96 for Rs. 31,555—14—0, of which the value of land was Rs. 13,035—14—2 and that of timber was Rs. 18,519—15—10.

13. The value of lands sold for building purposes amounted to Rs. 98, the sites sold being 10 during the year 1895—96.

14. The realization on account of land unauthorizedly cultivated for 1895—96 is Rs. 3,153—2—0 as particularized below:—

Value of land	Rs.	1,614	13 6
Timber	"	979	6 0
Assessment	"	558	14 · 6
Total Rs.....		3,153	2 0

15. *Land Revenue.*—The land revenue demand under all heads amounted to Rs. 3,96,205—11—0, a decrease of Rs. 1,142—5—3 over the demand of last year as shown in the following table:—

i. The decrease under "Jama" and "Umbli lands" is due partly to resumptions owing to unauthorized alienations and partly to sales for government dues.

ii. The increase under "Sagu" is due to the imposition of Sagu rates on Jama and Umbli lands resumed as stated above and in part to Hosagamé or newly cultivated lands.

iii. The decrease under "Jodi" is due to the resumption of lands by government for arrears of assessment.

iv. The increase under "Garden lands" is due to newly taken up lands having been brought under assessment.

v. The increase under "Dhuli" is due to the Hosagamé lands taken up and assessed for the first time during the year and also to *wargs* transferred.

vi. The decrease under "Land-Record Cess" is due chiefly to the resignations and resumptions of wet lands, coffee estates and cardamom malés to government and partly to amounts below 6 pies having been cancelled on unassessed gardens.

vii. The increase on "Mohatarfa paid by land holders" is due to the grant of Hosagamé lands and also to change of registry.

viii. The decrease under "Mohatarfa by others" is due to the rates having been lowered and also to temporary settlers having left the country.

ix. The decrease in "coffee" is due to the imposition of grazing rates on abandoned portions of ghat estates in lieu of full coffee assessment and also to resignations and resumptions for government dues.

x. The increase under "cardamoms" is due to new malés having been leased out during the year.

xi. Resumption and resignation of lands under Jama, Jodi and Sagu tenure account for the decrease in plough tax.

GOVERNMENT ESTATES.

16. *Nil.*

WARDS ESTATES.

17. There were 13 wards on the register of the Court of the Commissioner and District Judge during the year. Of these, one was discharged leaving still 12 remaining at the end of the year.

III. PROTECTION.

LEGISLATIVE AUTHORITY.

18. *Vide* paragraph 102 of the report for 1892—93.

COURSE OF LEGISLATURE.

19. The only Act that was introduced into Coorg during the year was Act VIII of 1895 (an Act to amend Act V of 1861) for the regulation of the police (with the exceptions of Sections 1, 3, 15 and 16), published on the 4th September, 1895.

22. The number of cases in which property was stolen fell from 269 in 1894 to 216 in 1895. The number of cases in which stolen property was recovered also shows a decrease, the number being 83 in 1895 against 139 in 1894.

23. The value of property alleged to have been stolen was Rs. 27,260 as against Rs. 34,080 in 1894.

Serious Crime.

24. *Murder.*—During the year under report 7 cases were reported. 6 cases were investigated by the police and 1 was pending investigation by them at the end of the year. Conviction was secured in 1 case involving only one person. The other cases were not committed to the Sessions by the Magistrates.

25. *Rioting.*—Nineteen cases of rioting were reported to have been committed during the year. The police investigated '*suo motu*' 12 cases and disposed of the other 7 under Section 169 of the Criminal Procedure Code. Of the 12 cases investigated, 3 involving 35 persons ended in conviction, 7 of 79 persons in acquittal or discharge, while the other 2 cases were pending disposal at the end of the year.

26. *Attempts at Murder.*—Out of 3 cases reported, one case involving one person was investigated by the police and the accused was acquitted. The other 2 cases were disposed of by the police under Section 157 of the Criminal Procedure Code.

27. *Rape.*—There were 2 cases reported under this head. Both were investigated, and the accused persons were acquitted or discharged.

28. *Grievous Hurt.*—Five cases were reported under this head, and three were pending from the previous year before the Magistrates. Convictions were obtained in 3 cases of 7 persons, and in 3 other cases the accused persons, 7 in number, were acquitted or discharged. At the end of the year there were 2 cases of 5 persons pending disposal.

29. *Hurt by dangerous weapons.*—The number of cases reported under this head was 25. The police investigated 18 of them, and 3, in which the police had made investigations, were pending from the previous year. As regards police cases, convictions were obtained in 3 cases of 14 men. In 10 cases, involving 42 persons, the Magistrates acquitted or discharged the accused, and at the close of the year there were 8 police cases involving 12 persons pending before the Magistrates.

30. *Kidnapping or Abduction.*—Five cases were reported during the year, and 3 were pending before the Magistrates from the previous year. Out of the cases reported during the year, the police investigated 4 cases, and disposed of the other under Section 157 of the Criminal Procedure Code. Of the 4 cases, conviction was obtained against one person in one case. In all the other cases the accused were acquitted or discharged.

31. *Dacoity.*—The number of dacoity cases reported during the year was 4. All these cases were investigated by the police. There were no convictions.

32. *Robbery.*—Twenty cases were investigated by the police, and 4 were pending from the previous year. In one case conviction was obtained. In 19 cases the accused were acquitted or discharged. There were 4 cases pending at the close of the year.

33. *Serious Mischief.*—The police investigated 24 cases. Out of 25 persons, one was convicted and 18 acquitted or discharged. There were 6 persons awaiting their trial at the close of the year.

34. *Non-cognizable Cases.*—The Magistrates referred to the police 81 non-cognizable cases for enquiry as against 70 in 1894. Seventy five cases involving 198 persons were returned as true. Out of the said number of persons against whom processes were issued, 130 persons were discharged, 55 acquitted and 13 convicted.

35. The following table shows the cost of the police force during the past two years:—

Description of charges.	1894.	1895.

41. The total number of persons brought to trial under Act XIII of 1859 was 984 as against 1,128 in the previous year. Out of these, 813 persons were acquitted and 143 persons were ordered to perform work or to repay advances. The number of persons sentenced to imprisonment for disobedience of courts' orders was 28 as against 33 in 1894.

42. The amount of work performed by the several classes of Magistrates in Coorg during the past two years is shown below :—

Classes of Magistrates.	Number.	1894. Number of cases disposed of.	1895. Number of cases disposed of.
Magistrate of the III class ...	11	842	775

43. On an average a III class Magistrate has had to try 77 cases.

II	223
I	56
District Magistrate	213
Sessions Judge	4

44. The average duration of criminal trials in the courts of all the Magistrates and the Sessions Judge was 13·21 as against 11 in the previous year. This slight increase is due to delay in the disposal of cases by the 2nd class Magistrates who have civil as well as revenue work to attend to.

45. The total number of witnesses examined by the several courts was 5,194 as against 6,352 in the previous year.

46. The amount of batta paid to witnesses fell from Rs. 271—13—0 to Rs. 149—2—8 in 1895.

47. The amount of fines imposed during the year under report was Rs. 7,978—15—3 as against Rs. 8,859—12—9 in 1894. The amount of fines realized during the year was Rs. 7,555—1—3 against Rs. 8,538—9—10 in 1894.

48. The number of appeals filed during the year under report was 100 involving 162 persons. Of these, 74 appeals were presented in the District Magistrate's Court, and 26 in the Sessions Court as against 77 and 25 respectively in the previous year.

49. The following statement shows the work performed by the appellate courts in Coorg during 1895.

	Number of persons whose appeals were pending from previous year.	Number of persons whose appeals were received in the year.	Total.	Number of persons whose appeals were rejected.	Number of persons in whose appeals sentences were confirmed.	Number of persons in whose appeals sentences were reduced or modified.	Number of persons in whose appeals sentences were reversed.	Number of persons in whose appeals new trials were ordered.	Number of persons whose appeals were pending.	Average duration in days.

Total.....	...	162	162	16	67	32	40	5	2	14

50. Out of these, 14 appeals involving 16 persons were rejected. The number of appeals in which sentences were confirmed was 41 involving 67 persons as against 49 cases of 83 persons in the previous year. The sentence was reduced or altered in 13 cases of 32 persons against 18 cases involving 31 persons in 1894. The number of cases in which sentence was reversed, decreased from 35 cases of 73 persons, to 30 cases of 40 persons. New trial or further enquiry was ordered in 3 cases of 5 persons and one appeal involving 2 persons was pending disposal at the close of the year.

51. The average duration of each appeal was 14 days as against 18 in 1894.

52. During the year under report 10 European British subjects were brought to trial against 7 persons in 1894. Of these, only one person was convicted for the offence of criminal misappropriation of property. All others who were accused of minor offences were acquitted or discharged.

53. The total receipts of the courts amounted to Rs. 80,301—10—1 as against Rs. 88,741—11—5 in the previous year.

PRISONS.

54. The total number of persons admitted into the Mercara jail and Lock-ups during the year was 724 as against 966 in 1894.

	Jail.	Lock-ups.
Convicts	179	58
Under-trial prisoners	224	250
Civil debtors	13	...

55. The daily average in the Mercara jail was 116·66 and in the lock-ups 5·98 as against 119·84 and 6·40 respectively in 1894.

56. Punishments inflicted for offences against jail rules were 155, as contrasted with 66 in 1894, but 90 per cent seem to have been of a minor character and in 45 per cent only a warning was considered necessary.

Solitary confinement	3

Solitary confinement with reduced diet	...
Corporal punishment	13
Other punishments, *viz.*, forfeiture of marks, warnings and reductions in classes	122
Total.....	155

57. The total number of deaths was 5, or two less than in 1894. Of these one was due to valvular disease of the heart, one to debility caused by chronic diarrhœa, one to enteritis, one to diarrhœa, and one to hepatitis.

58. The average cost of guarding and maintaining each prisoner in the Mercara jail amounted to Rs. 89 per annum against Rs. 89—5—4, or a decrease of 0—5—4.

59. The cash earnings of the prisoners in the Mercara jail amounted to Rs. 15,173—11—0, as compared with Rs. 13,467—7—0 in 1894, whilst the expenditure on raw materials was Rs. 5,542—9—5 or Rs. 364—10—3 in excess of that for 1894, when it stood at Rs. 5,177—15—2. There was thus a profit of Rs. 9,361—1—7 against Rs. 8,269—7—10 in the year 1894.

60. The general health was good. The most unhealthy months were May, June, August and September.

61. The total of admissions into hospital was the same as in the year previous *viz.*, 69, but the daily average sick was less being 1·86 as compared with 2·86 in 1894.

62. The prevailing diseases were diarrhœa, dysentery, ague and diseases of the respiratory system. These alone caused 40 admissions out of a total of 69.

CIVIL JUSTICE.

63. *Original suits.*—The total number of suits instituted during the year was 3,898 against 3,882 in the previous year. They were filed in the following classes of courts.

Parpattigars' Courts	892
Subedars' Courts	1,325
Mercara Munsiff's Court	706
Virajendrapet do	903
2nd Assistant Commissioner's Court	52

66. The average duration of suits disposed of was 72 days in contested and 31 days in uncontested suits as compared with 72 and 31 days in the previous year.

67. There were 1,293 miscellaneous applications, of which 1,232 were disposed of during the year.

68. *Execution Cases.*—The number of execution applications was 5,253 against 5,219 in the previous year, of which 4,408 were disposed of, leaving 845 pending at the end of the year. Of those disposed of, 771 were satisfied in full, 666 in part, 2,969 were wholly infructuous and 2 were transferred to other courts.

69. The amount realized in execution of decrees was Rs. 1,28,471—2—3 against Rs. 2,95,809—11—11 in 1894.

70. *Appeals.*—There were 122 appeals for disposal including 2 pending from last year. Of these 121 were disposed of, *viz.*,

By the 1st Assistant Commissioner's Court	55

leaving one case pending in the 1st Assistant Commissioner's Court at the close of the year.

71. The appeals were disposed of as follows:—

72. The average duration of appeals in the District Judge's Court was 39 days against 28 days in 1894. The duration in the 1st Assistant Commissioner's Court was 68 days as against 40 days in 1894.

73. The number of miscellaneous appeals disposed of was 27 as contrasted with 25 in the year previous.

REGISTRATION.

74. The number of documents of all description registered during the year was 2,280 and the fees realized were Rs. 6,765—12—0.

75. The particulars of the past and present years are as follows:—

		1894—95.		1895—96.	
		No.	Amount of fees.	No.	Amount of fees.
1	Sale of immoveable property ...	804	2,805 4 0	739	2,314 12 0
2	Mortgage of do ...	714	2,010 12 0	600	1,709 0 0
3	Leases do ...	32	53 12 0	17	28 8 0
4	Affecting moveable property ...	641	998 4 0	725	866 0 0
5	Other registrations ...	256	1,291 4 0	199	828 0 0
6	Miscellaneous	...	1,237 14 0	...	1,019 8 0
	Total.....	2,447	8,397 2 0	2,280	6,765 12 0

76. There is thus a decrease of 167 in the number of registration and a decrease of Rs. 1,631—6—0 in the fees realized. The decrease in the amount of fees is said to be due to the fact that there were no documents involving property of a very high value as there were in previous years.

77. The cause of the decrease in the number of documents, which is most marked in cases involving immoveable property, is probably due in a great measure to the Coorgs having at last realized that even registration will not legalize their dealings in Jama lands.

78. The value of property involved in registration was as follows:—

Moveable property Rs. 2,32,985—5—11 against Rs. 3,58,950—11—7 in 1894—95,

and immoveable property Rs. 10,58,504-1-4 against Rs. 13,84,065-2-11.

79. The time occupied in completing the registration averaged 1 day and 4 hours against 1 day and 6 hours in 1894—95.

80. The registering officers refused registration in 12 cases against 27 cases in the previous year.

81. In 4 cases appeals were preferred to the Registrar and the appellants succeeded in 3 cases.

82. The receipts for the year amounted to Rs. 6,765—12—0 and the expenditure to Rs. 3,446—4—2, leaving a surplus of Rs. 3,319—7—10, the percentage of expenditure to income being thus 50·93 as compared with 45·15 in the previous year.

83. The average value of documents relating to moveable property fell from Rs. 559 to Rs. 321 and those relating to immoveable property from Rs. 768 to Rs. 681.

MUNICIPAL.

84. *Mercara Municipality.*—The total demand for the year 1895—96 including Rs. 2,097 outstanding at the close of the previous year was Rs. 17,755, of which Rs. 13,519 were collected, leaving a balance of Rs. 4,237 at the close of the year, most of which has since been collected.

85. The total income was Rs. 18,504 in which the refund of Rs. 2,900 advanced to the Executive Engineer for the water-supply scheme and Rs. 2,085 contributed by certain house owners for the extension of the pipes along the Fraserpet Road have been included.

86. The total expenditure during the year amounted to Rs. 21,603 which includes Rs. 5,183 spent on the water works, and Rs. 2,255 originally credited to municipal funds under license fees, but subsequently refunded by orders of Government of India. The municipality had a cash balance of Rs. 2,197 at the close of the year.

87. *Sanitation.*—The water-supply scheme was completed towards the end of the year, and was handed over to the municipality. Pipes were laid into the meat market, and also into the Civil Dispensary, the cost *viz*, Rs. 688 being borne by the municipality. An extension of pipes was also made along the Fraserpet road at the cost of owners of houses in that direction.

88. *Supply of Water.*—Towards the close of the year the supply of water to the town had to be limited to two hours in the morning and two hours in the evening. This was considered necessary as owing to the bund not having been completed till long after the rains, the reservoir could not be filled.

89. The drainage of the main street of the town was improved, regular drains of burnt brick in lime mortar having been laid down at a cost of Rs. 450, and the work was being continued after the close of the year.

90. *Virajendrapet Municipality.*—The income of the municipality was Rs. 9,930 against Rs. 8,993 in the previous year, and the expenditure amounted to Rs. 12,261 against Rs. 9,170 in the year 1894—95, leaving a cash balance of Rs. 2,756.

91. The increase under "expenditure" was chiefly due to the construction of a slaughter-house (Rs. 1,315), and investigations in connection with the proposed water-supply scheme for the town (Rs. 432), and to the refund under the orders of government of Rs. 834 credited to municipal funds under license fees.

92. *Sanitation.*—A slaughter-house was built at a cost of Rs. 1,315. The roads within municipal limits were repaired at a cost of Rs. 1,543.

93. But little progress was made during the year under report in carrying out the preliminary work in connection with the proposed water-supply scheme, as the services of a competent surveyor to take levels, &c., could not be secured.

94. The health of the town was reported to be fair and no epidemic diseases prevailed.

Minor Municipalities.

95. The following statement shows the financial state of these municipalities:—

Name of Municipalities.	Receipts.	Expenditure.	Cash balance.
Fraserpet	1,281	798	2,355
Somvarpet	1,887	1,715	2,845
Kodlipet	1,141	1,035	1,600

96. *Fraserpet.*—Roads within the municipal limits were repaired at a cost of Rs. 100. The conservancy establishment for sweeping the roads, lighting, education, &c., was maintained at a cost of Rs. 698.

97. *Somvarpet.*—The construction of quarters for the Hospital Assistant and the washing tank, and the tank for the cattle to drink at were completed. A wall around the hospital buildings was constructed, costing Rs. 525.

98. The conservancy establishment for sweeping the streets, market place, &c., was maintained at a cost of Rs. 474. Rs. 100 was utilized on clearing lantana, which was over-growing certain parts of the town.

99. The old market place being inadequate for the weekly market, a free grant of a new site, about 4 acres in extent, was made by one Mr. Choudla Basappa in consideration of sanction granted to him to alienate a piece of his Jama Banè.

100. *Kodlipet.*—The conservancy establishment was maintained at a cost of Rs. 374, and the usual repairs to roads, drains and cleaning of wells were done at a cost of Rs. 350.

MILITARY.

101. *Coorg and Mysore Rifles.*—The strength of the corps was 267 as compared with 259 in the previous year.

102. A camp of exercise was held at Mercara from the 4th to 13th April 1896.

103. The distribution of the corps was as follows:—

Head Quarters.—Mercara.

Major John Logan, Commanding.
Captain A. B. Elton, Adjutant.
The Revd. C. H. Malden M. A., Honorary Chaplain.
Sergeant Major J. W. Challice, North Coorg.

IV. PRODUCTION AND DISTRIBUTION.

AGRICULTURE.

105. *Wet Lands.*—The area under rice cultivation was 75,926 acres, as compared with 76,032 acres in 1894—95.

106. *Dry Lands.*—The area under dry and garden crops was 1,569 against 1,552 acres in the previous year.

107. *Coffee.*—The total area of coffee land was 84,991 acres, against 84,592 acres in the previous year, an increase of 399 acres.

108. The area of assessed coffee lands held by European and Native owners respectively is as follows :—

	No.	Acres.
European Estates	424	30,979
Native do	7,094	54,012
Total.....	7,518	84,991

109. *Labour.*—The labour-market continues to be supplied to a large extent from South Canara and Malabar. Tamil labour is also imported from Coimbatore, Madura, Chingleput and Tanjore.

110. *Live Stock.*—The mortality amongst cattle was 11,212 against 7,213 in 1894—95—an increase of 3,999 or 55·44 per cent and of 36·64 per cent on that of 1893—94. The increase is due to rinderpest and foot disease and to continuous drought in the hot weather.

WEATHER AND CROPS.

111. The rainfall registered during the year under report was :—

	Inches.	Cents.
At Mercara	111	34
„ Somvarpet	68	52
„ Anandapur (South Coorg)	74	40
„ Fraserpet	31	52
On the Western Ghats (Dunkeld Estate) ...	195	37

112. The rainfall gauged at Mercara was about the average, the average for the last five years being 111·18 inches. Rain fell in all the months except in January and February 1896. The heaviest fall in any one day was 6·82 inches on the 20th June 1895.

113. *Coffee.*—The coffee crop during the year was 3,650 tons against 2,823 in 1894—95.

114. The prices were slightly lower than the prices obtained in 1894—95, the average being Rs. 1,300 a ton.

HORTICULTURE.

115. The price of cardamoms remained the same as in 1894—95.

116. Coffee land is still being eagerly taken up, and plots of waste lands sold during the year realized good prices.

117. There is a movement in favour of tea cultivation, and it is hoped that the abandoned coffee estates on the Sampaji Ghat will soon be taken up for this purpose.

FORESTS.

118. The area of the reserved forests remained unaltered on the 31st March 1896 as no fresh lands were either added to or excluded from them; the following statement shows the total area of all the forests including the protected forests :—

Forests.	Balance remained.	Added during the year.	Total.	Transferred	Excluded.	Balance on 31st March 1896.
	Acres.	Acres.	Acres.	Acres.	Acres.	Acres.

119. *Boundaries.*—During the year 12 miles of boundary lines were widened to 70 feet at a cost of Rs. 281—11—0, and all the old lines were cleared and boundary stones maintained at a cost of Rs. 295—8—0. The total charges under this head are Rs. 577—3—0.

120. *Working Plans.*—The Surveyor and his Amins were engaged in surveying the blocks and compartments of the Hatgat-Nalkeri Working-Plan. The establishment was done away with from the 1st December, 1895. The total cost was Rs. 2,690 to the end of November.

121. The preliminary Working-Plan of the Devammachi forest was completed and submitted to the Local Government.

122. *Establishment.*—The controlling staff was shortened by the transfer of the Assistant Conservator, Mr. Beechey, on the 21st November, 1895, to the Central Provinces.

123. The strength of the protective staff remained the same.

124. Twenty six men were punished during the year as compared with 41 of last year.

One Forester and a Guard were dismissed, 2 Guards and 18 Foresters were fined, 3 Guards resigned, and 1 clerk fined.

125. *Forest Offences.*—The number of offences reported was 135 against 216 of the previous year, of which 3 cases involving 3 persons were convicted, and 131 cases were compounded.

126. *Fire Protection.*—The area attempted to be protected—1,30,927 acres—was the same as in the previous year.

127. The area successfully protected was 1,16,696 acres against 1,08,103.

128. The number of fires was 39 against 24 of the previous year.

The fires are classified as follows:—

	No. of Fires.	Area burnt in acres.
Supposed incendiary	18	6,108
Carelessness of forest officials	17	4,608
Accidental	4	3,515
Total.....	39	14,231

129. The Deputy Conservator reports that most of those returned as "incendiary" by his subordinates are due to their carelessness, and are reported as "incendiary" to shield themselves and their friends.

130. *Grazing and Fencing.*—The number of cattle grazed during the year was 9,584 against 11,613 of the previous year. The revenue derived from fees was Rs. 2,751—3—5 as compared to Rs. 3,184—11—2 of last year. Besides the above, free grazing was allowed to 2,574 head of cattle belonging to the Amrat Mahal Department.

131. *Natural Re-production.*—Much damage was done to the re-production by the heavy fires and even poles up to 18″ in girth were in places killed outright. In areas which escaped from fires the re-production was good, both in North and South Coorg.

132. *Artificial Re-production.*—During the year 90 acres have been added to the area under artificial treatment for re-production.

	Acres.
Regular Teak Plantation, Kutompole	15
Do Sandal Plantations	75
Total.....	90

133. The area of plantations now stand as follows :—

	Acres.
Regular Teak Plantations	1,113
Do Sandal do	777
Mercara Fuel Reserve	202
Cultural Teak	172
Do Sandal	804
Total Acres.....	3,068

134. *Kumri.*—The kumri in the Mawakal Reserve was extended by 15 acres. The results obtained by this method of regeneration have proved very satisfactory. An area of about 45 acres was kumried in the Hatgat-Nalkeri reserves ; here from want of care the results are not good.

135. *Climber Cuttings.*—Rupees two hundred and thirteen were spent in cutting climbers, 102 acres in Gangwara, 290 acres in Ammalé, 58 acres in Kargodu and 8 acres in Kutompole.

136. *Surveys.*—No survey work was done during the year.

137. *Roads and Bridges.*—Sixteen and a half miles of new road were opened and existing roads widened and straightened at a cost of Rs. 2,949—15—4.

138. *Buildings.*—A second class rest-house at Dubare is under construction; out-houses to the Fraserpet Bungalow are completed ; existing buildings have been repaired.

The total expenditure under this head was Rs. 5,282—14—9.

139. *Wells.*—The wells at Ganagoor and Aramané bané were sunk, and existing wells were repaired, and deepened. The expenditure under this head is Rs. 978—4—0.

140. *Yield and Working.*—The subjoined statement shows the gross yield of timber felled and removed from state forest reserves for the years 1894—95 and 1895—96.

		1894—95. Cubic feet.	1895—96. Cubic feet.	
Coupes ...	North Coorg ...	26,849	23,189	These figures include timber and poles.
	South „ ...	81,521	52,186	
Fire and boundary lines ...	North „ ...	83,746	55,925	
	South „ ...	40,510	39,225	
	Total.....	2,32,626	1,70,525	

141. This decrease of 62,101 c.ft. is due chiefly to less being removed off fire-lines and roads, the timber from these sources being nearly exhausted. Less was also removed from coupes as the fellings here contained less material than the coupes of last year. This was the case in North Coorg especially where with the exception of some really useless logs the entire out-turn for the year was removed. In South Coorg in two coupes felled during the year, the material was of a very inferior quality though the timber was large ; so that most of it has been left where it was felled.

142. *Sandalwood.*—Ninety eight tons of sandal-wood were collected during the year, against 174 tons last year. The cost of collection per ton is Rs. 26-5-2 against Rs. 27—14—4 of last year.

143. Purchasers removed 2,16,850 c.ft. of timber from Paisaries and other protected forests as compared with 6,88,182 c.ft. in the previous year.

144. Three lakhs forty thousand eight hundred and twenty five bamboos have been removed by purchasers from forests as compared with 3,80,188 of last year.

145. *Free Grants.*—Fifty one trees, 160 poles and 2,435 bamboos were granted free of charge during the year as compared with 96 trees, 304 poles and 6,550 bamboos in 1894—95.

146. *Waste Lands.*—The number of timber valuations made by the Extra-Assistant Conservator and Rangers was 218 against 207 in the previous year, and the value was Rs. 29,416—7—5 against Rs. 30,658—15—0.

147. *Cardamoms.*—No remissions were made during the year under this head:—

		1894—95.		1895—96.	
		Amount.	Amount.	Amount.	Amount.
Receipts	...	...	1,53,047	...	1,35,245

	B.	45,818	...	45,973	...
			86,542		85,830
Surplus.....		...	66,505	...	49,415

148. *Receipts.*—The main variations are as follows:—

—Rupees 13,927 R. I(a) due to smaller sales.

—Rupees 1,260 R. I(d), due to lower rates obtained for sandalwood.

—Rupees 1,791 under the head of cardamoms, due to non-collection of demand.

—Rupees 671 R. V(c) other sources, due to small collections.

+Rupees 891 R. II(a) timber, due to more timber being sold from the forests.

The other variations are trifling and details will be found in the annual forest report.

149. *Expenditure.*—The main variations for work done are as follows:—

—Rupees 556 A. I(e), due to non-collection of minor produce departmentally.

—Rupees 556 A. VI(c) fewer tools purchased.

—Rupees 1,853 A. VII(a), roads and bridges, fewer repairs required.

—Rupees 974 A. VIII(a), demarcation, less work done.

—Rupees 2,022 A. VIII(d), Working-Plans. Survey establishment was done away with from the 1st December 1895.

+Rupees 571 A. I(a), cartage of timber to rail.

+Rupees 1,575 A. VII(b), buildings. Previous year's work paid for.

+719 A. VII(c), more work done.

+1,040 A. VIII(e), sowing and planting. More work done.

+1,710 A. VIII(f), protection, interior fire-lines cut.

The other variations are trifling.

150. The chief variations under "Establishment" are:—

—Rupees 1,607, B. I(c). Subordinate establishment savings.

—Rupees 605, B. I(f) Exchange compensation, due to transfer of the Assistant Conservator.

+Rupees 1,100, B. I(b). Superior Officers. Promotion of Deputy Conservator.

+Rupees 1,020, B. II(b). Superior Officer's travelling allowance due to constant touring.

MINES AND QUARRIES.

151. The estimated out-turn of minerals during the year 1895 has been given by the Executive Engineer to be as follows:—

	Tons.
Clay used for manufacturing bricks and tiles	1,832
Granite used for metalling roads and building purposes ...	5,568
Laterite do ...	128

MANUFACTURES.

152. The pottery and carriage factory at Mercara is the only one in Coorg.

TRADE.

153. *Export.*—The exports from Coorg comprise coffee, cardamoms, hides, oranges, timber, sandalwood and paddy.

154. *Imports.*—The chief imports are:—

	Rs.
Animals (buffaloes, cows and sheep) value say	2,00,000
Piece goods	2,00,000
Grain	4,00,000
Liquors Provisions }	2,50,000

PUBLIC WORKS.

155. *Grant and Outlay.*—The Original Budget Grant for Imperial Civil Works for 1895—96, was Rs. 2,00,700, of which Rs. 1,99,200 was allotted for expenditure in India and Rs. 1,500 for expenditure in England and loss by exchange.

156. The revised budget grant amounted to Rs. 2,07,400, of which the expenditure in England and loss by exchange was Rs. 1,400. The revised budget grant to be spent in India was therefore Rs. 2,06,000 and this has been fully worked out, *vide* Statement No. I.

Civil Buildings.

157. *Original Works.*—The outlay under this head was Rs. 24,807 against the grant of Rs. 23,458 or Rs. 1,349 in excess over the grant.

158. This excess was partly due to liability to the forest department for timber procured in anticipation of work to be sanctioned in the next year and partly to the credit balance under suspense head.

159. There were four major works in progress during the year, of which one was an incomplete work of last year, *viz.*, constructing a circuit house at Pollibetta. This has been completed.

160. The total expenditure during the year against the construction of the Taluk Cutcherry at Somvarpet, the chief work now in hand, is Rs. 9,641 against estimate of Rs. 19,955.

161. The work "Dismantling the Gadinad Cutcherry at Madapur and reconstructing it at Jambur" is practically completed.

162. As regards the police station at Siddeswarana Gaddige, the walls are up to full height. This progress is satisfactory considering the remoteness of the place. The construction of police station at Sothihalla included in the budget was deferred, the Commissioner transferring the funds to other works which he considered of greater importance.

163. There were 26 minor works under execution during the year and of which 20 were completed.

164. *Repairs.*—The grant of Rs. 7,350 was fairly worked up to, Rs. 7,299 having been expended. Details of the outlay by sub-heads are given in statement III.

Communications.

165. *Original Works.*—Rupees 40,968 were expended against the grant of Rs. 38,625 or Rs. 2,343, in excess over the grant for this head.

The distribution of the outlay was as follows:—

(a)	Metalled and bridged roads	13,180
(b)	Unmetalled roads	27,788
	Total.....	40,968

There were ten works in progress during the year. Of these seven were incomplete works of the previous year.

166. Very satisfactory progress was made on the following—

(*a*) *Metalled and bridged roads.*

1. Metalling Mercara-Siddapur road.
2. Metalling 3rd or Ahttur section of the approaches to Periambadi ghat.
3. Slabbing culverts on Periambadi ghat.
4. Metalling approaches to Periambadi ghat.
5. Constructing a 1st class road from Ammatti to Tittimatti.

167. As regards (*b*) *Unmetalled roads.*

1. Constructing a 2nd class road from Siddapur to Pollibetta.
2. Constructing a 2nd class road from Fraserpet to Somvarpet (Covvercolly-Karekoppa section).
3. Metalling Somvarpet section of the Mercara-Kodlipet road.
4. Metalling Mercara-Periambadi road from Virajpet to Periambadi, the work on the two last has been satisfactory, but work No. 1 was not proceeded with owing to the prohibitive compensation asked for by the owners of the land through which the road will pass, which amounted according to the Subedar's representation to Rs. 10,000 for a few acres of, for the most part, waste land and on work No. 2 the progress has lately been very slow.

168. *Repairs.*—The outlay under this head was Rs. 74,365 against the grant of Rs. 69,621 or Rs. 4,744 over the grant and the outlay classified as under:—

(*a*).	Metalled and Bridged roads	59,443
(*b*).	Unbridged roads	14,852
(*c*).	Miscellaneous	70

169. During the year 109 miles 7½ furlongs of metalled roads were maintained at an average cost of Rs. 541 per mile and 68 miles and 6 furlongs of unmetalled road at an average cost of Rs. 215 per mile.

170. The approaches to Periambadi ghat road, a distance of 21 miles 2 furlongs, has been transferred from unmetalled to metalled and bridged roads during the year, as 2 sections *viz.*, 1st and 3rd have been completely metalled.

171. The special renewals of metal coats on Mercara-Fraserpet road were commenced and metal collected to the extent of Rs. 3,825 in anticipation of sanction, as this work was considered of great importance.

Miscellaneous Public Improvements.

172 *Original Works.*—The outlay under this head was Rs. 13,263 against the grant of Rs. 16,071. There were three major works under execution, of which two were incomplete works of previous year and these were completed.

173. The improvements to the Bembalur, Banathamane and Doddakere tanks were completed at a total cost of Rs. 4,958. The outlay against the construction of Chikli-holé channel was Rs. 4,575 against the grant of Rs. 8,000. The progress here has been slow and unsatisfactory; the reason has not been clearly ascertained yet.

174. The Mercara water-supply project was completed during the year, and handed over to the Mercara municipality at the end of February 1896, from which time its maintenance has been arranged for by the municipality. The total amount of expenditure up to 31st March 1896 was Rs. 55,106 including the materials at site of work *viz.*, Rs. 1,164, against the project estimate of Rs. 53,726 and is distributed as follows :—

	Estimate.	Expenditure.	Increase.	Decrease.
Government grant ...	16,671	16,887	216	...
Materials at site	...	1,164	1,164	...
Contribution	37,055	37,055	...	...
Total Rs.....	53,726	55,106	1,380	...

175. *Irrigation.*—Under this head there have been few funds to spare. The Chickli-holè channel should be finished in a few months.

176. *Incorporated Local Funds.*—The sanctioned budget grant was Rs. 18,000 and has been expended in full during the year.

The following were the important works in progress.

1. Constructing a wooden bridge across the Chikli-holè river at the ¾ths mile stone in the Fraserpet-Sidapur road.
2. Constructing a wooden bridge at the 7th mile of the Fraserpet-Sidapur road.
3. Slabbing culverts on the Mercara-Bhagamandla road.

The first two were incomplete works of previous year and completed this year.

177. The total length of roads maintained was 119 miles and 2 furlongs at an average cost of Rs. 59 per mile.

POST OFFICE AND TELEGRAPHS.

178. *Post Office.*—At the close of the year under report there were 2 district post sub-offices, 13 branch post offices, 18 village circles, 7 letter box stations, 3 mail lines, and 5 branch lines.

179. The only changes that have occurred in the working of the district post in Coorg during the year 1895—96 are the abolition of the lines from Hatgatnad to Betiethnad and from Ammatti to Wontangadi, and the opening of new lines from Ammatti to Gonikoppal and from Gonikoppal to Tittimatti.

180. The mail tonga service from Mercara to Mysore was worked satisfactorily by the contractor.

181. The receipts from sales of postage labels amounted to Rs. 35,553-1-0, of which Rs. 28,619—12—3 were from ordinary labels and Rs. 6,933—4—9 from service labels.

182. The total amount debited to post office was Rs. 21,157—11—2. The charge debitable to the district post amounted to Rs. 8,482—6—4.

TELEGRAPHS.

183. The number of telegraph offices continued to be 6 as in last year. The number of telegrams despatched was 6,986 or 172 more than in the previous year, the Indian share of collections thereon being Rs. 7,549—9—0.

184. The amount drawn by the telegraph department from the Coorg treasury was Rs. 1,178—6—8.

185. The amount credited during the year was Rs. 819—13—0 against Rs. 987—8—0 last year. This represents the value of telegraph stamps purchased from Coorg treasuries on account of foreign messages.

186. Telegraph offices in Coorg being combined with post offices, establishment charges and receipts on account of inland messages are shown under "post offices."

IRRIGATION.

187. The only work of importance under construction is the Chikli Hole anicut, the estimated cost of which is Rs. 8,000. The work proceeded but slowly, but it is expected to be completed in a few months.

V. REVENUE AND FINANCE.

A. IMPERIAL REVENUE AND FINANCE.

188. The total demand for the year 1895—96 was Rs. 9,66,496 against Rs. 9,71,669 in the year previous, as detailed in the following comparative statement:—

		1894—95.	1895—96.	Increase.	Decrease.
I.	Land Revenue ...	3,31,376	3,29,276	...	2,100
II.	Casual Land Revenue.*	31,280	33,312	2,032	...
III.	Forests	96,091	95,779	...	312
IV.	Excise	2,75,738	2,86,833	11,095	...
V.	Miscellaneous* ...	2,37,184	2,21,296	...	15,888
	Total.....	9,71,669	9,66,496	13,127	18,300
	Deduct increase ...		...	...	13,127
	Net decrease ...		...	...	5,173

189. The variations under the more important heads are explained below:—

190. *Land Revenue.*—There is a net decrease of Rs. 2,100 under this head, of which Rs. 1,796 is in coffee assessment. During the year under report reductions of assessment amounting to Rs. 1,360 were sanctioned by the Chief

*Rupees 35,165, the demand on account of Land-Record Cess for 1894—95 which was included in 'II Casual Land Revenue' now shown under 'V Miscellaneous' under instructions from the Comptroller of India Treasuries.

Commissioner, grazing rates, on certain abandoned coffee lands, being substituted for coffee rates, and 939 acres of coffee land paying Rs. 1,305 and 248·72 acres of wet land paying Rs. 797 were either resigned to government as being unfit for cultivation, or lapsed for default of payment of government dues thereon. Hence the decrease.

191. The demand of 1894—95 also included a sum of Rs. 6,348, the increase obtained by the settlement of 17 villages in the Yedenalknad taluk (*vide* paragraph 12 of the report for 1894—95). The result of the summary settlement introduced in 1895—96 will appear in the accounts of 1896—97.

192. *Casual Land Revenue.*—The principal items which exhibit an increase under the heads are :—

		Rs.
(1)	Receipts under recovery of Revenue Act	1,243
(2)	Fines and forfeitures	308
(3)	Sale proceeds of waste lands	208
(4)	Grazing dues	283

The first and most important item consists of fees levied on processes issued to revenue defaulters.

193. *Excise.*—The demand under this head was Rs. 2,86,833 or Rs. 11,095 more than in the year before and the following are the sources of income from which the increase is mainly derived :—

License fees... ...	...	Rs.	6,035
Still-head duty ...	...	„	3,085
Rent of toddy trees ...	...	„	1,772

194. The large increase under "license fees" is accounted for by the fact that the whole of the license fees realized from the wholesale and retail liquor shops in Mercara and three-fifths of those collected in Virajendrapet, which are assigned to the respective municipalities for the maintenance of the local medical and educational institutions, and which used to be credited directly to municipal funds, are from 1895—96 first credited to Imperial Funds, and then repaid to the municipalities in question as an Imperial contribution, in accordance with the orders contained in the Government of India letter No. 2811 A., Finance and Commerce Department, dated the 14th June, 1895.

195. *Miscellaneous Revenue.*—Increases are noticeable under *income tax, post office, law and justice, interest, school fees* and *jails*, but taking all the items under this head, there is a net decrease of Rs. 15,888, owing to a considerable falling off of receipts from *stamps* and *registration.*

196. The revenue from stamps came to only Rs. 90,295 or Rs 21,077 less than in the previous year. The decrease is chiefly under 'judicial stamps' (Rs. 18,662), due to the value of suits instituted being Rs. 73,100 less than in the year before. There was also a decrease of Rs. 2,519 under 'non-judicial stamped papers,' owing probably to the strict enforcement of the rules as regards the alienation of jama lands and to the absence of the usual keen competition for the purchase of coffee during the last season.

197. The receipts under *registration* show a decrease of Rs. 1,631 which is accounted for by the fall of Rs. 4,51,526 in the value of property involved in the documents registered.

198. The demand on account of *income tax* amounted to Rs. 15,598 or an increase of Rs. 3,114, due partly to an increase in the number of assessees which rose to 372 from 347 in 1894—95.

199. The receipts under *post office* rose from Rs. 34,644 to Rs. 35,553, owing to the increased sale of stamps, both service and ordinary.

200. The realizations under *law and justice* came to Rs. 7,876 or Rs. 724 in excess of the previous year. The increase is in 'sale proceeds of unclaimed property' and Magisterial fines.

201. There is an increase of Rs. 454 on account of interest on advances under the Agriculturists Loans and Land Improvement Loans Acts, due to the amount advanced and outstanding against the ryots being larger than in the year before.

202. The increases under *jails, school fees, survey charges, medical,* and the decreases under *plough tax, land-record cess, miscellaneous* and *telegraph* are small and call for no remarks.

203. *Outstanding Balances.*— The balance of revenue outstanding under all heads at the end of 1894—95 was *Rs. 2,13,747. The demand for 1895—96 amounted to Rs. 9,66,496 making the total amount for collection to be Rs. 11,80,243.

* The arrears include two monthly instalments of land revenue payable after the official year (*i. e.*) in April and May, also Rs. 23,740 being the still-head duty under 'Excise' for March 1895 payable in April 1895.

204. The collections (which include Rs. 1,891 received in advance of the demand for 1896—97 under excise and arrears of Rs. 2,07,895) amounted to Rs. 9,59,069. To this sum should be added Rs. 482 and Rs. 4 received and credited in 1894—95 in advance of the demand for 1895—96 under *excise* and *forests* respectively, and the remissions sanctioned by the Chief Commissioner and struck off the accounts, *viz.*, Rs. 4,543.

205. The amount collected or adjusted during the year was therefore Rs. 9,62,207, leaving an outstanding balance on the 31st March 1896 of Rs. 2,18,036 against Rs. 2,13,747 on the 31st March 1895.

206. This balance includes two monthly instalments of land revenue payable after the official year and was reduced by the 1st July 1896 to Rs. 58,389.

207. *Net Surplus Revenue.*—The gross receipts on account of Imperial revenue amounted to Rs. 9,65,310 as compared with Rs. 9,62,936 in 1894—95. The increase is chiefly due to collections under *land revenue, excise* and *income tax.*

208. The net receipts, after deducting refunds and charges against income amounting to Rs. 2,46,910, (*vide* margin) come to Rs. 7,18,400 as compared with Rs. 7,12,806 in the year before.

These are made up the following items.

	Rs.
Charges under Land Revenue	99,587
Do Forest	85,363
Do Excise	9,763
Do Stamps	1,942
Do Registration	3,397
Do Post Office	21,158
Do Telegraph	1,178
Do Political Pensions ...	6,830
Do Charitable grants ...	13,991
Refunds	3,701
Total Rs.	2,46,910

209. The expenditure charged against net income was Rs. 3,91,583. The surplus was therefore Rs. 3,26,818 as against Rs. 3,53,497. The causes of the diminished surplus are the fall in the revenue from *stamps* and *forests, viz.*, Rs. 21,077 and Rs. 5,699 respectively and increase in expenditure on Public Works, Rs. 27,925.

210. *Cash Transactions.*—At the close of 1894—95 the cash balance in the Coorg treasuries amounted to Rs. 3,76,304. The net revenue collected, including items of local revenue, amounted to Rs. 7,87,205.

211. The revenue received but paid away amounted to Rs. 2,51,149 and the deposits to Rs. 1,05,583. Receipts on account of bills drawn on other treasuries came to Rs. 3,44,149, of which the sum of Rs. 3,14,035 represents receipts of the postal department on account of money orders, savings bank, bearing charges, &c.

212. The remittances from other treasuries amounted to Rs. 6,42,000 and consisted of Rs. 6,10,000 in silver and Rs. 32,000 in copper. These sums, with the refunds made during the year, bring up the total transactions of the Coorg treasuries to Rs. 25,16,810 as compared with Rs. 20,74,327 in the previous year.

213. The disbursements include a remittance of Rs. 6,46,300 in currency notes, and Rs. 286—5—9 worth of uncurrent coins to Madras; Rs. 10,618 in advances, Rs. 1,17,928 in repayment of deposits, Rs. 15,904 in repayment of loans on government securities and as interest thereon, and Rs. 4,72,946 on account of bills of other treasuries paid. The cash balance left at the close of the year was Rs. 5,46,382.

REVENUE AND FINANCE OTHER THAN IMPERIAL.

214. *District Funds.*—The balance of district funds outstanding at the beginning of the year was Rs. 3,732. The whole amount was collected during the year.

215. The demand amounted to Rs. 33,900 and the collections to Rs. 36,776, which includes Rs. 358 collected in advance on account of the demand for 1896—97.

216. The sum of Rs. 911 realized in 1894—95, in advance of the demand for the year has been credited in this year's accounts. The outstanding balance at the close of the year was Rs. 303.

217. The following items compose the demand :—

Market fees	Rs.	1,645
Tolls on roads and bridges	„	22,592
Tolls on ferries	„	2,100
Staging bungalows...	„	976
Pound fees and sale of unclaimed cattle	„	4,181
Miscellaneous	„	2,406
	Total Rs.....	33,900

218. The cash balance of Rs. 2,389 referred to in paragraph 276 of last year's report was reduced to Rs. 543 owing to the adjustments in the accounts of 1894—95 since made in the Comptroller's Office. The collections during the year amounted as stated above to Rs. 36,776 and the receipts by book transfer to Rs. 15, making a total of Rs. 37,334.

219. The expenditure incurred was Rs. 27,264 as follows :—

	Rs.
Refunds	104
Cost of Establishment	8,424
Works by the Public Department	18,000
Cost of medical stores adjusted by book transfer ...	736
Total Rs.....	27,264

220. The cash balance at the close of the year was therefore Rs. 10,070.

221. *Municipal Funds.*—The total assets of the five municipalities in Coorg including the opening balance of Rs. 16,422 amounted to Rs. 49,164 as compared with Rs. 54,955 in 1894—95.

222. The aggregate expenditure amounted to Rs. 37,411 as against Rs. 38,533, leaving a cash balance of Rs. 11,753.

223. *Advances made during the year.*—Advances aggregating Rs. 1,975 and Rs. 5,035 were made under the Agriculturists and the Land Improvement Loans Acts during the year.

224. The advances under the Agriculturists Loans Act were granted to ryots on the security of their landed property or on personal security, in sums ranging between Rs. 15 and Rs. 200 to enable them to purchase bullocks for ploughing.

225. The advances under the Land Improvement Loans Act, in sums ranging from Rs. 50 to 400, were made to ryots to assist them in opening new lands for rice and for constructing small irrigation tanks or dams. Securities in land or personal securities were given for all these advances.

226. The outstanding balance at the close of 1894—95 (Rs. 7,904) together with advances made during the year (Rs. 7,010) amounted to Rs. 14,914.

227. Of this sum Rs. 4,761 have been recovered, Rs. 926 being on account of the amount advanced during the year under report, and Rs. 3,835 on account of the previous year's balance.

228. The outstanding balance at the close of the year was Rs. 10,153.

238. The total expenditure during the year was Rs. 17,618 as compared with Rs. 17,845.

239. *Virajendrapet Dispensary.*—The total number of patients treated (in and out door) was 7,720 against 7,451 in the year before.

240. The expenditure came to Rs. 3,709, as compared with Rs. 3,351 in the previous year.

241. *Napoklu Dispensary.*—This is a small dispensary opened for out-patients. The total number treated was 3,226 against 2,835 in 1894—95.

242. The expenditure was Rs. 925, against Rs. 732 in the year previous.

243. *Mukkati Iyappa's Dispensary, Gonikopal.*—This is a dispensary like Napoklu for out-patients and the total number treated was 3,989 against 3,178 in 1894—95.

244. The expenditure amounted to Rs. 1,137 against Rs. 621 in the previous year.

245. *Somvarpet Dispensary.*—This dispensary is also for out-patients. The total number treated was 4,026 against 4,264 in 1894—95.

246. The expenditure was Rs. 1,475 against Rs. 1,082 in the previous year.

247. *Suntikopa Dispensary.*—This is also, like the other dispensaries, for out-patients. The total number of patients treated was 5,855 against 5,243 in 1894—95.

248. The expenditure was Rs. 1,634 against Rs. 1,325 in the year before.

249. *Sidapur Dispensary.*—This is a small dispensary transferred in the commencement of the year under report from Fraserpet. 3,764 cases were treated during the year.

250. The expenditure was Rs. 1,772.

SANITATION.

251. Every attention has been given to sanitation during the year under report. The Sanitary Board had the following proposals brought before its meeting:—

(1) a new water-supply for Virajendrapet and Boyikeri,

(2) the construction of shelters for the use of coolies on the ghat roads,

(3) the sale of quinine by post offices,

(4) the construction of Lying-in-Hospitals for Mercara and Virajendrapet, and lastly pukka side drains in the main street of Mercara.

252. The sum of Rs. 828—15—5 was spent by the Public Works Department and Rs. 19,825—6—10 by the various municipalities on sanitary works. Rs. 9,944—3—0 of the latter sum were spent by the Mercara municipality on the new reservoir and Rs. 3,476—10—0 on the Lying-in-Hospital. Rs. 1,050 were spent during the year by the Virajendrapet municipality on a slaughter-house.

VACCINATION.

253. The number of cases vaccinated during the year (excluding the dispensary vaccination) was 10,411 being an increase of 2,596 cases. The average number of cases vaccinated by each government vaccinator was 1,346 and by each municipal vaccinator 246.

254. All the cases vaccinated *viz.*, 11,013 (inclusive of dispensary and re-vaccination) were done with calf lymph of these 10,127 cases were successful; being a ratio of 91·95 as compared with 87·85 per cent in the previous year.

255. The number of primary vaccinations included in the above was 9,173, of which 8,627 or 94·05 per cent were successful. The number of re-vaccination cases was 1,840, of which 1,500 or 81·52 per cent were successful. The percentage of successful primary vaccination was more by 3·55 than in the year 1894—95, and the re-vaccinations show an increased ratio of 8·37 per cent of successful cases.

256. The total number of cases of dispensary vaccination was 602 as compared with 772 in the previous year, showing a decrease of 170 cases. Out of 452 primary vaccinations, 279 or 61·73, and of 150 re-vaccinations, 42 or 28·00 were successful.

257. Of the total population of the province 63·64 per mille were protected by vaccination as compared with 43·59 in the previous year showing an increase of 20·05.

258. There was a change of a vaccinator in the Nanjarajpatna Taluk No. II, the vaccinator of this taluk having been dismissed.

259. The total cost to government amounted to Rs. 2,202—9—5 and to the municipalities Rs. 494—3—3.

VII. INSTRUCTION.

GENERAL SYSTEM OF INSTRUCTION.

260. *Vide* paragraphs 331 to 336 of the report for 1892—93.

EDUCATION.

261. The number of public schools rose from 77 to 79 and the attendance from 5,129 to 5,195, *i. e.*, by 66 pupils. The corresponding increase in the previous year was 144 pupils. The number of private unaided schools was 31 against 35 and the attendance 583 against 586 in 1894–95.

262. The receipts from fees in public schools rose from Rs. 11,176 to Rs. 11,354 *i. e.*, by Rs. 178. The fees in government schools were Rs. 9,808 against Rs. 9,398 in 1894—95. Those in municipal and aided schools were Rs. 378 and Rs. 1,168 against Rs. 310 and 1,468 in 1894—95 respectively.

263. The Lower Secondary and Primary examinations continue to be popular. The number of candidates that registered their names and appeared for these examinations was about the same as last year, *viz.*, 69 to 71 for the Lower Secondary and 452 to 465 for the Primary.

264. Of the 5,195 pupils in public schools, 4,363 were boys and 832 girls: and classified according to race or creed there were:—

3,125 Coorgs.	177 Mahomedans.
168 Brahmans.	142 Native Christians.
1,406 Other Hindus.	11 Europeans.
130 Parayas.	36 Others, such as Jains, Parsis, &c.

265. The educational income during the year was derived from the following sources:—

	Rs.		Rs.
Provincial funds ..	20,313	Fees ..	11,354
Plough tax ..	5,834	Other sources ..	3,401
Municipal funds ..	2,015		
		Total Rs. ..	42,917

266. The total expenditure on education amounted to Rs. 42,917 against Rs. 44,643 the year before.

267. Nine hundred and thirty six pupils were vaccinated against 831 the year before. The number of unprotected pupils at the close of the year was 208 against 289 in March 1895.

268. Two school houses, *viz.*, those at Kirgundoor and Cheyandane were accidentally burnt down. Schools were built or enlarged at the following places. *Ammatti*; a very good house roofed with flat tiles, built by Kuttandra Kebayah. *Kakot-paramboo*; house considerably enlarged by Rai Bahadur *Cheppudira Thimmiah*; *Kodlipet*; a thatched house built by the parayas of the village.

269. The Inspector and the Deputy Inspector of schools are reported to have travelled 220 and 1,674 miles against 430 and 1,773 miles and paid 35 and 201 visits to schools against 57 and 214 respectively the year before.

270. There is no college in Coorg. The only institution that worked up to the Matriculation examination was the Mercara High school, from which 14 boys were sent up for the Matriculation examination, and 7 passed. This result was above the average for the Madras Presidency. In the Lower Secondary examination 16 passed out of 20, and 26 out of 39 were successful at the Primary examination. In the Boarding houses attached to the high school there were 85 pupils at the close of the year against 74 on the corresponding date of the year previous.

271. The English school at Virajendrapet is the largest institution in the province. The attendance rose from 350 to 356 and the fees from Rs. 3,506 to 3,706. The attendance would have risen considerably higher, but for want of sufficient accommodation. For the Lower Secondary examination 18 were sent up and of them 16 passed.

272. In the Normal school there were thirteen students on the rolls at the beginning of the year. Of these one was dismissed for continual absence and one died and a third was sent out as an assistant master during the year; three admissions were made. Thus the number on the rolls remained the same, 13, at the close of the year. Three students went up for the Lower Secondary examination and passed.

ECCLESIASTICAL.

277. *Church of England.*—The Government Chaplain visits Mercara and Pollibetta monthly from Mysore during the cold weather: during the hot weather he resides in Mercara.

278. The number of members of the Church of England is 210. Of these 200 are Europeans and East Indians and the rest are Natives.

279. The expenditure by government amounted to Rs. 707—10—8.

280. *Roman Catholic Church.*—The number of members of the Roman Catholic Mission which has churches at Mercara, Virajendrapet, Fraserpet, Ammatti and Suntikopa with two priests is 1,674 Natives and 92 others against 1,665 Natives and 94 others in 1894—95. The church at Virajendrapet receives from government an allowance of Rs. 240 per annum.

281. *Basel Evangelical Mission.*—The Basel Evangelical Missionary Society has churches at Mercara and Anandapur. The number of members is returned at 287 Natives and 13 others against 256 Natives and 13 others last year. This increase is due to immigration and not to conversions.

STATIONERY.

282. All articles of stationery are received from the Superintendent of Stationery, Madras, on indents forwarded through the Chief Commissioner's office.

GENERAL MISCELLANEOUS.

283. *Muzarayi.*—The fixed annual grant made by the government to Hindu Muzarayi institutions such as temples is Rs. 13,750—14—2 in cash payments Rs. 986—5—0 in deductions made from land and Rs. 9,526—2—8 in land endowment; in all Rs. 24,263—5—10.

284. *(a) Coorg Temple Funds.*—Of the annual allowance, Rs. 13,560-8-0 are allotted to the Coorg Temple Funds managed by a President and a Committee consisting of 14 members under the Coorg Temple Funds Management Regulation No. IV of 1892.

285. The Committee held 7 meetings during the year at which on the average 5·4 were present. One member resigned and 6 retired, but new members in place of 3 whose term expired on the 15th January 1896 were not elected till after the close of the year.

Note by Lieut.-Colonel Donald Robertson, C. S. I., Chief Commissioner of Coorg.

The Report on the administration of Coorg for the year 1897—98, prepared by the Commissioner, has been submitted to the Government of India. Previous to 1894—95, this Report was printed in the Head-Quarter Office, and passed on to Government without any comments, but in that year it was, for the first time, accompanied by a brief forwarding Note from the Chief Commissioner. This arrangement affords this Officer an opportunity of adding his remarks upon any matters of current interest and may, if the Government of India see no objection, be followed in future.

2. I was enabled to make a tour through the greater part of Coorg in January 1898 and had frequent opportunities of discussing with the leading Coorgs and Planters various matters of local importance. The appearance of combined agitation against the settlement operations, previously reported upon, had practically disappeared, and though individual grievances were duly aired, the general discontent, which was so prominently expressed at some of my earlier visits, was no longer noticeable; this is the more satisfactory seeing that, owing to various causes which have been on more than one occasion alluded to, there could have been no improvement in the prosperity of the people as a whole.

3. The year was an eventful one in that the coffee crop, upon which the prosperity of Coorg mainly depends, was, following the previous year's inferior outturn, a poor one, whilst the money market was remarkably tight, so much so in fact that it was difficult to obtain money on any terms. Further, the season was so unhealthy that all departments were seriously affected; a malignant form of fever prevailed, which seemed to be almost epidemic, and caused much havoc amongst people, whose surroundings are ordinarily damp and malarious.

The tale of deaths amongst the better class of officials was, moreover, unprecedented, and as a consequence public business suffered appreciably and was indeed only kept going with great difficulty.

4. The administration of Coorg in two important departments must, I am afraid, be described as being in a very backward condition. The Revenue management is only just emerging from darkness and chaos, the subordinate officials are distinctly inferior to those on whom District Officers necessarily depend for assistance in Revenue work in other parts of India, and the field for selection is at present unfortunately limited. The Police Force is underpaid, and is in consequence unable to attract suitable recruits; it has besides insufficient European control—the arrangement, under which the District Magistrate combines executive police duties with his Magisterial work, is both theoretically unsound, and practically disadvantageous. A high standard of work cannot, under these circumstances, be expected. The conclusion I draw from a close study of the Administration of Coorg is that the maintenance of anything approaching the thoroughness and efficiency to be found in other Provinces in the Revenue and Police Departments, is impracticable of attainment so long as the existing defects are allowed to continue. I hope shortly to be able to submit a scheme of partial reorganization, for the consideration of the Government of India.

5. The manner in which the Land Revenue is collected attracted my attention some months back, and the orders recently issued to the Commissioner will, it is hoped, result in the adoption of a sounder and more economical method. The Revenue has, for some years, been realized by proceedings so regulated as to throw an unduly heavy burden on the people, without adequate reference to the principles which the Government of India have laid down for regulating the collection of the demand at the time when the cultivator is in the best position to meet it.

6. Plague has fortunately not as yet made its appearance in Coorg, though, with the disease so prevalent in the Mysore State, the position is by no means free from anxiety. The critical time for Coorg is expected to arrive when the annual influx of coolies for the coffee estates takes place in July and August; plague then may be imported, though in such a sparsely populated country, and with practically no large centres of population, it may be hoped that the mortality will not be great. Coorg is, however, mainly dependent upon the countries around for supplies, and any untoward circumstances calculated to dislocate the import arrangements, or to check the free access of labour from outside, would have serious results for the general public, and specially for the Planting industry. Meanwhile the frontiers are being watched and Regulations under the Epidemic Diseases Act are in course of issue.

7. The passing into law of the Land Revenue Code, which has now reached a final stage, will be advantageous in many respects, and should render the Revenue administration more systematic.

8. The starting of the Land-Record Department was beset with much difficulty, the main obstacle being the imperfect agency by which it had to be worked. The village *shanbogs* are with few exceptions distinctly inferior to the ordinary *patwari* in the North. During my tour I found that under Mr. Haller's energetic guidance, which I desire prominently to acknowledge, a fair commencement had been made, but that the work was indifferently supervised by Subedars (Tahsildars) some of whom had not even taken the trouble to read and master the very simple instructions prepared for their guidance. Until the subordinate Revenue officials take an intelligent interest in this important work, it will, I am afraid, be performed in a perfunctory manner. I hope, at my next visit to Coorg, to witness a great improvement in this branch of Revenue business.

9. The Commissioner's remarks in paragraphs 295, 296 and 297 of the Report, instancing the entire absence of public spirit in such a momentous question as the management of temples, are noteworthy and will, I hope, be taken to heart by some of the leading Coorgs.

10. Mr. Meiklejohn, the Commissioner, in the face of tremendous difficulties, and receiving very imperfect assistance from the Subedars, has maintained a fair hold upon the administration. His energy and activity are most praiseworthy, his reputation as a Judicial Officer stands high, and his knowledge of the people and their language are especially valuable. In Mr. Couchman he has a talented and very capable Assistant.

11. The other departments of the administration have come under detailed notice in their separate reports. The unfavourable season has naturally reacted upon the Abkari Revenue which shows a large deficit.

12. In Major Bain, Coorg has a good Civil Surgeon whose management of the Jail has consistently earned for him well merited praise.

Captain Rivett Carnac, R. E., lost no time in adapting himself to the somewhat strange surroundings in Coorg and has managed his semi-independent Public Works charge in an able and satisfactory manner. The personal element and tact in dealing with Planters and others largely enter into the successful conduct of the Engineering appointment in Coorg.

I have already noticed in the Forest Report the loss which the administration sustains in the transfer of Mr. Pigot's services to Mysore, and the good work inaugurated by that officer in Coorg.

DONALD ROBERTSON,

Chief Commissioner.

Camp Mysore,

Dated January 20th, 1899.

REPORT

ON THE

ADMINISTRATION OF COORG

FOR THE YEAR 1897—98.

PART I.

GENERAL SUMMARY.

The population of the province according to the census of 1891 is 1,73,055.

2. The following statement shows the receipts, expenditure and surplus for the past ten years :—

Year.	Gross receipts as per statement No. I Finance.	Expenditure excluding public works.	Expenditure on public works.	Total expenditure as per statements I and II Finance.	Net surplus revenue.	Imperial grant for the P. W. D. Coorg.
1888—89...	8,52,000	4,13,500	1,09,100	5,22,600	3,29,400	1,01,700
1889—90...	7,88,900	4,00,600	1,12,000	5,12,600	2,76,300	1,18,500
1890—91...	8,16,000	4,13,900	1,35,800	5,67,700	2,48,300	1,22,100
1891—92...	9,21,900	4,75,900	1,62,200	6,38,100	2,83,800	1,67,100
1892—93...	9,46,000	4,44,700	1,76,800	6,21,500	3,24,500	1,78,800
1893—94...	9,40,700	4,42,700	2,05,600	6,48,300	2,92,400	1,90,000
1894—95...	9,62,900	4,40,300	1,69,100	6,09,400	3,53,500	1,57,700
1895—96...	9,65,300	4,41,500	1,97,000	6,38,500	3,26,800	2,06,000
1896—97...	8,62,300	4,03,900	2,11,800	6,15,700	2,46,600	2,28,300
1897—98...	8,38,800	4,13,000	1,60,100	5,73,100	2,65,700	1,64,000

3. The revenue collected is the lowest since 1890-91, being 23,500 less than last year. The falling off is entirely under the head Excise, *viz.*, Rs. 50,637. Owing, however, to reduced expenditure on Public Works the net surplus revenue Rs. 2,65,700, is higher than in last year when it was Rs. 2,46,600.

4. The decrease in the Excise is due to the contractors, who lost heavily by the falling off in the sale of arrack, not being able to pay the full instalments due by them within the year. The decrease in the demand for liquor was owing to people having no money to buy it with and also owing to the planters who were hard hit by two successive bad crops, having to reduce the number of the coolies; so there were fewer consumers.

5. There was an increase however, under revenue collections of Rs. 38,267 and this although Rs. 20,020 was remitted on account of Dhuli tax. This increase was chiefly due to the settlement. It is not so high as anticipated, as the comparative failure of the coffee crop for two successive seasons, the failure of several local merchants, and a general stoppage of credit which ensued, money not being obtainable at any interest, made collection most difficult.

6. The year was an extraordinarily unhealthy one. All classes suffered from fever and the death rate increased from 28·93 per mille to 50·38. The administration lost the Head Sheristedar, the highest Native Officer but one in the province, the Judicial Sheristedar, the Treasurer and two out of five Subedars,

while all the offices were crippled by the officials being absent sick. As the Inspector of schools reports 'sickness half emptied the schools.' Agricultural operations even were in some villages hindered by all the villagers being down with fever. Extraneous medical aid was applied for, but owing to the demand for medical subordinates on account of plague and famine elsewhere, none could be obtained.

7. It is worthy of remark as showing what can be done by sanitation and treatment supervised with the watchful care Surgeon-Major Bain takes of prisoners in the jail under his charge, that not a single death from fever and few cases of the disease itself occurred in the jail, while scarcely any one outside escaped an attack of more or less severity.

8. In Coorg there was no famine and no plague; yet the year 1897—98 will always be remembered as an unprecedented year of sickness and a gloomy year of difficulty and depression in every trade and profession.

9. Great attention was paid to the introduction of the new forms of revenue accounts. The Chief Commissioner himself in his tour showed his interest in the matter by inspecting and checking several of the new forms in the villages themselves, thus giving a great impetus to their thorough and careful up-keep.

10. The sale of quinine powders increased from 14,901 to 51,768.

11. In spite of the reduction in the grant for the Department of Public Works, Captain Rivett-Carnac by careful supervision maintained the imperial communications in admirable order throughout the year.

12. The Land-Record Department under the energetic direction of Mr. Haller has continued to show satisfactory progress in the year under report.

13. The opening of a tea plantation by a syndicate on the Sampaji Ghat, a district where coffee has completely died out, will, if successful, and it promises well, form the commencement of a fresh era of prosperity in Coorg.

14. Mr. Holland of the Geological Survey of India has discovered in South Coorg mica of good quality and in, what he considers likely to be, paying quantities, but as yet no company has been formed to prospect or work the mineral.

ADMINISTRATION OF THE LAND.

SURVEYS.

5. The revenue survey has been long closed but the Land-Record Department has been throughout the year busily engaged in working out the details left by the survey to be completed under paragraph 15 of the resolution of the 20th January 1890 and in revising the survey of certain villages with the work of which, on personal inspection, the Commissioner found reason to be dissatisfied.

6. In all 41 villages having an area of 148·27 square miles were thoroughly revised. This was done without the aid of any extra establishment whatsoever.

7. *Settlement.* As was to be expected the first year after the introduction of the summary settlement, a great number of petitions were received by the *jamabandi* officers while in camp this year. These were carefully inquired into and some errors found, which were corrected, but the total result of the settlement practically remains the same as reported last year.

8. *Land-Records.* The new forms of accounts framed by Sir W. Mackworth Young and sanctioned by the Government of India were introduced during the year. There was a good deal of trouble experienced in getting the *Shanbogues*, especially the men of the old school, to do the inspection required for the obtaining of the information necessary to keep up the accounts accurately. The Chief Commissioner himself took a keen interest in the improvement of the Land-Records and personally inspected many of the registers in the villages examining them in the field with the men themselves.

By the end of the official year the new registers were ready for every village in the province, and as the Land-Record staff improves, little difficulty will be felt in keeping these returns up so as to form a satisfactory basis for future settlement, though some minor alterations may have to be made in the forms to make them even more useful than now.

9. *Village Maps.* The republication of village maps proceeded but slowly, only 13 being republished during the year.

10. *Improvements in the Land-Record Staff.* Some of the old officials who were found perfectly incapable of working up to the standard now required, were retired or resigned. A few still remain, but of the 89 men now in the department, 65 are reported to be well qualified in surveying. In accordance with the Chief Commissioner's orders two examinations were held during the year, one in November and one in March, in Surveying and Revenue procedure. Of the officials who presented themselves for these examinations about two-thirds passed.

11. *Crop Experiments.* Forty-nine crop experiments were taken during the year.

12. *Land Disputes.* One hundred and nineteen land disputes were settled by the Assistant Superintendent, Land-Records against ninety three in the previous year.

13. *Waste Lands.* Onely thirty-five acres of land were sold under the Waste Land Rules in 1897—98 for Rs. 815 as against 254 acres for Rs. 8,764 in the previous year. The cause of the falling off was the severe check given to the extension of coffee planting by the bad coffee crops of the last two seasons.

14. The value of lands sold for building purposes amounted to Rs. 8, only three sites being sold against nine in the previous year.

15. *Land-Revenue.* The land revenue demand under all heads amounted to Rs. 4,55,598—10—4, an increase of Rs. 273—10—6 over the demand for last year as shown in the following table :—

16. The demand includes Rs. 10,038, Rs. 9,035—11—0 on account of *Gowdumbli* allowances and Rs. 1,002—5—0 on account of grants to village temples. These sums though included in the demand aud collected by the revenue officials are paid directly to the parties and do not therefore appear in the Treasury collection accounts.

17. Of the demand for 1896-97 under *Dhuli* tax, *Plough* tax and *Mohatarfa* paid by land holders, the collection of which was kept in abeyance in view to their ultimate remission as stated in paragraph 21 of the last year's report, the *Dhuli* and *Mohatarfa* were remitted under orders contained in letter No. 2349—265-2, dated 6th October 1897 from the Government of India, but the *Plough* tax was ordered to be collected and this was done.

18. The only differences calling for explanation are :—

I. Of the Increases :—

(a) The increase under '*Sagu*' due to the imposition of *sagu* rates on *Jamma*, *Umbli* and *Jodi* lands resumed and in part to fresh land being brought under cultivation.

(b) The increase under '*Dhuli*' due partly to the sub-division of *sagu* holdings and consequent increase in the number of *wargdars*, and partly to the holders of fresh lands being taxed.

(c) The increase under 'Plough tax' is due to increase in the demand under *sagu* and *hosagame* lands taken up during the year.

19. II. Of the decreases : —

(a) The decrease under *Jamma* is due to the resumption of same lands held on that tenure and the conversion of others to the *sagu* tenure.

(b) The decrease under coffee is due to resignations, resumptions of abandoned gardens sold for Government dues and reduction of the assessment on the unculturable portions of estates to a grazing rate.

GOVERNMENT ESTATES.

20. *Nil.*

WARDS ESTATES.

21. There were 7 wards on the register of the Court of the Commissioner and District Judge at the close of the year 1896—97. Of these, one died but two minors were made wards of the Commissioner during the year under report. The number at the end of the year stood at 8.

26. The number of cases in which property was alleged to have been stolen was 256 as against 127 in 1896. The number of cases in which stolen property was recovered shows an increase, the number being 116 in 1897 and 91 in 1896.

27. The value of property said to have been lost is stated as Rs. 12,253 as against Rs. 12,987, of which property valued at Rs. 3,251 only was recovered.

Serious Crime.

28. *Murder.* During the year under report 6 cases were reported. In 5 cases the accused (five in number) were convicted. In the remaining one case, a C. sheet was submitted by the police, as the accused was missing and as there was no *corpus delicti.* Of these, two cases were pending trial in 1897 and disposed of in 1898.

29. *Attempts at murder.* Two cases were reported during the year. Both these cases were referred by the police as false. In another case which was shown as pending in 1896 and disposed of during the year under report; one of the two accused committed suicide and the other was discharged.

30. *Culpable Homicide.* Three cases involving 6 persons were reported during the year 1893. The accused persons were convicted in two of the cases under Section 323, Indian Penal Code, and in the other under Sections 342, 325, Indian Penal Code.

31. *Dacoity* Two cases were reported during the year. One was referred by the police as false, and the other was pending at the close of the year.

32. *Robbery.* Ten cases were reported during the year. The accused were discharged in one case, a C. sheet was submitted by the police in another, 7 cases were referred by the police as false, and one case was pending disposal at the end of the year.

33. *Non-cognizable cases.* Ten cases were referred by the Magistrates to the police for enquiry as against 64 in the previous year. Processes were issued against 17 persons in these 10 cases. Of these, 6 persons were acquitted, 9 convicted and 2 remained under trial at the close of the year.

34. The following table shows the cost of the police force during the past two years:—

	1896.	1897.

40. The total number of persons brought to trial under Act XIII of 1859 was 802 as against 839 in the previous year. Out of these, 710 persons were acquitted or discharged, and 72 persons were ordered to perform work or to repay advances. The number of persons sentenced to imprisonment was 20 as against 32 in 1896.

41. The amount of work performed by the several classes of Magistrates in Coorg during the past two years is shown below:—

42. The average duration of criminal trials in the courts of all the Magistrates and the Sessions Judge was 15·02 as against 14·11 in the previous year.

43. The total number of witnesses examined by the several courts was 3,954 as against 5,284 in the previous year.

44. The amount of batta paid to witnesses was Rs. 190—4—0 as against Rs. 42—4—0 in the previous year.

45. The amount of fines imposed during the year under report fell from Rs. 9,332—10—0 to Rs. 5,767—8—0 in 1897. The amount of fines realized during the year fell from Rs. 7,828—4—2 to Rs. 3,928—5—4 in 1897.

46. The number of appeals filed during the year under report was 64 involving 88 persons. Of these, 56 appeals were presented in the District Magistrate's Court and 8 in the Sessions Court as against 62 and 18 respectively in the previous year.

47. The following statement shows the work performed by the Appellate Courts in Coorg during 1897:—

	Number of persons whose appeals were pending from previous year.	Number of persons whose appeals were received during the year.	Total.	Number of persons whose appeals were rejected. 48. Out of these, 6 appeals involving 10 persons were rejected. The number of appeals in which sentences were confirmed was 22 involving 30 persons, as against 49 cases of 90 persons in the previous year. The sentence was reduced or altered in 17 cases of 22 persons, as against 9 cases involving 11 persons in 1896. The number of cases in which sentence was reversed, was 19 cases of 31 persons, as against 17 cases of 37 persons. New trial or further enquiry was ordered in 1 case involving 1 person. One case of 1 person was pending disposal at the close of the year.

49. The average duration of appeals rose from 18 days to 27·1.

50. During the year under report two European British subjects were brought to trial, as against 3 in the previous year. Both of them were acquitted.

51. The total receipts of the courts amounted to Rs. 65,424—6—6, as against Rs. 76,873—12—8 in the previous year.

PRISONS.

52. The total number of persons admitted into the Mercara jail and lock-ups during the year was 551, as against 559 in 1896.

	Jail.	Lock-ups.
Convicts	101	31
Under-trial prisoners	217	185
Civil debtors	17	..
Total...	335	216

53. The daily average in the Mercara jail was 79·32 and in lock-ups 6·76 as against 95·94 and 5·12 respectively in 1896.

54. Punishments inflicted for offences against jail rules were 125 as compared with 122 in 1896.

Penal diet	15
Solitary confinement	1
Do with penal diet	3
Corporal punishment	26
Other punishment viz. warnings, forfeiture of marks, reduction in classes and fetters and handcuffing	80
Total...	125

55. The number of deaths was the same as last year *viz.* 2.

56. The average cost of guarding and maintaining each prisoner in the Mercara jail amounted to Rs. 108—9—0 against Rs. 93—3—7. The increase is due (1) to the jail population being less than in the previous year, (2) to high prices for all food which prevailed throughout the year and (3) to the Hospital Assistant's salary having been transferred from '24 Medical Service' and debited to the jail.

57. The cash earnings of the prisoners in the Mercara jail amounted to Rs. 11865—4—8 as compared with Rs. 14,779—12—0 in 1896, whilst the expenditure on raw materials was Rs. 4,530—11—4 as compared with Rs. 5,216—13—1 in the year previous. There was thus a profit of Rs. 7334—9—4 against Rs. 9,562—14—11 in the year 1896.

58. The general health was very good, the total admissions into hospital being only 40 against 100. The average daily sick was only 0·89 as compared with 2·95 in 1896.

59. The prevailing diseases were ague (10), dysentery (4) and diarrhœa (7).

CIVIL JUSTICE.

60. *Original suits.*—The total number of suits instituted during the year was 3,038 against 3,634 in the previous year. They were filed in the following classes of courts.

Parpattigars' Courts	425
Subedars' Court	1,131

63. The average duration of suits disposed of was 74 in contested and 35 in uncontested suits, as compared with 65 and 33 days in the previous year.

64. There were 1,311 miscellaneous applications filed, of which 1,241 were disposed of.

65. *Execution cases.* The number of execution applications was 5,033 against 5,299 in the previous year, of which 4,138 were disposed of leaving 895 pending at the end of the year. Of those disposed of .551 were satisfied in full, 726 in part and 2861 were wholly infructuous.

66. The amount realized in execution of decrees was Rs. 70,394—15—3 against Rs. 1,62,607—2—0 in 1896.

67. *Appeals.* There were 76 appeals for disposal including 12 pending from last year. Of these 71 were disposed of as follows :—

1st Assistant Commissioner's Court ...	41
District Judge's Court	30

leaving 2 cases pending in the 1st Assistant Commissioner's Court and 3 in the District Judge's Court at the close of the year.

68. The appeals were disposed of as follows :—

69. The average duration of appeals in the District Judge's Court was 41 days against 27 in 1896. The duration in the 1st Assistant Commissioner's Court was 48 days as against 50 days in 1896.

70. Twenty miscellaneous appeals were filed. Of these 19 were disposed of and one was pending at the close of the year, as contrasted with 16 cases disposed of in the previous year.

REGISTRATION.

71. The particulars of documents registered and the amount of fees realized on them are given below :—

		1896—97.		1897—98.	
		No.	Fees.	No.	Fees.
1.	Sale of immoveable property ...	591	2,558 8 0	416	1,232 12 0

	Total.....	1,960	7,058 0 0	1,592	5,440 0 0

72. The value of property involved was as follows :—

	1896—97.	1897—88	Increase.	Decrease.
Moveable ...	2,49,831 6 0	2,25,403 11 0	... ...	24,427 11 0
Immoveable ...	13,94,238 15 10	8,60,692 6 4	... ...	5,33,546 9 6

73. There is a decrease of rupees 24,427—11—0 and of Rs. 5,33,546-9-6 in the value of moveable and immoveable properties respectively when compared with the figures of last year. In 1896—97 one single document was of the value of Rs. 4,00,000, but during the year under report the highest value of any one document registered was only Rs. 57,979—12—4. Hence the decrease in value under immoveable property. The decrease under moveables is owing to a bad coffee crop and general depressed state of all business last year.

74. The average time taken to complete the registration of documents was 1 day and 13 hours, as contrasted with 1 day and 6 hours in 1896—97.

75. Registration was refused in 10 cases.

76. Appeals were preferred to the Registrar in 5 cases against 4 cases in the previous year. The appellants succeeded in 2 cases.

77. The receipts for the year amounted to Rs. 5,440 and the expenditure to Rs. 3,185—6—6 leaving a surplus of Rs. 2,254—9—6, the lowest obtained since 1886—87.

78. The causes of the decrease were the depressed state of trade owing to a bad coffee crop and the dearth of money.

MUNICIPAL.

79. *Mercara Municipality.*—The total demand for the year 1897—98, including Rs. 4,310 outstanding at the close of the previous year, was Rs. 19,586 of which Rs. 15,400 were collected, leaving a balance of Rs. 4,186 at the close of the year, most of which has since been collected.

80. The total income was Rs. 15,400 against Rs. 17,079. The total expenditure during the year amounted to Rs. 15,053, against Rs. 16,689 leaving a cash balance of Rs. 2,934.

81. *Sanitation.*—Want of funds prevented the continuation of the V shaped drains in the main streets, which are much required, and for the same reason no fresh sanitary measures could be undertaken.

82. The condition of the new water supply tank caused some anxiety, as signs of what seemed to be leakage through the bund of the reservoir showed themselves. The Chief Commissioner kindly obtained the services of Mr. McHutchin, Superintending Engineer, from the Mysore Irrigation Department, to examine the bund, and he submitted a satisfactory report to the effect that he considered no danger need be apprehended.

83. *Virajendrapet Municipality.* The income of the municipalty was Rs. 10,588 against Rs. 10,664 in the previous year, and the expenditure amounted to Rs. 8,248 against Rs. 9,192 in 1896-97, leaving a cash balance of Rs. 6,568.

84. Like other municipal towns, Virajendrapet suffered from the epidemic of fever, which prevailed in the year under report, but there was no cholera or small-pox.

Minor Municipalities.

85. The following statement shows the financial state of these municipalities:—

Name of Municipalities.	Receipts. Rs.	Expenditure. Rs.	Cash balance. Rs.
Fraserpet	992	1,080	1,786
Somvarpet	1,464	1,559	975
Kodlipet	1,103	1,275	793

86. *Fraserpet.* An expenditure of Rs. 350 was incurred in repairing and metalling the roads. The conservancy establishment, lighting, education, &c., was maintained at a cost of Rs. 730.

87. *Somvarpet.* Rupees 150 was spent in laying V shaped drains along the school road. Steps to the washing tank were constructed at a cost of Rs. 261, and a grant of Rs. 73 was given for the improvement of the Brahmins' Tank.

88. *Kodlipet.* Rupees 370 was spent in metalling the Akkipet road. Parapet walls round the new drawing wells were erected at a cost of Rs. 65; and the usual conservancy establishment was maintained at a cost of Rs. 840.

MILITARY.

89. *Coorg and Mysore Rifles.* The strength of the corps was 272, as compared with 265 in the previous year.

90. A camp of exercise was held at Mercara from 19th to 29th March 1898.

91. The distribution of the corps was as follows:—

Head Quarters.—Mercara.

Major John Logan, Commandant.
Lieutenant H. M. Martin, Adjutant.

IV. PRODUCTION AND DISTRIBUTION.

AGRICULTURE.

93. *Wet Lands.* The area under rice cultivation was 94,843 acres as compared with 94,747 acres in 1896—97.

94. *Dry Lands.* The area under dry and garden assessment was 23,854 against 23,391 acres in the previous year.

95. *Coffee.* The total area of coffee land was 1,08,611 acres against 1,09,385 in the previous year.

96. This area includes a great extent of land which, though originally under coffee, is now allowed to remain waste by its owners as not suited for coffee. It also contains a considerable extent of cardamom lands.

97. The area of assessed coffee lands held by European and Native owners respectively is as follows :—

	No.	Acres.
European Estates	356	31,752
Native „	15,223	76,859
Total....	15,579	1,08,611

98. *Labour.* The labour market was well supplied during the year under report, but the demand was not so great as usual, bad crops compelling the planters to reduce all expenditure to a minimum.

99. *Live-Stock.* The mortality amongst cattle was 6,522 against 12,193 in 1896—97. The decrease is partly explained by there having been no *dodda roga* during the year, while the supply of grass and water was good.

WEATHER AND CROPS.

100. The rainfall registered during the year 1897—98 was :—

	Inches.	Cents.
At Mercara	133	91
„ Somvarpett	90	94
„ Anandapur (South Coorg) ...	102	91
„ Fraserpet	46	68
On the Western Ghats, Dunkeld Estate	258	33

101. The rainfall gauged at Mercara was 12·74 inches above the average, the average for the past 5 years being 121·17 inches. There was rain in ten months during the year; January and February were the months in which there was no rain. The heaviest fall on any one day in Mercara was 5·18 inches on the 10th July 1897.

102. The rain which usually falls in March (locally called the blossom showers) did not fall till the latter part of April, and poor coffee crop was the result. The rice harvest was a fair one.

103. *Coffee.*—The coffee crop during the year was about 2,500 tons against *2,030 tons in 1896—97. A poor crop and for native coffee a very low market told severely on this industry, and not a few of the smaller planters were ruined, while others unable to obtain funds with which to work their estates were obliged to neglect their cultivation; and gardens once neglected even for one year are most difficult to get again into good order.

104. *Tea.*—During the year Mr. Parsons for a London Syndicate obtained 2,000 acres, chiefly of abandoned coffee land in the Sampaji Ghat, for tea cultivation. Seed was obtained and large nurseries formed, in which the young plants are doing remarkably well, and under the able Superintendence of Mr. Parsons great hopes are entertained that the new industry will be successfully established in Coorg. The experiment is being keenly watched by the planters and, if successful, the example will be immediately followed and the beneficial results both to Government and the people likely to ensue will be great.

HORTICULTURE.

105. There are no Government gardens in Coorg.

*Not 1593 tons as shown in paragraph 121 of the printed report for 1896—97. (Vide p. 52 of the Appendix under III, I, Trade, 2 Exports).

FORESTS.

Extension and constition of State Forests.

106. *Alteration of area.* The following statement shows the areas of the Reserved and Protected Forests as they stood at the commencement and close of the year:—

		5,68,139	..	608	5,67,531

107. *Forest Settlement.* No work was done during the year under this head.

108. *Demarcation.* During the year 16 miles of boundary lines in South Coorg and 3 miles in Jainkal Range were cleared of tree-growth and widened, in some cases to 70 feet and in others to 40 feet, at a total cost of Rs. 466–5—0, or Rs. 24—8—8 per mile.

109. Seven miles of the boundary line between Coorg and Malabar, from the Kerti river near Kutumpole to the Udambi river in the Arkomali forest, were demarcated by a cut line 15 to 20 feet wide, at a cost of Rs. 89—8—0, or Rs. 12—12—6 per mile.

110. One thousand and sixty boundary pillars were newly erected during the year and 970 repaired at a total cost of Rs. 1,222—0—0. The total expenditure under this head was Rs. 1,777—13—0 against Rs. 911—8—8 in last year.

111. *Surveys.* No topographical survey work was done during the year, but a traverse was made of certain forest boundaries.

112. *Working Plans.* The Working Plans for the Arkeri and Devamachi reserved forests, which were submitted to the Inspector General of Forests were returned for alteration. They have since been revised and are ready for resubmission.

113. Working Plans for the South Dubari and the Gadinad-Yedavanad forests, including Malambi, are under consideration, as is also the plan for the exploitation of sandalwood.

114. *Roads and bridges.* About 6 miles of new roads were widened and straightened in South Coorg, and the existing roads, both in North and South Coorg, were repaired.

The total cost under this head was Rs. 3214—4—11 against Rs. 2,453-6-4 in 1896-97.

115. *Buildings.* A Forester's and 3 guards' huts in South Coorg and two guards' huts in North Coorg were erected during the year, and existing buildings were repaired.

The total cost under this head was Rs. 2,235-9-10 against Rs. 4,720-6-6 in last year.

116. *Forest Offences.* The number of offences reported was 61 against 58 in the previous year—of these 18 cases were prosecuted in Court. Convictions were obtained in 9 cases; in 3 cases the accused were acquitted, and 6 cases were pending at the close of the year. One case shown as pending in the last year's report is still pending as the accused cannot be found.

117. Forty-three cases were compounded.

118. *Fire Protection.* The year was an unfavourable one as regards the protection of the forests from fire. Dry east winds were prevalent during the winter and spring, and this, combined with the fact that no rain fell until the middle of April 1898, reduced the forests to a condition of extreme dryness during the dangerous season. Strong winds occurred daily at the commencement of March and it was at that time that the worst fires took place. The area actually protected was 1,10,580 acres against 1,30,686 acres in the previous year.

119. The number of fires was 32 against 10 in last year.

120. The fires may be roughly classified as follows, but the figures are subject to correction,

Cause.	No.	Acres.
Incendiary	19	17,010
Accidental	3	1,237
Unknown or Incendiary ..	25	17,862
Carelessness by forest staff ..	3	1,238
Total....	50	37,347

121. The total cost under this head was Rs. 10,851—15—5 as compared with 6,604—5—0 in 1896—97. The increase is largely due to the cost of fire-conservancy in 1896—97 having been wrongly included in the accounts for 1897—98.

122. *Grazing.* The number of cattle grazed during the year was 5,390 against 7,955 in the previous year. The decrease was due to nominally enhanced rates, as grazing was permitted during the whole instead of as heretofore during six months of the year.

123. Besides the above, cattle permitted free grazing as of right, and 481 Madras public cattle and 783 head of Amrat Mahal cattle were admitted to certain forests.

124. The total revenue derived under this head, including the sale of grass, &c., was Rs. 2,196—10—9 against Rs. 2,344—6—6 in the previous year.

125. *Artificial Re-production.* During the year only 25 acres were added to the area under regular sandal plantation, having 15 acres in the Gangwara and 10 acres in the Hurlikal plantations.

126. In the Jainkal reserve, 40 acres planted with sandal in 1896—97 were replanted in 1897—98. And in the Cauvery and Jainkal Ranges sandal diblings were made over 200 and 22 acres respectively. The results obtained were very unsatisfactory owing to the abnormally heavy rainfall.

127. At Kutumpole, 15 acres were replanted with teak, but all the plants died.

128. *Kumri.* The *Kumri* areas at Titimati, Karmad and Nalkeri were extended by 20, 15 and 80 acres respectively. Fifteen acres, 10 of sandal and 5 of teak in the Cauvery Range and 4 acres of sandal in the Jainkal Range were *Kumried.* The result on the whole is fair, but it is too soon as yet to judge of the permanent effect. The old *Kumri* areas of south Coorg were weeded at a cost of Rs. 298—2—8.

129. A sum of Rs. 188—12—3 was disbursed to Kurumbers for raising 15,103 teak, Honne and Biti plants in an area of 46 acres in South Coorg, and Rs. 13 for raising 1,037 plants in the Cauvery Range.

130. The total expenditure under this head, including cost of collection and conveyance of seed &c. was Rs. 3,363—4—11 against Rs. 3,785—1—5 in the previous year.

131. *Climber Cutting.* Climbers were cut over an area of 1,063 acres in South Coorg and over 900, acres in the Cauvery Range.

132. *Yield and Working.* The subjoined statement shows the yield of timber from the Reserved Forests for the year 1896—97 and 1897—98.

		1896—97.	1897—98.
Coupes ...	South Coorg	50,197	59,741
	North Coorg	27,090	10,140

133. The subjoined statement shows the quantity of timber removed from the Forests.

		1896—97.	1897—98.
Coupes ...	South Coorg	33,701	55,170 *
	North Coorg	12,682	9,944 *
Forest generally ...	South Coorg	46,523	53,818 †
	North Coorg	19,490	10,576 †

134. The greater portion of the timber removed from the South Coorg Sub-Division was for the Ordnance Department, Madras. 26,223 c. ft. of timber was sold from the Urti, Kerti and Arkomali Forests.

135. *Sandalwood.* Fifty-eight tons of sandalwood were collected during the year against 136¾ tons in last year.

136. The cost of collection per ton was Rs. 25—3—3 against Rs. 25-12-1 for last year.

137. Purchasers removed 1,12,025 c. ft. of timber from *paisaries* and other protected forests as compared with 1,60,240 c. ft. in the previous year.

138. *Bamboos.* 1,83,970 bamboos were removed from the forests as compared with 1,86,668 in 1896—97.

139. *Cardamoms.* The revenue realized under this head was Rs. 12,326—6—11 against Rs. 6,840—5—8 in 1896—97.

140. *Minor Produce.* The right to collect minor produce was auctioned and the amount realized by these sales was Rs. 607.

141. *Free Grants.* 270 trees, 64 poles and 9,200 bamboos were granted free of charge from the protected forests during the year as compared with 97 trees, 454 poles and 6,012 bamboos in 1896—97.

142. *Waste Lands.* The number of timber valuations was 79 as against 216 in the previous year. The value of the timber realized was Rs. 2,634—0—0 against Rs. 7,436—0—0 in 1896—97.

143. *Financial Results.*—The following statement gives the financial results of the year as compared with those of 1896—97.

	1896—97.	1897—98.
Receipts	93,016	1,30,910
Charges	71,640	87,066
	21,376	43,844

144. The receipts of the year showed an increase of Rs. 37,894; of this Rs. 16,263 was on account of enhanced sales to the Ordnance Department, Madras, and Rs. 24,068 for sandalwood. Under cardamoms, improved realizations and better prices accounted for an increase of Rs, 5,486. On the other hand, the receipts on account of timber disposed of on lands sold under the Waste Land Rules fell off by Rs. 4,802.

145. The expenditure of the year was Rs. 15,426 more than for the previous year. The enhanced charges were mainly due to the increased deliveries of timber to the Ordnance Department (Rs. 11,967); and to the inclusion in the accounts of the year of expenditure on fire conservancy (Rs. 4,248) which ought properly to have been accounted for in 1896—97.

MINES AND QUARRIES.

146. The estimated outturn of minerals during the year 1897, as given by the Executive Engineer is as follows :—

	Tons.
Clay used for manufacturing bricks and tiles	1,800
Granite used for metalling roads and building purposes ...	9,170
Laterite do	83

147. Mr. Holland, Deputy Superintendent of the Geological Survey of India with a party, made a rapid survey of the Province during the year. His report to the Director General has been received from which the following regarding the discovery of mica in Coorg is extracted :—

"The discovery of pegmatites amongst the Mercara group led to a careful search being instituted for mica, with the result that in five or six localities sheets, well beyond the marketable size, have been obtained. The largest were obtained on Elk Hill, where from immediately under the soil, sheets from warping and measuring some 30 inches across, were removed from the outcrop of the vein. All samples show a high degree of elasticity and good colour, but much of the material will have its value depreciated by ferruginous inclusions between the cleavage planes, whilst some of the mica is badly warped. As to how far these defects reduce the value is now being ascertained in the London market.[1] It is extremely unlikely that the best veins have been the first to be "struck" in an area so completely soil-covered but enough has been shown to prove that the mica-bearing pegmatites extend over a wide area, and will probably be a source of sensible profit if worked with discretion."

MANUFACTURES.

148. *The Pottery and carriage factory at Mercara.* This industry, for want of sufficient support, languished during the year, and it is believed that its proprietor has, since the close of the year, determined to close the works.

TRADE.

149. *Exports.*—The exports from Coorg comprise coffee, cardamoms, hides, plantains, oranges, timber, sandalwood and paddy.

150. *Imports.*—The chief imports are :—

	Rs.
Animals (buffaloes cows and sheep) value say	1,00,000
Piece goods	65,000
Grain	3,50,000
Liquors	40,000
Provisions	90,000
Salt	2,00,000
Sugar	1,50,000
Oils	1,50,000
Spices and condiments	25,000
Sundries including bone and other manures	50,000

The above figures are unreliable as no trustworthy data are obtainable on which to frame them.

PUBLIC WORKS.

151. The budget grant for Imperial Civil Works during 1897—98 was Rs. 1,64,000, as against a grant of Rs. 2,25,000 for 1896—97 and 2,07,400 for 1895—96. The outlay during the year was Rs. 1,60,481 or Rs. 3,519 less than the grant. This lapse is entirely due to the grant under establishment not having been fully worked out, and also to a decrease under Suspense Heads.

1. Since this report was written, an answer has been received from London, which shows that the defects mentioned do not materially lessen the marketable value of the mica, which will fetch very good prices at home.

Civil Buildings.

152. *Original Works.*—The total outlay under this head was Rs. 10,932 against a grant of Rs. 9,823 or Rs. 1,109 more than the grant. The excess is due to an expenditure of Rs. 852 on constructing cubicles in the Mercara jail for which no allotment was made. Of this sum Rs. 672 represents the value of materials at site and this has been written back to stock in the supplemental accounts for March 1898.

153. The work according to the estimate of Rs. 2,732 sanctioned in Secretary's No. 428, dated 7th July 1896 was completed, but the ward in which the cubicles were built was found to be unsuited to the type of cubicles put up. The latter were therefore dismantled and the work closed. There was also an excess of Rs. 1,305, on constructing the Taluk cutcherry at Somwarpet due to certain alterations being found necessary while the work was being executed. The building has been completed and handed over to the Civil Department.

154. In addition to the above there were two major works in progress during the year, both of which *viz :* "making alterations to enlarge the District Jail. Mercara" and "constructing a 4th class Nad cutcherry at Thavalageri Murnad" have been completed.

155. There were 22 minor works in progress of which 14 have been completed.

156. *Repairs.* Of the grant of Rs. 7,900, under this head Rs. 7,374 was spent. The lapse of Rs. 526 is due to the short outlay of Rs. 171 on annual repairs to police stations in No. 2 Sub-Division and small lapses on other works.

Communications.

157. *Orginal Works.* The outaly was Rs. 29,967 against the grant of Rs. 30,504. or Rs. 537 less than the grant, chiefly due to a lapse on constructing cooly shelters on ghat roads. This work consisted of providing 4 shelters for coolies coming into and leaving Coorg during the rainy season..

One shelter was purchased, two more were built and a fourth commenced. The funds for the work were supplied partly by Government and partly by contribution, and orders were received to the effect that the expenditure of Government funds was not to exceed the amount received from contribution. Difficulty was experienced in collecting the full amount of these contributions, some of which has, however, not even now been received. The work was therefore temporarily stopped. The question of funds is now under disposal, meanwhile the work is in hands and will be completed before the monsoon sets in.

158. The following works were completed during the year.

1. Special renewal of metal coats on the Mercara-Fraserpett road.
2. Metalling 3rd or Somwarpett Section of the Mercara-Kodlipett road.
3. Constructing a 2nd class road from Fraserpett to Somwarpett.
4. Constructing a wing wall to the Mutharmudi Bridge on Mercara-Periambadi road.
5. Metalling Mercara-Siddapore road.
6. Slabing culverts on Virajpett-Periapatam road.
7. Constructing a P. W. D. Inspection Bungalow at Sanivarsante'.
8. Slabing culverts on the Periambadi Ghaut.

159. Satisfactory progress was made on the following works:—

1. Metalling 4th section of the approaches to the Periambadi Ghat.
2. Constructing 1st class Travellers' Bungalow at Somwarpet. This building will be completed before the monsoon sets in.
3. Constructing cooly-shelters on the Ghat roads.
4. Metalling 1st section of Virajpet-Periapatam road.
5. Constructing a bridge on the 4th section approaches Periambadi Ghat. This bridge is practically finished, the iron girders are in position and most of the flooring fixed.

160. Besides the above, 3 minor works were completed during the year.

161. *Repairs.* The outlay under this head was Rs. 68,583 against the grant of Rs. 65,395 or Rs. 3,188 in excess of the grant. The excess can be met from the decrease of Rs. 4,235, under "Suspense Head" during the year.

162. During the year 122 miles 1½ furlong of metalled roads were maintained at an average cost of Rs. 421 per mile, and 56 miles 4 furlongs of unmetalled roads at an average cost of Rs. 207 per mile.

Miscellaneous Public Improvements.

163. The outlay under this head was Rs. 7,244 as against a grant of Rs. 6,193 or Rs. 1,051 in excess of the grant. This can be met from the reserve of Rs, 1,024 at the disposal of the Chief Commissioner. The executive Engineer regrets to report that the Chicklé Hole channel still remains unfinished. The delay is due to many causes. The contractor who had taken the work up entirely failed to carry it out and the place has attained such an unenviable notoriety for fever and wild elephants that it is with the greatest difficulty that coolies can be induced to work there. Gangs of coolies have on more than one occasion asked the Executive Engineer for work, but when told they would be given employment on the Chicklé Hole channel, they refused to go. That the place is unhealthy in the extreme, there can be no doubt, on one occasion a gang of 80 coolies was put on the work and in 10 days 72 of them had gone sick or run away.

164. In spite of these difficulties the work is progressing, all but two of the Californian dams are completed, the channel has been excavated for the whole length, and water is running down the first mile of the channel. It is expected that the work will be completed by 15th June. A large excess will occur on this work for which supplemental estimate is being prepared.

165. There was one minor work in progress under this head during the year.

166. *Repairs.* The outlay was Rs. 1,105 against the grant of Rs. 1,107. The outlay was incurred on the following works which were completed during the year.

1. Repairs to Sidigalale Mattadakeri tank.
2. Repairing the Kesavenakatte tank.
3. Repairing the Choranaholé channel.
4. Filling up breach in the bund of the Banathamane Doddakeré tank.

167. *Establishment.* There was a lapse of Rs. 1,908 under this head, the grant and outlay being respectively Rs. 38,413 and Rs. 36,505.

168. *Tools and Plant.* The outlay was Rs. 2,572 against the grant of Rs. 3,641 or Rs. 1,069 less.

169. *Imperial, Military.* The grant for works and repairs was Rs. 1,225 and the outlay Rs. 1,169. The verandahs to the Sergeant Instructors' quarters at Mercara and Pollebetta were extended and the roof of the magazine in the Fort renewed.

170. *Incorporated Local Funds.* The sanctioned budget grant of Rs. 28,000 was well worked up to, Rs. 27,949 having been expended.

171. The following works are completed.

1. Constructing toll-bars at Sampaji and Sothehalla.
2. Constructing wooden bridges on the ferry approaches to the Halugundi swing ferry.
3. Slabbing culverts on the Mercara Bhagamandla road.

172. The following works are in progress.

1. Constructing a road from Virajpett to Nalknad.
2. Metalling 2nd mile Virajpett-Bittangal road.
3. Constructing a wooden bridge over the Kanikè river at Bhagamandla.
4. Constructing butchers' stall and slaughter house at Sunticoppa.
5. Constructing a cattle-pound at Sampaji

173. Satisfactory progress was made with all except (i), the surveys were not completed before the monsoon set in and the Executive Engineer was unable to obtain labour to carry out the work during the cold weather,

174. The total length of road maintained was 119 miles 2 furlongs at an average cost of Rs. 63 per mile.

175. *Contribution Works.* A sum of Rs. 1,597 was realized during the year on account of contribution works undertaken by the Department, against which the outlay was Rs. 1,554. The difference, Rs. 43, represents the amount yet to be spent on providing a door to the organ chamber, St. Marks' Church, Mercara.

POST OFFICE AND TELEGRAPHS.

176. *Post Office.* There were two District Post sub-offices, 13 Branch post offices, 18 village circles, 8 letter box stations, 4 mail lines and 3 branch lines at the close of the year under report.

177. The mail line from Murnad to Bhagamandla was closed and the new mail lines from Mercara to Bhagamandla and Bettakeri to Napoklu were opened during the year under report. This alteration brought Mercara, the head-quarters of the province, in closer communication with Napoklu and Bettakeri.

178. The mail tonga service from Mysore to Mercara continued to work fairly well.

179. There is a marked increase in the sale of quinine this year as compared with that of the last year, as 51,768 powders of 5 grains each were sold against 14,901 powders in the previous year. The sale of quinine through the agency of Village-Postmen has been sanctioned but unfortunately the Madras Government has ordered its price from two to three pies per powder.

180. The receipts from the sale of postage labels amounted to Rs. 31,118—8—9 during the year under report, of which Rs. 25,106—13—3 were from ordinary labels and Rs. 5,598—11—6 from service labels and Rs. 413—0—0 from postal service labels.

181. The total amount debited to Post office during the year was Rs. 20,160—11—4. The charge debitable to District Post amounted to Rs. 8.472—1—10 as against Rs. 8,639—1—8 in the previous year.

TELEGRAPHS.

182. The number of telegraph offices continued to be 6. The number of telegrams despatched in the year under report was 5,940 or 1,047 less than in 1896—97. The Indian share of collections was Rupees 6,216—6—1 as compared with Rs. 7,115—6—10 in the previous year.

183. No amount was drawn by the telegraph department from the Coorg treasury during the year under report.

184. The amount credited during the year was Rs. 496 against Rs. 448-8-0 in the year previous. This represents the value of telegraph stamps purchased from Coorg treasuries on account of foreign messages.

185. Telegraph offices in Coorg being combined with post offices, establishment charges and receipts on account of inland messages are shown under 'post offices'

IRRIGATION.

186. The Chicklè Holè channel, under which it is hoped, when completed, a large area of land, now either waste or under dry crop, will bè converted into rice, made disappointingly slow progress. The unusually sickly season decimating the coolies employed on it.

187. The unusual heavy rains in the monsoon did some damage to the newly constructed bund of the Bembalur tank but it has since been repaired. A large (for Coorg) sized tank in Kudlur, Kodli Hobli, also breached; but an estimate has been already made for its repairs. The repairs to the Sidigalale tank were completed.

V. REVENUE AND FINANCE.

A. IMPERIAL REVENUE AND FINANCE.

188. The total demand for the year 1897—98 was Rs. 9,26,902. against

Rs. 9,50,496 in the previous year, as detailed in the following comparative statement:—

		1896—97.	1897—98.	Increase.	Decrease.
I.	Land Revenue	3,77,912	3,76,263	...	1,649
II.	Casual Land Revenue... ...	23,583	22,099	...	1,484
III.	Forests	5,1607	44,224	...	7,383
IV.	Excise	2,73,783	2,79,705	5,922	...
V.	Miscellaneous	2,23,611	2,04,611	...	19,000
	Total ...	9,50,496	9,26,902	5,9222	29,516
	Deduct Increase	...	...	...	5,922
	Net Decrease	...	...	...	23,594

189. The variations under the more important heads are explained below :—

190. *Land Revenue.* There is a net decrease of Rs. 1,649 under this head, the details being :—

	Increase.	Decrease.
Ryotwar Kandayam	1,195	...
Dhuli	670	...
Coffee	...	3,514
Net	...	1,649

191. The decrease under coffee is due chiefly to there being only Rs. 1,609 on account of miscellaneous demand during the year as compared with Rs, 3,748 in the previous year and partly to resignations and resumptions and reduction of assesement on abandoned portions of estates.

192. *Casual Land Revenue.* The principal items which exhibit a decrease are :—

	Rs.
1. Sale proceeds of waste lands	288
2. Receipts under recovery of arrears (Revenue Act.)	221
3. Miscellaneous	603
4. *Mohatarfa* paid by non-agriculturists	268

193. The decrease under the first head is due to the want of money caused by the general depression of trade and short coffee crop which prevented people from applying for new lands. The decrease under the 2nd item is due to fewer processes having been issued during the year to revenue defaulters than in the previous year.

194. Item No. 3 consists chiefly of assessment due on *Kumri* cultivation and the decrease is due to less area having been *Kumried* during the year.

195. The decrease under item 4 is due to the temporary settlers and daily labourers having left the country

196. There is an increase of Rs. 80 under "Tax on orange trees" levied for the first time during the year.

197. *Forests.* There is a falling off of Rs. 7,383 and it is mainly under the following heads :—

	Rs.
1. Sale of timber on waste lands	5.433
2. Collection by Forest Department	1,948

198. The cause of the decrease under the first item has been explained above. The decrease under the second item is due to timber of the value of Rs. 11,822 only having been removed by purchasers as compared with Rs. 20,501 in the previous year.

199. *Excise.* The chief items of increase are the increase of Rs. 12,000 due by the Abkari contractors in the 4th year of the contract and of Rs. 862 under "Rent of Toddy trees," from which, however, have to be deducted decreases of Rs. 3,846 under "License Fees," of Rs. 2,703 under "Abkari Cess" and of Rs. 391 under two miscellaneous items.

200. The increase under "Toddy" is due to keen competition, while the decreases under "License Fees" and "Abkari Cess" is accounted for by the reduced consumption of liquor during the year as explained in the Excise Report.

201. *Miscellaneous.* There is a net decrease of Rs. 19,000 under this head. The principal items showing the variations are :—

		Increase.	Decrease.
1.	Stamps		8,115
2.	Registration		1,618
3.	Law and Justice		3,315
4.	Jails		1,059
5.	School fees		1,725
6.	Plough tax	684	...
7.	Stationery and Printing	364	...
8.	Post Office		2,818

202. These are fluctuating items of revenue and the decrease under the first three heads is chiefly due to the general depression of trade, noticed last year, having continued in an intensified form during the year under report.

203. The decrease under "Jails" is due to diminished income from jail manufactures.

204. The decrease under school fees is due to the falling off in the attendance on account of the want of ready money in the hands of the ryots to pay the fees for the education of their boys.

205. The cause of increase under Plough Tax is explained in paragraph 213 of the report.

205.A. The falling off in the receipts under "Post Office" is due to the decrease in the sale of postage labels.

206. The increase under "Stationery and Printing" is accounted for by the sale proceeds of watermarked paper being credited under this head.

207. *Outstanding Balances.* The balance of revenue outstanding under all heads at the end of 1896—97 was Rs. 3,09,819. The demand for the year 1897—98 amounted to Rs. 9,26,903, making the total amount for collection to be Rs. 12,36,722.

208. The collections (which include Rs. 1,710 received in advance of the demand for 1898—99 under Excise) amounted to Rs. 8,36,620. To this sum should be added Rs. 1,195 received and credited in 1896—97 in advance of the demand for 1897—98 under Excise, and Rs. 30,956 being remissions sanctioned by the Government of India and the Chief Commissioner and struck off the accounts.

209. The amount collected or adjusted during the year was Rs. 8,67,061 leaving an outstanding balance of Rs. 3,69,661 on the 1st March 1898, as compared with Rs. 3,09,819 at the end of the previous year.

210. The balance includes Rs. 2,16,210 being the two instalments of land revenue aud cesses not collectable till after the close of the year.

211. The remaining sum is the balance for collection under unrealized balance of the two Khists of February and March &c. ... Rs. 70,242

Forests	„	12,357
Excise	„	65,482
Miscellaneous including Income Tax ...	„	5,370

212. *Net Surplus Revenue.* The gross receipts on account of Imperial Revenue amounted to Rs. 8,38,811 as compared with Rs. 8,62,309 in 1896—97. There are increases under Land Revenue, Income Tax and Land Record cess, due to good collections in spite of the unfavourableness of the year.

213. There is also an increase under Plough Tax, due to the demand for 1896—97, which was kept in abeyance in view to its being remitted, having been collected, along with the demand for the year under report.

214. The decrease is mainly under Excise owing to arrears due by the Abkari Contractors who, instead of paying the monthly instalments of the guaranteed amount, paid only the still head duty on the actual issues. They applied for a remission of a portion of the revenue guaranteed by them, and the Government of India to whom the matter was submitted has since sanctioned a remission of Rs. 12,000 on the condition that the balance is paid up at once.

215. The variations under the other heads are explained in paras 197, 198, 201, 202 to 206 of the report.

216. The net receipts after deducting refunds and charges against income amounting to Rs. 2,28,465. (*vide* statement III. A. I. Finance), came to Rs. 6,10,346 as compared with Rs. 6,46,692.

217. The expenditure charged against net income was Rs. 3,44,623. The surplus was therefore Rs. 2,65,723 as compared with Rs. 2,46,593 in the previous year. The increase in the surplus is chiefly due to the decrease in expenditure under Public Works.

218. *Cash Transactions* At the close of 1896—97 the cash balance in the Coorg treasuries amounted to Rs. 4,34,045. The net revenue collected, including items of local revenue, amounted Rs. 7,05,552.

219. The revenue received and paid away amounted to Rs. 1,96,664 and the deposits to Rs. 58,228. Receipts on account of bills drawn on other Treasuries came to Rs. 2,57,139, of which the sum of Rs. 2,33,120 represents receipts of the Postal Department on account of money orders, savings bank &c.

220. The remittance from other Treasuries amounted to Rs. 12,84,500 and consisted of Rs. 12,30,000 in silver, Rs. 32,000 in copper and Rs. 22,500 in small notes. These sums with the refunds &c., made during the year, bring up the total transactions of the Coorg Treasuries to Rs. 29,43,044 as compared with Rs. 31,11,119 in the previous year.

221. The disbursements include a remitttance to Madras &c., of Rs. 7,56,046 as noted in the margin, Rs. 6,580 in advances, Rs. 58,272 in repayment of deposits, Rs. 6,590 in repayment of loans on Government Securities and as interest thereon, Rs. 10,97,675 on account of bills of other Treasuries paid and Rs. 2,362 on account of expenditure for other Governments (Madras). The cash balance left at the close of the year was Rs. 3,77,342.

Whole rupees ...	5,15,000
Currency notes ...	2,38,910

REVENUE AND FINANCE OTHER THAN IMPERIAL.

222. *District Funds.* The balance under District Funds outstanding at the beginning of the year was Rs. 2,156.

223. The demand amounted to Rs. 34,357 and the collections to Rs. 30,802 including Rs. 256 collected in advance on account of the demand for 1898—99. The remissions amounted to Rs. 146.

224. The outstanding balance at the close of the year was Rs. 5,520 chiefly under tolls on roads and bridges.

225. The following items compose the demand :—

	Rs.
Market fees	1,526
Tolls on roads and bridges	25,000
Tolls on ferries	1,926
Staging bungalows	725
Pound fees and sale of unclaimed cattle	3,496
Miscellaneous	1,684
Total.....	34,357

226. The year opened with a cash balance of Rs. 14,354. The collections during the year amounted, as stated above, to Rs. 30,802, making a total of Rs. 45,156.

227. The expenditure was Rs. 35,557 as shown below :—

	Rs.
Refunds	85
Cost of Establishment &c.	7,523
Works by the Public Works Department	27,949
Total.....	35,557

228. The cash balance at the close of the year was Rs. 9,599.

229. *Municipal Funds.* The total income of the five municipalities in Coorg, including the opening balance of Rs. 10,724, was Rs. 40,271 as compared with Rs. 43,594 in the previous year.

230. The expenditure amounted to Rs. 27,214 against Rs. 32,870, leaving a cash balance of Rs. 13,057 at the close of the year.

231. *Advances made during the year.* Advances to the extent of Rs. 2,000 and Rs. 2,030 were made under the Agriculturists and the Land Improvement Loans Acts during the year as compared with Rs. 2,390 and Rs. 6,700 respectively in the previous year.

232. The advances under the Agriculturists Loans Act were made to the ryots on the security of their landed property or on personal security. The sums advanced ranged from Rs. 15 to Rs. 60 and were granted to enable them to purchase bullocks for ploughing and in a few cases to help them in rebuilding houses accidentally burnt down.

233. The advances under the Land Improvement Loans Act were granted to the ryots in sums ranging from Rs. 80 to Rs. 500 to help them to improve their wetlands or to bring new lands under cultivation and in some cases to construct small tanks or dams to irrigate their lands. Landed properties or personal securities were taken for these advances.

234. The balance outstanding at the close of the year 1896—97 was Rs. 15,110—5—7 and including the advances made during the year, *viz.*, Rs. 4,030, the total amount for recovery came to Rs. 19,140—5—7.

235. Of the above Rs. 3,893—10—11 were repaid during the year under report leaving an outstanding balance at the close of the year of Rs. 15,246-10-8.

VI. VITAL STATISTICS AND MEDICAL SERVICES

DETAILS OF CENSUS.

236. *Vide* pragraphs 53 to 75 of the report for 1892—93.

BIRTHS AND DEATHS.

237. The total number of deaths registered was 8,719 against 5,007 in the previous year. The ratio of deaths per mille was 50·38 against 28·93 in 1896-97.

238. The total number of births registered during the year under report was 2,930 as compared with 4,622 in the previous year. The death rate has exceeded the birth rate by 5,789. The Chief Commissioner's order on the Annual Report for sanitation gives the only explanation there is to offer of this extraordinary discrepancy. It is follows:—"As usual, the number of deaths during 1897 was greater than that of births—the increase during the past year was very marked; there have been 8,658 deaths against 3,503 births. This enormous disparity has engaged attention and efforts have been made to render the registration of vital statistics as accurate as possible. The difficult nature of the country, and the insufficiency as at present constituted of the administrative staff, combine to render the collection of these statistics more than ordinarily difficult. There seems however to be little doubt that there is much force in the explanation, more than once afforded, for the irregularities in births and deaths, *viz.*, the

fluctuation in population caused by the immigration of over 50,000 coolies who come annually to work in coffee estates. The fact that 81 out of 166 deaths among the inpatients in the Mercara Civil Hospital, and 238 out of 280 deaths in the Virajpet Hospital, were classed as those of coolies, tends to prove that a large number of these immigrants succumb to the climate of Coorg. A further proof in support of this theory is that although, according to the census, the population of Coorg (1,73,055) in February 1891 showed a decrease of 5,247 when compared with that (1,78,302) in February 1881, yet the indigenous population showed an increase of 16,673 or 16·12 per cent, whilst the immigrant population indicated a decrease of 21,920 or 29·28 per cent. Mr. H. A. Stuart I. C. S., Superintendent of Census operations, Madras and Coorg, 1891, also adduced further evidence to show that notwithstanding the preponderance of "deaths over births during the ten years 1881—91 (with the exception of of 1885—86) the population of Coorg was not declining."

EMIGRATION.

239. *Nil.*

MEDICAL RELIEF.

240. The number of dispensaries was the same as in the previous year.

241. The subjoined table shows the number of cases treated in the various dispensaries during the year under report.

			In-patients.	Out-patients.	Total.
1.	Mercara Civil Dispensary ...	...	721	13,268	13,989

242. The total number treated in these dispensaries during the year 1896—97 was 51,568.

243. The expenditure incurred on these dispensaries amounted to Rs. 23,480—6—9 during the year under report against Rs. 26,476—2—3 in the previous year and was distributed as follows :—

Establishment	17,091	1	6
European and bazaar medicines	2,144	0	6
Dieting and contingent charges	3,649	13	7
Building and repairs	326	9	2
Bedding	268	14	6
Total.....	23,480	6	9

244. The sources of income are :—

245. *Mercara Dispensary.* The total number of in and outdoor patients treated during the year was 13,989 against 13,550 in the previous year. The supply of medicines and equipment was good and sufficient.

246. The total expenditure in the year was Rs. 15,907—14—5 against Rs. 17,911—4—9 in 1896—97.

247. *Virajpet Dispensary.* The total number of in and outdoor patients treated was 8,475 against 8,999 in the previous year.

248. The total expenditure amounted to Rs. 3,561—12—10 as compared with Rs. 3,339—6—1 in the previous year.

249. *Apparanda Napoklu Dispensary.* This is a small dispensary for outpatients. The total number treated was 4,250 against 3,862 in the previous year.

250. The expenditure was Rs. 644—15—4 against Rs. 752—13—4 in the year 1896—97.

251. *Mukati Iyappa's Dispensary.* This is another dispensary which is opened only for outdoor patients, and the total number treated was 5,521 against 6,550 in the year previous.

252. The expenditure amounted to Rs. 779—13—3 against Rs. 10,18-1-8 in the year 1896—97.

253. *Somvarpet Dispensary.* This dispensary is intended for outdoor patients. The total number of patients treated during the year was 5,098 as compared with 4,985 in the previous year.

254. The expenditure amounted to Rs. 677—9—0 against Rs. 868—14—8 in the year 1896—97.

255. *Sunticoppa Dispensary.* This dispensary like others is opened for outdoor patients. The total number treated during the year under report is 6,149 against 8,789 in 1896—97.

256. The expenditure amounted to Rs. 1252-12-10 against Rs. 1,725-0-8 in the year previous.

257. *Siddapur Dispensary.* This dispensary is also opened for outdoor patients only, and the total number treated in the year was 3,247 against 4,714 in the year 1896—97.

258. The expenditure amounted to Rs. 655—9—1 against Rs. 860—9—1 in the year previous.

259. The Civil Surgeon of Coorg inspected all the above dispensaries in Coorg in the year under report.

SANITATION.

260. The sum of Rs. 266—4—3 was expended by the Public Works Department and Rs. 5,642—9—2 by the various municipalities on sanitary works. Of the latter sum Rs. 3,672—1—8 was spent by the Mercara Municipality, and Rs. 101 by the Virajpet municipality for the preliminary surveys for water works carried out in the year previous.

261. The shelters put up for the coolies on the ghat roads were much used and have supplied a real want. More are urgently required. The one at the foot of Periambadi ghat, commenced in the year under report, has since been completed.

VACCINATION.

262. The number of cases vaccinated during the year, excluding the dispensary vaccination, was 10,616 showing an increase of 610 cases. The average number of cases vaccinated by each Government Vaccinator was 1,381, and by each Municipal Vaccinator 237.

263. All the cases vaccinated *viz.*, 10,977 inclusive of dispensary and re-vaccinations, were done with calf lymph. Of these 10,299 cases were successful, being a ratio of 93·82 as compared with 93·38 per cent in the previous year.

264. The number of primary vaccinations included in the above was 9,480 of which 9,026 or 95·21 per cent were successful. The number of re-vaccination cases was 1,497 of which 1,273 or 85·04 per cent were successful. The percentage of successful primary vaccination was more (·19) than in the previous year, and the re-vaccinations show an increased ratio of 2·09 per cent of successful cases.

265. The total number of cases of dispensary vaccination was 361 against 505 in the previous year, showing a decrease of 144 cases. Out of 250 primary

vaccinations, 184 or 73·60 and of 111 revaccinations 36 or 32·43 per cent were successful.

266. Of the total population of the province 59·51 per 1,000 are protected by vaccination against 56·72 in the previous year showing an increase of 2·79.

267. There are no changes among the vaccination staff during the year. Two Vaccinators had to be suspended.

268. Vaccination operations are now suspended in all municipalities from 15th June to 15th August, notwithstanding which there is an increase of 466 cases as compared with the previous year.

269. The total cost to Government amounted to Rs. 2,125-3-6. Rs 557-10-6 were debited to the municipalities.

VII. INSTRUCTION.

GENERAL SYSTEM OF INSTRUCTION.

270. *Vide* paragraphs 331—336 of the report for 1892—93.

EDUCATION.

271. The official year just ended was in every respect the very reverse of being favourable to the progress of education. There was an abnormal amount of sickness in the country and an unusually large number of deaths occurred. The coffee and cardamom crops were reported to be below the average. There was scarcity of money in the land, sickness half emptied a good many schools, death reduced the number of pupils in public schools alone by about 150, poverty prevented a large number of old boys from continuing in school and stood in the way of many a new boy seeking admission. This explains the decrease noticed below in the total number of schools, in the number of pupils, and in the amount of fees collected and in the number of candidates for the Lower Secondary and Primary Examinations.

272. The total number of schools of all classes was 105 to 120 in 1896-97 The number of *public* schools fell from 79 to 77 (owing to the closing of the Municipal Girls' school at Mercara and the Municipal Tamil school at Virajpet) and attendance in them from 4,696 to 3,996. The private unaided schools numbered 28 against 41 and the attendance in them was 332 against 419 in 1896—97.

273. The receipts from fees in public schools fell from Rs. 9,716 to Rs. 8,092. The fees in Government, Municipal and Aided schools were Rs. 7,737, Rs. 235, and Rs. 120, against Rs. 9,132, Rs. 385 and Rs. 199 in 1896—97 respectively.

274. There were 62 candidates for the Lower Secondary, and 281 for the Primary Examinations to 77 and 933 respectively the year before.

275. Of the 3,996 pupils in public schools 3,307 were boys, and 689 girls; and classified according to race or creed there were:—

2,495 Coorgs.	126 Mahomedans.
121 Brahmins.	111 Native Christians.
998 Other Hindus.	... Europeans and Eurasians.
93 Pariahs.	52 Others.

276. The educational income during the year was derived from the following sources:—

	Rs.		Rs.
Imperial Funds....	18,349	Fees	8,092
Plough Tax ...	9,240	Other sources ...	2,732
Municipal Funds..	638		
		Total.....	39,051

277. The total expenditure on education amounted to Rs. 39,051 against Rs. 41,527 the year previous; the decrease being chiefly due to the closing of the girls' school at Mercara, the monthly cost of which was about Rs. 100.

278. The Deputy Inspector of schools paid 200 visits to schools against 202, and in doing so travelled 1,603 miles to 1,791 miles in 1896—97.

279. There is no college in Coorg. The only institution that worked up to the Matricution Examination was the Mercara High School. The attendance in this institution fell from 324 to 269 and the fees from Rs. 2,891 to Rs. 2,776. Only one boy passed the Matriculation Examination out of 17 sent up. In the Lower Secondary Examination 7 out of 19 passed, and in the Primary 17 out of 33 were successful.

280. There were 66 pupils in the Boarding House attached to the High School against 92 in 1896—97.

281. The English School at Virajpet is next in importance to the High School. The number of pupils on the rolls here fell from 323 to 248 and the fees from Rs. 3,575 to Rs. 2,687. Ten out of eighteen passed the Lower Secondary Examination and 27 out of 44 the Primary Examination.

IX. MISCELLANEOUS.

ECCLESIASTICAL.

286. *Church of England.* The Government Chaplain visits Mercara and Pollebetta monthly from Mysore during the cold weather. During the hot weather he resides in Mercara.

287. The number of members of the Church of England is 210, of these 200 are Europeans and East Indians, and the rest are Natives.

288. The expenditure by government during the year was Rs. 257—8—0.

289. *Roman Catholic Church.* The number of members of the Roman Catholic Mission, which has churches at Mercara, Virajpet, Fraserpet and Sunticoppa with 2 priests, is 1,745 Natives and 104 others against 1,689 Natives and 105 others in 1896—97. The church at Virajpet receives from Government an annual allowance of Rs. 240, a grant which has been continued from the time of the Rajahs.

290. *Basel Evangelical Mission.* This mission has churches both at Mercara and Anandapur. The number of members is 339 Natives and 11 others against 292 Natives and 12 others in the previous year.

STATIONERY.

291. All the articles of stationery are received from the Superintendent of Stationery, Madras, on indents forwarded through the Chief Commissioner's Office.

GENERAL MISCELLANEOUS.

292. *Muzarayi.* The fixed annual grant made by Government to Muzarayi institutions such as Temples, is Rs. 13,730—15—2 in cash payments, Rs. 1,002—5—0 in deduction made from land revenue and Rs. 10,999—8—5 in land endowment, in all Rs. 25,732—12—7.

293. (*a*) *Coorg Temple Funds.* An annual allowance of Rs. 13,560-8-0 is allotted to the Coorg Temple Funds managed by a committee consisting of a

President and 14 members under the Coorg Temple Fund Management Regulation No. IV of 1892. Three meetings were held during the year, and the average attendance of members at these meetings was 7·6.

294. There were 10 members on the Committee at the commencement of the year. One member resigned and the term of two others expired during the year. Only one new member was elected, the other vacancies not being filled up till after the close of the year.

295. Regulation No. IV of 1892 is not working satisfactorily. There seems to be a remarkable absence of men in Coorg public-spirited enough to devote any time or energy to the management of their religious institutions. Instead of meeting once a month, sufficient members to form a quorum could only be got together three times during the year. The President reported the difficulty he experienced in working the committee to the District Judge, who issued a warning circular and also attended a special meeting of the committee in hopes of getting the members to take more interest in their duties, but little improvement has been manifested.

296. In the meantime funds are diminishing and the temples will soon be left with only the Government allowance to depend on, as will be seen from the following figures:—

	Expenditure over receipts.	Opening balance.
1893—94	507 0 4 ...	7,029 2 11
1894—95	1,407 0 10 ...	6,522 2 7
1895—96	1,149 5 0 ...	5,115 1 9
1896—97	642 7 4 ...	5,565 12 9
1897—98	1,032 7 0 ...	4,923 5 5
1898—99	... ...	3,890 14 5

297. Unless more interest is shown it will be necessary to rescind the Regulation as in advance of the requirements of Coorg or at least to have it altered and amended.

298. The year opened with a balance of Rs. 4,923-5-5, which with the receipts of Rs. 15,031-13-0 brought the total income of the year to Rs. 19,955-2-5. The expenditure came to Rs. 16,064—4—0, leaving a balance of Rs. 3,890-14-5 at the close of the year.

299. *Offerings.* The receipts from offerings fell from Rs. 1,080—14—3 to Rs. 805—7—1 due to the smaller number of pilgrims during the annual festival at Bhagamandla and Talé-Cauvery.

300. *Outstanding debts.* The outstanding debts remaining for collection on 31st March 1897 were ... ... Rs. 24,885 7 7

301. The collections were very poor being only Rs. 94—9—4 as contrasted with Rs. 889—4—0 in 1896—97.

302. *Supply of food.* The expenditure incurred in the purchase of provisions for supply to pilgrims &c., amounted to Rs. 9,873—3—10 as compared with Rs. 9,830—15—6 in the previous year.

303. *Construction and Repairs.* The expenditure under this head amounted to only Rs. 113—0—6 against Rs. 270—15—5 in the year before.

Note by Lieut.-Colonel Donald Robertson, C. S. I., Chief Commissioner of Coorg.

———:0:———

The most striking feature of the report is the large increase of Rs. 2,04,400 in the net surplus revenue. It is true that part of this increase (Rs. 88,600) was brought about by a change in the dates of collection; but improved methods in realizations as well as greater energy shown by the revenue authorities in making recoveries may account in great part for this satisfactory development.

2. The bands of the administration are being simultaneously tightened in Coorg on every side. With the introduction of the new Land and Revenue Regulation all revenue rules have been passed under review, consolidated, and in some respects modified. The alienation of privileged tenures has been controlled: a searching enquiry has been made into the origin and present circumstances of all revenue-free grants: and all revenue statistics are being recorded with increasing accuracy: with the result that the latitude under which much land escaped payment of revenue altogether is now a thing of the past. At the same time great attention has been paid to the enforcement of the provisions of the Arms Act, which had formerly been much neglected. The preventive forest staff has been increased: and the reorganization of the Police and Judicial Departments, which has received the preliminary sanction of the Government of India, is about to be proceeded with. All these changes naturally necessitate increased interference with the life of the people, who in the past have been much left to themselves, and occurring, as they have at a time of depression, they must inevitably have caused some discontent. I do not, however, doubt that the greater efficiency of the administration will in the end have a bracing effect upon the people, whilst it will, we may hope, contribute towards the security and expansion of the revenues. The labour of revising existing rules and drafting fresh ones has fallen principally upon the Secretary, Mr. Dobbs, and I desire specially to acknowledge the industry and ability he has brought to bear upon this difficult work.

3. I am afraid we may look in vain for an agricultural revival in Coorg. Not only has there been no improvement since the termination of the period now being reported on, but the general depression may be said to have deepened; for though there will, it is confidently expected, be no famine, the rice crop has suffered in various parts and failed altogether in a few villages, whilst those coffee estate-holders who have been fortunate enough to secure moderate crops, are confronted with a discouraging outlook in respect to prices obtainable in England. Additionally coffee has entirely gone out, once flourishing gardens in large tracts in the West of Coorg containing now nothing but bare poles, and it is only the remarkable tenacity with which the Coorgs stick to their land, even though it may be commercially valueless, which prevents a large decrease in the land revenue demand.

4. I agree generally with the Commissioner's remarks contained in paragraph 10 of this report. I confess that I am not hopeful that it will be possible to adopt immediately any remedial measures for removing the burden of indebtedness. The necessary reform should, moreover, originate amongst the Coorgs themselves. Their country has been pauperized by the introduction of such a ready means of becoming rich as presented itself some years ago in the cultivation of coffee, with the higher style of living which unfortunately resulted, and especially the facility for extensive borrowing which it afforded. It is now extremely difficult to obtain advances on coffee estates, and the Coorgs have nothing else to offer as security; if they mortgage their *sagu* rice lands (*jama* lands being inalienable) they cannot live. I carefully examined the very serious question of local indebtedness at my last visit to Coorg in February of this year, but was enabled to arrive at no satisfactory conclusion. The matter seems to be as yet hardly ripe for Government intervention nor is the situation so desperate as to call for extraordinary measures. There are, I believe, some signs that the Coorg character is slowly undergoing change in a recognition of the necessity for thrifty living and the abandonment of the foolish pride which has operated to prevent the people taking service, whilst it tolerated dissipation and laziness.

DONALD ROBERTSON,
Chief Commissioner.

REPORT

ON THE

ADMINISTRATION OF COORG

FOR THE YEAR 1898—99.

PART I.

GENERAL SUMMARY.

The population of the province according to the census of 1891 is 1,73,055.

2. The following statement shows the receipts, expenditure and surplus for the past ten years:—

Year.	Gross receipts as per statement No. I Finance.	Expenditure excluding public works.	Expenditure on public works.	Total expenditure as per statements I and II Finance.	Net surplus revenue.	Imperial grant for the P. W. D. Coorg.
1889—90...	7,88,900	4,00,600	1,12,000	5,12,600	2,76,300	1,18,500
1890—91...	8,16,000	4,13,900	1,35,800	5,67,700	2,48,300	1,22,100
1891—92...	9,21,900	4,75,900	1,62,200	6,38,100	2,83,800	1,67,100
1892—93...	9,46,000	4,44,700	1,76,800	6,21,500	3,24,500	1,78,800
1893—94...	9,40,700	4,42,700	2,05,600	6,48,300	2,92,400	1,90,000
1894—95...	9,62,900	4,40,300	1,69,100	6,09,400	3,53,500	1,57,700
1895—96...	9,65,300	4,41,500	1,97,000	6,38,500	3,26,800	2,06,000
1896—97...	8,62,300	4,03,900	2,11,800	6,15,700	2,46,600	2,25,300
1897—98...	8,38,800	4,13,000	1,60,100	5,73,100	2,65,700	1,64,000
1898—99...	10,53,800	4,10,800	1,72,900	5,83,700	4,70,100	1,91,800

3. The gross receipts, Rs. 10,53,800, are very good indeed and the surplus is also satisfactory, *viz.*, Rs. 4,70,100. The increase is due, partly to a change in the dates of the collection of revenue, partly to collection of arrears of previous years and partly to better receipts under forests (sale of sandalwood &c.). The expenditure charged against net income has also increased somewhat, being Rs. 11,800 more than in 1897—98.

4. The falling off in the Excise Revenue still continued. The abkari contractors fell short in their payments by Rs. 91,173. This amount is, however, covered by the deposit made by them of Government pro-notes (Rs. 78,800) as security for the fulfilment of their contract, and by the value of stock in hand. They have petitioned for a remission on the ground of the losses they have sustained, and the matter is now under the consideration of Government.

5. The increase under revenue is due as stated above, to the dates of the payment of the four instalments in which the assesment is collected having been changed. Formerly the instalments were collected in February, March, April and May. Now they have to be paid in January, February, March and April. The change was made as it was found that the ryots could pay their assessment more easily in January, when they had their crops to dispose of, than in May when, to get money, they had to borrow. There was a good harvest and a good coffee crop and payment of assessment and of the arrears due from those who had, owing to the hard times, been allowed to keep over their payments in the year before, was insisted on, the Chief Commissioner having ordered that arrears were not to be allowed to accumulate. The ryots in North Coorg paid as usual without any pressure, but in Southern and Western Coorg, where the ryots are lazy and above working for themselves, numerous notices of attachments had to be issued and lands put up to auction before the revenue could be recovered. In very few cases, however, were the rice lands actually sold, and when they were, they were generally worthless lands which had not been cultivated for years, or lands on which the ryots had borrowed money and

did not care to keep. In a few cases also the ryots let their lands be put up for sale for the assessment as the only way of getting rid of jama lands which are inalienable, having arranged before hand with some one for their purchase. Most of the lands put up for sale were, however, abandoned coffee estates. To these, in spite of being strongly advised to resign them as a useless burden to them, the Coorgs have held on to for years without deriving any benefit, partly in the hope that some day or other a purchaser might come forward for them, but chiefly because they liked the importance it gave them to talk of their coffee gardens, and because they hoped that the old days, when the holder of any garden could borrow freely on it, would return.

6. Another cause of the increase in the revenue as compared with last year is that, in accordance with the orders of the Government of India, the Dhuli tax, which was remitted in 1897—98—Sir W. Mackworth Young hoping that the Government of India would sanction its abolition—was again levied. It is hoped that, if the Local Fund scheme is sanctioned, this tax which, though it falls lightly on the rich, presses heavily on the poor, will be done away with.

7. Although the strict measures taken to collect the revenue may appear to have been harsh, they have undoubtedly tended to put the revenue administration on a sounder footing. The ryots have been freed either by collection or remission of the arrears from a demand, the collection of which was always hanging on them, they have got rid of worthless lands which were only a burden to them (but of which they can still enjoy the grazing) and they know now that their rent is the first payment, for which they must provide from the proceeds of their crops. They had begun to look at it as a payment which might be postponed almost indefinitely.

8. The prevalence of plague in Mysore and one or two cases occurring in villages within a few miles of the Coorg frontier naturally caused great alarm. Every precaution was taken to prevent the introduction of the epidemic and to fight it, should it unfortunately be introduced. At one time, owing to extraordinary rumours spreading from Mysore about compulsory inoculation and its effect, some difficulty was experienced in getting the people to help in carrying out sanitary and other precautions, but latterly all opposition died down.

9. The year's harvest was good, but prices ruled low. The coffee crop was also good; 4,558 tons against an average of 3,200 tons. Unfortunately the prices realized have been very disappointing, especially for the poorer sorts, owing to the home market being overstocked by Brazil coffee, and in spite of the good crop the industry is seriously depressed. In Padinalknad, where the coffee crop was bad and coffee itself threatens to die out, with the sanction of the Chief Commissioner, the postponement of half the assessment has been allowed.

10. It is trusted that the figures given above will not lead Government to believe that Coorg is at present a most prosperous Province. For such is unfortunately not the case. One may try not to take too gloomy a view of the prospects of the Province, but it is impossible not to feel that there is cause for grave anxiety. The Coorgs have been living for the last 20 years on borrowed capital. They have fallen into lazy and extravagant habits, as they themselves admit. They have borrowed on their lands, till they are hopelessly in debt, and cannot raise any more money even at 50% interest. Their families are increasing, but the nature of the country is such that the area of cultivation cannot be increased in proportion. The threatened failure of the coffee industry owing to the competition of the Brazils will also, if it continues, mean poverty to many a hitherto well-to-do Coorg family. The Coorgs are getting poorer and poorer and consequently discontented, and of course they blame Government, not themselves, for all their difficulties. There has been some talk of raising a Coorg Regiment. This is a project which, if carried out, will do good by affording employment to the young Coorg, who now too frequently does nothing but loaf round the toddy shops. But what is really required is some scheme by which the ryot could be given a chance of getting out of debt. At present he is hopeless and consequently reckless.

11. Criminal Justice, Civil Justice, Land Records, Municipalities, Registration, Stamps, Excise, Jails, Income Tax, Sanitation &c., having been separately reported on and specially reviewed by the Chief Commissioner, do not call for any remarks here.

(ADMINISTRATION OF THE LAND).

SURVEYS.

5. Revision of the details left by the late survey continued. Work was done altogether in 63 villages. The progress made was slow owing to the very small size of the fields surveyed, and the generally difficult nature of the country.

6. *Village Maps.* Thirty seven maps were republished during the year against 13 in the year before.

7. *Land Records.* The work of improving the Land Records, and of instructing the Village Officers how to keep them, made steady progress during the year. Some additions to, and alterations in, the Crop Inspection Forms were found necessary and made under the orders of the Chief Commissioner, who, while on tour in Coorg, seized every opportunity of personally examining the records in the villages. Fuller details are given in the yearly report on the Department of Land Records.

8. *Settlement.* No fresh settlement work was undertaken during the year. But a prolonged enquiry was held by Mr. Haller, by order of the Chief Commissioner, into the tenures on which certain Matts (religious institutions) hold their lands, and reports were submitted to the Chief Commissioner with a view to their settlement.

9. *Crop Experiments.* Forty one crop experiments were made during the year against 49 in 1897—98.

10. *Land Disputes.* Mr. Haller settled 54 disputes under the Boundary Act.

11. *Waste Lands.* Three hundred and seventy three acres of land were sold under the Waste Land Rules, during the year 1898—99 for Rs. 11,368, as against 35 acres for Rs. 815 in the year previous. The price given includes the value of the timber on the land. The cause of increase is due to purchases by European Planters.

12. The value of lands sold for building purposes amounted to Rs. 1,104, seventeen sites having been sold against 3 in the previous year. The increase is due to 8 sites situated within the municipal limits of Somwarpet realizing comparatively high prices.

13. *Land Revenue.* The land demand amounted to Rs. 4,43,715—2—4 as compared with Rs. 4,55,598—10—4 in the previous year. The details are shown in the following table:—

		1897—98.	1898—99.	Increase.	Decrease.

Grand Total.....		4,55,598 10 4	4,43,715 2 4	4 13 1	11,888 5 1

14. The demand includes Rs. 9,085—2—8 on account of Gowdumbli allowances paid to Patels, and Rs. 1,002—5—0 on accounts of grants to village temples. These sums, though included in the demand and collected by the Revenue Officials, are not shown in the treasury accounts, as they are paid directly to the parties.

15. The decrease under the several heads are explained below:—

(a) The decrease in jama is due chiefly to the sale of some lands on which the holders failed to pay the assessment, and to the conversion of the jama tenure into the sagu tenure in cases where the lands had been mortgaged prior to 1891.

(b) The decrease under sagu and jodi is due to resignations, and to the buying in for Government of certain lands put up for arrears of revenue, for which no one would bid. Such lands were of course almost all of little value.

(c) The decrease under dhuli is due mainly to the great mortality of the year 1897 noticed in the report for that year. The lands of many of the cultivators who died in that year fell to their relatives, who, as they already held lands, had not to pay a second "dhuli;" also to resignations.

(d) Land Record Cess:—As this cess is collected on the rupee of revenue, its amount of course rises and falls with the demand. As demand was less for this year, the Land Record Cess is also less.

(e) The falling off under Mohatarfa and Plough tax is due to the decrease in the number of persons taxed caused by the deaths in 1897.

(f) The falling off in coffee is due chiefly to heavy resignations of abandoned estates and to the owners of many other lands on which coffee has died out, allowing them as being unprofitable to be put up for sale for the arrears of assessment. Of course no one came forward to buy such lands, and they had to be bought in by Government.

(g) The decrease under cardamoms is owing to resignations. Many holders found themselves unable to pay and prayed for the cancelment of their leases owing to bad crops and continued poor prices.

19. The following Acts came into force during the year 1898—99 :—

1. The Criminal Procedure Code, No. V of 1898.
2. The Post Office Act No. VI of 1898.
3. An Act to amend the Indian Paper Currency Act (1898) No. VIII of 1898.
4. The Live-Stock Importation Act, No. IX of 1898.
5. The Government Buildings Act, No. IV of 1899.
6. The Indian Evidence Act, 1872, Amendment Act, No. V of 1899.
7. The Indian Petroleum Act VIII of 1889.
8. The Court Fees Amendment Act No. XI of 1899.
9. The Currency Notes Forgery Act, No. XII of 1899.
10. The Glanders and Farcy Act, No. XIII of 1899.
11. The Indian Tariff Amendment Act No. XIV of 1889.

The Coorg Land and Revenue Regulation, No. I of 1899. (This new Regulation) received the assent of the Governor-General in Council on the 21st of March 1899, and will come into force on the 1st of November 1899.

22. The number of cases in which property was alleged to have been stolen was 265 as against 256 in 1897. The number of cases in which stolen property was recovered shows an increase, the number being 137 in 1898 and 116 in 1897.

23. The value of property said to have been lost is stated as Rs. 9,879-1-6 as against Rs. 12,253, of which property valued at Rs. 3,527-5-0 was recovered.

Serious Crimes.

24. *Murder.* During the year under report 2 cases were reported, of which the accused in one case was acquitted owing to the perjury of some of the witnesses and the accused in the other case has not yet been found. In two cases pending from 1897 the accused were convicted.

25. *Attempts at Murder.* Seven cases were reported during the year, two of which were referred as false and two were charged and convicted; three were discharged.

26. *Culpable Homicide.* There was one case under this head and the accused was convicted by the Sessions Judge under Section 325, Indian Penal Code.

27. *Dacoity.* Two cases were reported during the year, one of which turned out to be merely a civil dispute and the other was originally referred as false by the Station House Officer (since dismissed) but on being subsequently investigated, was found to be a true case, and convicted.

28. *Robbery.* Seven cases were reported during the year. The accused were convicted in 3, and discharged in 2 for want of evidence. Of the remaining two cases, 1 was referred as a mistake of fact and another as false.

29. *Non-cognizable Cases.* Twenty one cases were referred by the Magistrates to the police for enquiry during the year.

30. The following table shows the cost of the Police Force during the past two years:—

	1897.	1898.

38. The average duration of criminal trials in the courts of all the Magistrates and the Sessions Judge was 13·82 as against 15·02 in the previous year.

39. The total number of witnesses examined by the several courts was 4,667 as against 3,954 in the previous year. The amount of batta paid to witnesses was Rs. 213—12—0 as against Rs. 190—4—0 in the previous year.

40. The amount of fines imposed during the year under report rose from Rs. 5,767—8—0 to Rs. 7,896—6—0. The amount of fines realized during the year also increased from Rs. 3,928—5—4 to Rs. 5,757—4—5.

41. The number of appeals filed during the year under report was 116 involving 207 persons. Of these, 79 appeals were presented in the District Magistrate's court and 37 in the Sessions Court as against 56 and 8 respectively in the previous year.

42. The following statement shows the work performed by the appellate courts in Coorg during 1898.

	Number of persons whose appeals were pending from previous year.	Number of persons whose appeals were received during the year.	Total.	Number of persons whose appeals were rejected.	Number of persons in whose appeals sentences were confirmed.	Number of persons in whose appeals sentences were reversed.	Number of persons in whose appeals new trials were ordered. 43. Out of these, 17 appeals involving 21 persons were rejected. The number of appeals in which sentences were confirmed was 59 involving 109 persons, as against 22 cases involving 30 persons in the previous year. The sentence was reduced or altered in 8 cases of 16 persons, as against 17 cases involving 22 persons in 1897. The number of cases in which sentence was reversed was 25 of 46 persons, as against 19 cases of 31 persons. New trial or further enquiry was ordered in 4 cases involving 6 persons. Four cases of 10 persons were pending disposal at the close of the year.

44. The average duration of appeals in the Court of the District Magistrate fell from 29 in 1897 to 11 in the year under report, and in the Sessions Court from 14 to 8 days.

45. There were no complaints against European British subjects in the year.

46. The total receipts of the courts amounted to Rs. 62,643—4—4 as against Rs. 65,424—6—6 in the previous year.

PRISONS.

47. The total number of persons admitted into the Mercara Jail and Lock-ups during the year was 752 as against 551 in 1897.

	Jail.	Lock-ups.
Convicts	177	58
Under-trial prisoners	210	296

Total.....	398	354

48. The daily average in the Mercara Jail was 86·57 and in lock-ups 7·57 as against 79·32 and 6·76 respectively in 1897.

49. Punishments inflicted for offences against jail rules were 199 as compared with 125 in 1897.

Penal diet	50
Solitary confinement with penal diet	1
Corporal punishment	12
Other punishment *viz.*, warnings, forfeiture of marks, reduction of classes, fetters and handcuffing and hard labour for a simple imprisonment	136
Total.....	199

50. The number of deaths was 8 as against 2 in the year previous.

51. The average cost of guarding and maintaining each prisoner in the Mercara Jail amounted to Rs. 110—6—11 against Rs. 108—9—0. The increase is due (1) to the Jailor's salary having been raised to Rs. 150 from Rs. 100 in April 1898, (2) to the increase in the jail population, (3) to an increased number of patients in hospital and (4) to the purchase of new lanterns.

52. The cash earnings of the prisoners in the Mercara Jail amounted to Rs. 8,494—5—7 as compared with Rs. 11,865-4-8 in 1897, whilst the expenditure on raw materials was Rs. 2,374—13—3 as compared with Rs. 4,530—11—4 in the previous year. There was thus a profit of Rs. 6,119—8—4 against Rs. 7,334—9—4 in the year 1897.

53. The general health of the prisoners was fair, but was not so good as in the previous year.

CIVIL JUSTICE.

54. *Original suits.* The total number of suits instituted during the year was 2,835 against 3,038 in the previous year. They were filed in the following classes of courts:—

Parpattigars' Courts	244
Subedars' Courts	1,234
Mercara Munsiff's Court	575
Virajendrapet do	693
2nd Assistant Commissioner's Court	49

57. The average duration of suits disposed of was 55 in contested and 27 in uncontested suits, as compared with 74 and 35 days in the previous year.

58. There were 1341 miscellaneous applications, of which 1,266 were disposed of.

59. *Execution cases.* The number of execution applications was 4,515 against 5,033 in previous year, of which 3,770 were disposed of leaving 745 pending at the close of the year. Of these disposed of, excluding 7 transferred to other provinces, 466 were satisfied in full, 612 in part and 2,685 were wholly infructuous.

60. The amount realized in execution of decrees was Rs. 90,446—15—0 against Rs. 70,394—15—3 in 1897.

61. *Appeals.* There were 73 appeals for disposal including 5 pending from last year. Of these, 68 were disposed of, 28 by the 1st Assistant Commissioner and 40 by the District Judge, leaving 2 cases pending in the court of the former and 3 in that of the latter at the close of the year.

62. The appeals were disposed of as follows :—

Decisions confirmed under Section 551 C. P. C.			7
Dismissed for default or otherwise not prosecuted			5
Contested	Confirmed		42
	Modified		6
	Reversed		7

63. The average duration of appeals in the District Judge's Court was 37 days and in the 1st Assistant Commissioner's court 28 days as against 41 and 48 days respectively in 1897.

64. Nineteen miscellaneous appeals were filed and there was 1 pending from last year. Of these, all but one were disposed of.

REGISTRATION.

65. The particulars of documents registered and the amount of fees realized on them are given below :—

	1897—98.				1898—99.			
	No.	Fees.			No.	Fees.		
1. Sale of immoveable property ...	416	1,232	12	0	478	1,364	4	0

Total.....	1,592	5,440	0	0	1,676	5,153	12	0

66. The value of property invovled was as follows :—

	1897—98.				1898—99.				Increase.				Decrease.			
Moveable ...	2,25,403	11	0		1,88,027	10	9		...				37,376	0	3	
Immoveable ...	8,60,692	6	4		7,24,492	14	5		...				1,36,199	7	11	

67. There is a decrease of Rs. 37,376—0—3 and of Rs. 1,36,199—7—11 in the value of moveable and immoveable properties respectively, when compared with the figures of last year. No large properties changed hands during the year, and no one document of a higher value than Rs. 40,000 was registered during the year. In the previous year there was one document of the value of Rs. 51,979—12—4, and in 1896 one single document valued Rs. 4,00,000. The decrease in the value of coffee, the chief industry of the Province, has told on the value of documents hypothecating the coffee crops. These in Coorg are a very numerous class of documents.

68. The average time taken to complete the registration of documents was one day and 11 hours as contrasted with one day and 13 hours in 1897—98.

69. Registration was refused in 19 cases out of the 1,695 documents presented for registration as against 10 in 1897—98, or 1·12 per cent of the whole number of documents registered against ·62 per cent in 1897—98. The reasons for this were as follows:—In 12 cases the executants were minors, in 4 the executants did not appear within the prescribed time and in 3 they denied execution of the documents.

70. Appeals were preferred to the Registrar in 6 cases against 5 cases in the previous year. The appellants succeeded in 4 cases, 1 is pending and 1 has been rejected.

71. The receipts for the year amounted to Rs. 5,153—12—0, and the expenditure to Rs. 3,128—0—1, leaving a surplus of Rs. 2,025—11—11.

MUNICIPAL.

72. *Mercara Municipality.* The total demand for the year 1898—99 including Rs. 4,186 outstanding at the close of the previous year, was Rs. 24,387 of which Rs. 21,497 were collected, leaving a balance of Rs. 2,890 at the close of the year, most of which has since been collected.

73. The total income was Rs. 21,497 against Rs. 15,400, but this includes a sum of Rs. 4,500 paid by the Executor of the late Mr. Bastian D'Souza to the Mercara Municipal Funds for the building of a European Ward in the Mercara Hospital. The total expenditure during the year amounted to Rs. 18,221 against Rs. 15,053. The cash balance at the end of the year was Rs. 6,210 against Rs. 2,934 in the previous year. In the Rs. 6,210 is included Rs. 1,624 unexpended out of Mr. D'Souza's bequest. This sum has since been spent, the ward being nearly completed.

74. *Sanitation.* Great alarm was felt in the town at the prevalence of the Bubonic Plague in the Mysore Province. No opposition was offered to the measures adopted by the committee to prevent the disease breaking out and resist it, should it unfortunately appear. A careful house-to-house visitation was instituted, each house being visited by the members of the committee for the quarter accompanied by the Sanitary Inspector and by a Hospital Assistant. Many refugees from Mysore coming up, a careful inspection of travellers was also instituted, not only on the frontier but of those coming into the town. The old regimental hospital which is situated some distance from the bazaar was put under repairs and refitted as a Plague Hospital.

75. Bamboo and other materials were collected and mats provided for the erection of huts in case it should be found necessary to evacuate any portion of the town.

76. The cost of these measures was partly met from municipal, and partly from Local Funds, as it was felt that if an out-break did take place, it would not be so much the towns-people who would suffer as the coolies from the neighbouring estates. The President and the members of the committee urged on the towns-people the advisability of making arrangements to be ready to evacuate their houses and to live in their coffee gardens should plague really break out and most of the inhabitants willingly did this.

77. Rupees 1,132 were spent during the year under report in carrying out the suggestions of Mr. McHutchin, Superintending Engineer, Mysore, for the strengthening of the bund of the Mercara water supply reservoir.

78. *Virajendrapet Municipality.* The income of the municipality was Rs. 10,393 against Rs. 10,588 in the previous year and the expenditure amounted to Rs. 7,343 against Rs. 8,248 in 1897-98, leaving a cash balance of Rs. 9,618.

79. The health of the town was good throughout the year.

Minor Municipalities.

80. The following statement shows the financial state of these municipalities :—

Name of Municipalities.	Receipts.	Expenditure.	Cash Balance.
Fraserpet	1,187.	1,173.	1,800.
Somwarpet	1,732.	1,205.	1,503.
Kodlipet	946.	876.	863.

81. *Fraserpet.* The roads were repaired at a cost of Rs. 182, and Rs. 186 were spent in erecting plague inspection sheds, etc. The conservancy establishment, lighting education, etc., were maintained at a cost of Rs. 805.

82. *Somwarpet.* Rupees 86 were spent on road repairs and Rs. 1,119 on conservancy, etc., establishments.

83. *Kodlipet.* The expenditure on Conservancy, Education, Lighting, etc., Establishments amounted to Rs. 876.

MILITARY.

84. *Coorg and Mysore Rifles.* The strength of the corps was 269 as compared with 272 in the previous year.

85. Camps of instruction were held at Pollebetta from the 27th March to the 1st April, and at Mercara from the 5th to the 10th April 1899.

86. The distribution of the corps was as follows :—

Head Quarters.—Mercara.

IV. PRODUCTION AND DISTRIBUTION.

AGRICULTURE.

88. *Wet Lands.* The area under rice cultivation was 94,294 acres as compared with 94,843 acres in 1897—98.

89. *Dry Lands.* The area under dry and garden assessment was 22,975 against 23,854 acres in the previous year.

90. *Coffee.* The total area of coffee land was 1,04,545 acres against 1,08,611 acres in the previous year. As explained last year this area includes a great extent of land which, though originally under coffee, is now allowed to remain waste by its owners as not suited for coffee. It also contains a considerable extent of Cardamom lands. Many of these waste lands, however, have been

resigned by their holders during the year, the depression in coffee rendering them less saleable than before: hence the falling off in the acreage.

91. The area of assessed coffee lands held by European and Native owners respectively is as follows:—

	No.	Acres.
European Estates	378	32,612
Native „	14,639	71,933
Total.....	15,017	1,04,545

92. *Labour.* Some little difficulty was experienced by the Public Works Department in obtaining labour, but for the plantations the supply was quite equal to the demand.

93. *Live-Stock.* The mortality amongst cattle was 9,006 against 6,522 in the previous year. The previous year's mortality was, however, unusually low, as the year before the figure came to 12,193. Only 258 of the deaths were due to rinderpest, but no fewer than 1,156 were killed by tigers and cheetahs and 79 by wild dogs.

WEATHER AND CROPS.

94. The rainfall registered during the year 1898—99 was :—

	Inches.	Cents.
At Mercara	110	24
„ Somwarpet	81	84
„ Anandapur (South Coorg)	59	94
„ Fraserpet...	39	32
On the Western Ghats, Dunkeld Estate ...	143	76

95. The rainfall gauged at Mercara was 11·9 inches below the average, the average for the past 5 years being 122·20 inches. There was rain in every month in the year, except January. The heaviest fall on any one day at Mercara was 3·45 inches on the 27th July 1898.

96. Unusually heavy rain fell in February and March, when the coffee blossoms, and it is feared has seriously injured the prospects of the crop for the coming year.

97. *Coffee.* The coffee crop during the year was 4,558 tons against 2,500 tons in 1897—98. Although the crop was satisfactory in quantity, it, for some unknown reason, turned out to be, as a rule, poor in quality. Owing to this and to a glut of coffee in the market caused by large supplies from Brazil, wretched prices have been obtained and the industry is in a very depressed state.

98. *Tea.* The tea planted in the Sampaji Ghaut was not very successful, perhaps owing to the operations being somewhat hurried. Planting is being continued this year with every prospect of greater success.

99. *Cinchona.* The planting of cinchona has ceased in Coorg. There is a chance, should the present prices continue, of attention being again turned to this cultivation. An application was received for the right to bark some trees on one of the abandoned estates. The right was put up to auction, but only the small offer of Rs. 100 received.

HORTICULTURE.

100. There are no Government gardens in Coorg.

* Due to correction in the previously recorded area of the Mawkal Forest.

† Given for cultivation.

102. *Forest Settlement.* No work under this head, as the Protected Forests have not yet been notified under section 4 of the Act.

103. *Demarcation.* During the year 1½ miles of boundary lines in the Hatgat Range and 25 miles in the Kutumpole Range between Coorg and Malabar were cleared of tree-growth *&c.*, at a cost of Rs. 340—4—0.

104. Forty five boundary pillars were erected during the year at a cost of Rs. 44, and 942 pillars were repaired at a cost of Rs. 231—3—0.

105. *Surveys.* No topographical survey work was undertaken during the year.

106. *Working-Plans.* The Working-Plan for the Arkeri forest was sanctioned during the year and that for Devamachi-Mawkal forest which was submitted for sanction was returned for alteration. The Working-Plan for Dubare forest has been prepared and is in Press.

107. Working-Plan for the Gadinad-Yadavanad forests and for sandal exploitations are under consideration.

108. *Roads and Bridges.* About 9 miles of new road were opened in the Hatgat Range, and 100 miles were repaired.

109. A trace of 14 miles was made from Kutumpole to Nalknad for a bridle path and about 7 miles of it were cleared of vegetation for Rs. 81.

110. Two temporary bridges were constructed in the Cauvery Range.

111. The total cost under this head was Rs. 1,923—6—0 against Rs. 3,000 of the revised estimate.

112. *Buildings.* A Forester's hut and 8 Guards' huts were constructed. Stables were also begun at Dubare.

113. The new rest house at Murkal in the Hatgat Range which was commenced in 1894 was almost finished. Existing buildings in all the Ranges were repaired.

114. The total cost was Rs. 3,592—10—7 against the revised estimate of Rs. 5,000.

115. *Forest Offences.* The number of offences reported was 54 against 61 in the previous year.

116. Of the 7 cases that were pending at the close of last year, one is still not finally settled as the accused cannot be found.

117. There were 21 prosecutions. Convictions were obtained in 9 cases; in 3 cases the accused were acquitted, and 9 cases were pending at the close of the year.

118. Thirty three cases were compounded.

119. *Fire Protection.* The number of fires was 23 against 32 in last year.

120. The fires may be roughly classified as follows :—

Causes.	No.	Acres.
Incendiary	11	3,776
Accidental	6	99
Unknown	4	2,305
Carelessness	2	9
Totel.....23		6,189

121. The number of fires reported in the previous year was 50 and the area burnt 37,347 acres. The total cost under this head was Rs. 6,322—7—6 against Rs. 10,851—15—5 in last year and the revised estimate of Rs. 7,500.

122. *Grazing.* The number of cattle grazed during the year was 4,714 against 5,390 in the previous year.

123. Besides the above, cattle permitted free grazing as of right and 4,076 head of Amrat Mahal cattle were admitted in certain blocks of the Hatgat-Nalkeri forests.

124. The total revenue derived under this head including the sale of grass &c., was Rs. 1,899—13—6 against Rs. 2,196—10—9 in the previous year.

125. *Artificial Re-production.* During the year no extensions were made under Regular Sandal Plantations in Coorg. Five acres were added to the teak plantation at Kutumpole. The result is fair.

126. The areas planted in previous year were weeded.

127. Two hundred and twenty acres were dibbled with sandal in Anekadu-Attur, 30½ acres in Kudlur and 35 acres in Dubare were dibbled with teak seed

128. *Kumri.* The kumri areas at Dubare, Tittimatti, Karmad and Nalkeri were extended by 10, 30, 20 and 15 acres respectively. Only 50% of the plants put out succeeded. Wherever weeding has been thoroughly done, the Kumries have been eminently successful, but in too many cases the teak and sandal seedlings haven been overgrown and killed by the re-growth.

129. A sum of Rs. 679—8—2 was disbursed to Kurumbers for raising 56,146 teak, honne and biti plants in 100 acres in South Coorg.

130. The total expenditure under this head including cost of collection and conveyance of seed etc. was Rs. 3,074—1—6 against the revised estimate of Rs. 4,000.

131. *Climber Cutting.* Climbers were cut over an acre of 1,107 acres in South Coorg.

132. *Yield and Working.* The following statement shows the quality of timber cut departmentally during the year from the Reserved Forests compared with last year:—

1897—98. Cubic Feet.	1898—99. Cubic Feet.
69,881	41,670

133. The quality of timber disposed of from the Reserved Forests during the year as compared with the previous year is shown in the following statement:—

Year.	Felled departmentally.	Felled by purchasers.	Total.
1897—98	65,114	64,394	1,29,508
1898—99	47,908	57,258	1,05,166

134. Purchasers removed 53,783 cubic feet of timber from Paisaries and other Protected forests, as compared with 1,12,025 cubic feet in the previous year

135. *Sandalwood.* The revenue of the year was Rs. 66,224-10-8 against Rs. 27,847 in 1897—98. One hundred and forty three tons of sandalwood were collected during the year against 58 tons in last year.

136. The cost of collection per ton was Rs. 28—8—8 against Rs. 25-5-3 for last year. The increase is due to sandal being brought from South Coorg forests and extra charges incurred in conveying it to cart tracks from remote localities.

137. *Bamboos.* 1,64,356 bamboos were removed from the forests as compared with 1,83,970 in the previous year.

138. *Cardamoms.* The revenue realized under this head was Rs. 15,054-3-7 against Rs. 12,312—6—11 in last year.

139. *Minor Produce.* The right to collect minor produce was auctioned and the amount realized by these sales was Rs. 851—10—5 against Rs. 607 in the previous year.

140. *Free Grants.* Thirty three trees, 1,130 poles and 15,975 bamboos were granted free of charge from the Protected forests during the year as compared with 270 trees, 64 poles and 9,200 bamboos in last year.

141. *Waste Lands.* The number of timber valuations was 61 against 79 in the previous year. The value of the timber realized was Rs. 12,243—11—9 against Rs. 2,634 in the previous year.

142. *Financial Results.* The following statement gives the financial results of the year as compared with those of 1897—98:—

	1897—98.	1898—99.
Receipts	1,30,910	1,55,070
Charges	87,066	80,092
Surplus.....	43,844	74,978

143. The receipts of the year show an increase of Rs. 24,160 chiefly due to larger sales of sandalwood. The expenditure shows a decrease of Rs. 6,974 over last year.

MINES AND QUARRIES.

144. The estimated out-turn of minerals during the year 1898, as given by the Executive Engineer, is as follows:—

	Tons.
1. Clay used for manufacturing bricks and tiles	800
2. Granite used for metalling roads and building purposes ...	9,472
3. Laterite do ..	190

145. No progress was made in the prospecting for mica, and but little was done by private proprietors to develop the deposits known to exist. This was owing to discouraging reports on the quality of the mica, from home. The issue of the new Mining Ruies was also awaited.

MANUFACTURES.

146. Work at the Pottery and carriage Factory at Mercara, owing to the difficulty in procuring labour on account of the plague in Mysore was temporarily suspended.

TRADE.

147. *Exports.* The exports from Coorg comprise coffee, cardamoms hides, plantains, oranges, timber, sandalwood and paddy.

148. *Imports.* The chief imports are:—

	Rs.
Animals (buffaloes, cows and sheep) value say ...	1,00,000
Piece goods	50,000
Grain	3,25,000
Liquors	40,000
Provisions	1,00,000
Salt	2,00,000
Sugar	1,25,000
Oils	1,50,000
Spices and condiments	20,000
Sundries including bone and other manures	50,000

149. The above figures are unreliable as no trustworthy data are available on which to frame them.

PUBLIC WORKS.

150. The budget grant for Imperial Civil Works during 1898—99 was Rs. 1,87,000, which was increased in November 1898 to Rs. 1,91,814 as against

a grant of Rs. 1,64,000 for 1897—98 and Rs. 2,25,000 for 1896—97. The outlay during the year was Rs. 1,92,261 or Rs. 447 more than the grant; this small excess is due to outlay below Rs. 500 incurred without appropriation on the incomplete original works of the previous year.

Civil Buildings.

151. *Original Works.* The total outlay under this head was Rs. 20,168 against a grant of Rs. 20,362 or Rs. 194 less than the grant. The small reduction is due to savings under Minor works.

152. There were 4 major works in progress during the year, of which, one *viz.*, the constructing a 4th class Nad Cutcherry at Kargunda has been completed and handed over to the Civil Department.

153. The additions to the Madapatna distillery were pushed on quickly, the original allotment being Rs. 1,545, further funds becoming available, the allotment was increased, and Rs. 3,984 were expended.

154. Good progress was made on the construction of Police Lines at Somwarpet, the revised allotment of Rs. 5,000 being fully worked up to, and an excess of Rs. 49 being incurred.

155. There were 48 minor works in progress, of which 37 have been completed.

156. *Repairs.* Rupees 10,033 were spent under this head against the grant of Rs. 9,793. The excess of Rs. 240 is due to expenditure in excess of estimate having been incurred on repairs to the police stations, police lines, Nad Cutcherries and schools in No. 11 Sub-Division. It has been met from savings on other works.

157. *Communications, Original Works.* The outlay was Rs. 21,815 against the grant of Rs. 20,945 or Rs. 870 more than the grant. The excess is due to outlay below Rs. 500 each incurred without appropriation on the incomplete works of the previous year.

158. The following works were completed during the year :—

1. Constructing 1st class Travellers' Bungalow at Somwarpett.
2. Constructing iron-girdered bridge at Bittangala on approaches Periambadi Ghaut.
3. Constructing cooly shelters on Ghaut Roads, (1) at Jodepala (2) at Mercara, &c.
4. Constructing 1st class road from Amatti to Titimati.

159. Owing to the dfficulty of obtaining labour this year, it was not found possible to work up fully to the allotments made for :—

1. Metalling 4th section approaches Periambadi Ghaut.
2. Metalling 1st section Virajpett-Periapatam Road.

The original grants were therefore reduced and the savings re-appropriated for other works.

160. Satisfactory progress was made on opening out the Ponampett-Wynaad Road. This road when completed will open out a large extent of, hitherto, practically roadless country. Although work only commenced this year, a considerable number of carts have already been employed in brirging out produce along the trace; previously pack bullocks and ponies only could be used.

161. Besides the above, there were 9 minor works in progress, of which 4 have been completed.

162. *Repairs.* The outlay under this head was Rs. 87,013 against the grant of Rs. 86,045 or Rs. 968 in excess of the grant.

The excess has been met from savings on other heads.

163. During the year, 122 miles 1½ furlongs of mettled roads (the same as the previous year) were maintained at an average cost of Rs. 590 per mile, and 56 miles and 4 furlongs of unmettled road at an average cost of Rs. 163 per mile.

164. The rate of maintenance of metalled roads is considerably higher than that of the previous year *viz.*, Rs. 421 per mile; it is not, however, at all excessive, as it only allows of the roads receiving a coat of metal once in from 8 to 10 years.

165. *Miscellaneous Public Improvements, Original Works.* The net outlay under this head was Rs. 8,763 against the grant of Rs. 9,222 or Rs. 459 less than the grant. The difference is due to the short expenditure on the work "Opening out camping ground at Sidapur," as it was sanctioned only in February 1899. The construction of the Chickle-Holé channel was nearly completed during the year, but the work has not yet been handed over by the Public Works Department.

166. Considerable delay has occurred in completing this work, owing to unfavourable local conditions. It would have been completed earlier, but an embankment was carried away by flood water in September. This embankment has since been replaced by an aqueduct of two 10 feet spans. The channel has also, lately, given trouble through leakage, but it is hoped that these leaks will fill up during the approaching monsoon, when the soil becomes thoroughly saturated.

167. The following major works are in progress :—

1. Constructing a dam and erecting a channel across the Kakke Holé in Ramaswami Kanve.

The allotment for this work being only Rs. 1,000, nothing was done beyond collection of stone for the dam and aqueducts.

2. Improvements to Doddakanagalu tank.

2. Do Niluvagalu tank.

The allotment for these tanks were fully worked up to.

168. Five minor works were completed during the year and 4 works are in progress.

169. *Repairs.* The outlay was Rs. 2,151 against the grant of Rs. 2,464 or Rs. 313 less than the grant.

170. *Establishment.* There was a lapse of Rs. 305 under this head, the grant and outlay being respectively Rs. 39,500 and Rs. 39,195.

171. *Tools and Plant.* The outlay was Rs. 3,348 against the grant of Rs. 3,483 or Rs. 135 less.

172. *Imperial Military.* The outlay on works and repairs was Rs. 286 against the grant of Rs. 262. Rupees 97 was spent in improving the Powder Magazine in the Fort, Mercara, that is being used by the Coorg and Mysore Rifle Corps, and Rs. 189 in annual repairs to the Sergeant-Instructors' quarters at Mercara, Pollebetta and Chickmagalur.

173. *Incorporated Local Funds.* The outlay under this head was Rs. 25,442 against the grant of Rs. 25,000 or Rs. 442 in excess of the grant.

174. The following works were completed :—

1. Preparing a 'dug-out' for the Kottammudi ferry.
2. Providing new landing stages for ferries in No. 1 Sub-Division.
3. Constructing stone landing-piers at Bethari Kadu ferry.
4. Renewing the artificial supports of the swing-ferry at Bethari Kadu.
5. Constructing bamboo raft for Kikkatu ferry.

6. Constructing butchers' stalls and slaughter-house at Suntikoppa.

7. Constructing cattle-pound at Sampaji.

8. Do . do . Banavara.

9. Sinking a new well at Banavara in Nidta Hobli.

10. Constructing a 6 feet diameter well at Gonicopal.

11. Metalling the Virajendrapet- Bittangala road.

12. Constructing a bridge over the Kanika river on the Mercara-Bagamandala road.

13. Constructing a temporary bridge over the Bettageri stream.

175. The following works are in progress :—

1. Re-alignment of the section of the Mercara-Nalknad road, between the Cauvery river and Nalknad.

2. Constructing a road from Virajendrapet to Nalknad.

The outlay on these two new roads was small, it being found necessary to reduce the original allotment in order to find funds for plague protective measures.

3. Renewing the roof of the Travellers' Bungalow at Wotecolly.

4. Providing two dug-out boats for the Harangi ferry.

5. Providing new sheaves for ferries in No. 1 Sub-Division.

6. Re-planking Komme Holé bridge on Amatti-Murnad road.

7. Constructing parapet-wall around the Government well at Suntikoppa.

176. The total length of road maintained was 119 miles 2 furlongs at an average cost of Rs. 64 per mile.

177. *Contribution Works.* A sum of Rs. 1,679 was realized during the year on account of contribution works undertaken by the department, against which the outlay is Rs. 1,992. The excess of Rs. 313 represents the amount spent during the year on incomplete works of the previous year.

178. *Labour.* No advances to labour were made during the year. Rupees 431—1—6 were written off as irrecoverable.

179. There has been very great difficulty in procuring labour in No. II Sub-Division this year, and it was found impossible to expend in full the allotments on some of estimates. This is not in any way due to the stoppage of advances, but is entirely owing to the plague, which was so prevalent in the Mysore District during the working season of the year.

180. There is little local labour to be had in Coorg, most of the coolies for No. II Sub-Division come from the Mysore District, between Bangalore and Mysore, whereas for No. 1 Sub-Division the labour is almost entirely imported from the West Coast, and here therefore the effect of the plague was not felt.

181. *Rates.* Reduction is still being made in some of the rates, though it has been found that some of the reductions originally effected were too great and slightly higher rates have had to be given.

182. *Explosives.* The rules issued last year regarding the custody and use of dynamite have worked well and prevented dynamite being surreptitiously obtained for the destruction of fish, etc.

POST OFFICE AND TELEGRAPHS.

183. *Post Office.* Fourteen local post offices against 15 are shown at the end of March 1898, but there is no real decrease in the number of offices, only a transfer of the District Post Office at Somwarpet to the Imperial Post. The number of letter boxes remained the same as last year *viz.*, 8. Only one post-man is now maintained from District Post against two in the previous year, as the man at Somwarpet has been taken over by the Imperial Establishment. The number of village post-men has remained the same as last year *viz.*, 18. The runner at Gonikopal was converted into a village post-man and the village post-man at Somwarpet, formerly paid from provincial funds, was taken on the Imperial Establishment.

184. There has been no change during the year under the head of main lines. The distance over which mails are carried on district post lines is the same as in the previous year, *viz.*, 113 miles.

185. The year was barren as regards any event of interest in connection with the District Postal Service in Coorg.

186. The mail tonga service from Mysore to Mercara continued to work satisfactorily.

187. The post office has not this year furnished any information as to the number of quinine packets sold.

188. The receipts from the sale of postage labels amounted to Rs. 29,685-6-9 during the year under report, of which, Rs. 23,414—0—3 were from ordinary labels, and Rs. 5,861—6—6 from service labels, and Rs. 410 from postal service labels.

189. The total amount debited to Post Office during the year was Rs. 19,120-7-9. The charge debitable to District Post amounted to Rs. 8,256-11-3 against Rs. 8,472—1—10 in the previous year.

TELEGRAPHS.

190. The number of Telegraph Offices has remained the same as last year, *viz.*, 6. The number of telegrams despatched during the year was 5,846 against 5,940, or a decrease of 94 messages. The Indian share of collections thereon was Rs. 5,978—3—7 as compared with Rs. 6,216—6—1 during 1897—98.

191. No amount was drawn by the Telegraph Department from the Coorg Treasury during the year.

192. The amount credited during the year was Rs. 750 as compared with Rs. 496 in the previous year. This represents the value of telegraph stamps purchased from the Coorg Treasuries on account of foreign messages.

193. Telegraph offices in Coorg being combined with post offices, the establishment charges and the receipts on account of inland messages are shown under "Post Offices."

IRRIGATION.

194. The repairs to the Doddakanagalu tanks were commenced and will shortly be finished.

195. The surveys for an important new dam across the Kakke-Hole river have been completed and the anicut will be commenced in the coming year. This work, when completed, will bring about 1,200 acres mostly now jungle, under rice cultivation. The main channel will extend for $6\frac{5}{8}$ miles, and in every way the project is a promising one.

196. The Chickle-Hole channel, owing to an unfortunate break-down of an aqueduct, remained still incomplete at the end of March 1899, and the sale of the waste lands under it had to be postponed, as, until the ryots actually see the water in the channel, they will not come forward to bid for them.

V. REVENUE AND FINANCE.

A. IMPERIAL REVENUE AND FINANCE.

197. The total demand for the year 1898—99, was Rs. 9,63,928 as compared with Rs. 9,26,902 in the previous year as detailed below :—

		1897—98.	1898—99.	Increase.	Decrease.
I.	Land Revenue	3,76,263	3,69,997	...	6,266
II.	Casual Land Revenue ...	22,099	21,380	...	719
III.	Forests	44,224	1,05,105	60,881	...
IV.	Excise	2,79,705	2,78,395	...	1,310
V.	Miscellaneous	2,04,611	1,89,051	...	15,560
	Total.....	9,26,902	9,63,928	60,881	23,855
	Deduct decrease	...	...	23,855	...
	Net increase	...	...	37,026	

198. The variations under the more important heads are explained below :—

199. *Land Revenue.* The decrease is as follows :—

		Rs.
1.	Ryotwar Kandayam	1,311
2.	Dhuli	152
3.	Coffee	4,803

200. The decrease under Ryotwar Kandayam is Rs. 1,502, but there was an increase of Rs. 191 under 'Miscellaneous Demand' during the year, and the net decrease is only Rs. 1,311. The decrease is due to the resignations of some lands and to others having been resumed to Government in default of the owners paying the assessment due on them. Before resuming, the lands are put to auction and are only resumed if no bidders come forward. Both the resigned and the resumed lands are almost all rice lands which had been for long waste.

201. Under coffee, the total falling off in revenue is Rs. 7,953. This is due to many resignations and to many estates being bought in by Government after being put up to auction for the arrears due on them. Few, if any, cultivated estates were resigned or sold, but numerous lands on which coffee had failed, or which had been taken up by speculators when coffee land was in great demand, not for cultivation but to sell, were resigned or allowed to be sold for arrears as in the depressed state of the industry, no one will buy coffee land unless it is unusually good. There was an increase of Rs. 3,150 under miscellaneous demand which brought the net decrease down to Rs. 4,803.

202. *Casual Land Revenue.* There is a net decrease of Rs. 719, under this head. The important variations are :—

		Increase.	Decrease.
1.	Sale proceeds of waste lands	...	743
2.	Receipts under recovery of arrears ...	348	...
3.	Nazarkanike fees	...	231
4.	Mohatarfa paid by non-agriculturists ...	...	137

203. In item I, the price of timber realized, which was high, is not taken into account. The prices offered for land were low owing to the absence of competition.

204. Permission to alienate *jama banes* having been accorded in only a few cases during the year, there has been a falling off in the sum received as a royalty, hence the decrease in the receipts under item 3.

205. Fewer petty tradesmen and labourers, owing to the depression of trade, came to Coorg than usual, hence the small decrease under item 4.

206. Owing to the strictness with which the timely recovery of the assessment was insisted on, a large number of processes had to be issued to defaulters and the fees on these processes are the chief cause of the increase under item 2.

207. *Forests.* The revenue under this head shews a net increase of Rs. 60,881; the chief increases and decreases are:—

		Increase.	Decrease.
1.	Under cardamom tax	...	1,330
2.	Do sale of timber on waste lands ..	8,909	..
3.	Do collection by Forest Department ..	53,316	...

208. The decrease under cardamom is owing to resignations following on a run of bad seasons and low prices.

209. The increase under item 2 is mainly due to a jungle on which the timber valuation came to Rs. 7,597 having been bought by a planter under the Waste Land Rules.

210. The increase in the revenue under "Collection by Forest Department" is due to better sales of sandalwood (Rs. 54,200) and of timber (Rs. 26,100) as compared with Rs. 3,533 and Rs. 11,822 respectively in the previous year.

211. *Excise.* There is a small decrease of Rs. 1,310 under this head. The chief increases and decreases are shown below:—

		Increase.	Decrease.
1.	License fees	...	288
2.	Rent on toddy trees	...	728
3.	Opium	...	843
4.	Ganja	...	150
5.	Abkari cess	653	...
6.	Sale proceeds of Excise Opium ...	60	...

212. The decrease under license fees is due to one of the shops for the sale of foreign liquor having been closed owing to the vendor's failure.

213. The decrease under "Toddy" is due, as explained in the Excise Report, to the competition for the farms being less keen than in the previous year.

214. The falling off under "Opium" is owing to there having been only one tender of Rs. 1,000 made for the right to sell opium against Rs. 1,765 given last year.

215. The decrease under "Ganja" is explained by the fact that no one could be induced to take up the contract on account of the heavy duty on the drug. It had consequently to be sold departmentally and great difficulty was experienced in obtaining the drug.

216. The increase under "Abkari Cess" is due to the quantity of arrack issued from the distillery being more than the quantity issued in the previous year by 5,227 gallons.

217. *Miscellaneous.* There is a net decrease of Rs. 15,560 under this head, the variations being chiefly under the following sub-heads:—

		Increase.	Decrease.
1.	Stamps	...	12,223
2.	Law and Justice	2,440	...
3.	Jails	...	3,127
4.	Land Record Cess	...	415
5.	Income tax	...	425
6.	Interest	332	...
7.	Post Office	...	1,433
8.	Telegraph	254	...
9.	Stationery and Printing	...	871

218. The revenue under these heads are fluctuating and the decreases under "Stamps and "Income Tax" are chiefly attributable to the heavy fall in the price of coffee and to the general depression of trade.

219. The decrease under "Land Record Cess" follows of course the fall in the assessment noted in paragraphs 200, 201 and 208.

220. The income under "Jails" was less owing to the receipts from the various manufactures carried on being reduced by the general depression of business.

221. The decrease in the revenue from Post Office is chiefly due to sales of ordinary postage labels falling from Rs. 25,107 in the previous year to Rs. 23,414 during the year under report.

222. Under "Stationery and Printing" the falling off is due to the transfer of the sale proceeds of water-marked paper, *viz.*, Rs. 772 from this head to "Stamps" and the balance to the decrease in the receipts from the Jail Press owing to the existence of a private press in the town having taken away some of its private custom.

223. *Outstanding Balances.* The balance of revenue outstanding under all heads at the close of 1897—98 was Rs. * 3,69,661. Including the demand for the year under report *viz.*, Rs. 9,63,928 the amount for collection was Rs. 13,33,589.

224. The collections (which include Rs. 1,200 received in advance of the demand for 1899—1900 under Excise) amounted to Rs. 10,50,293. To this sum should be added Rs. 1,710 received and credited in 1897—98 in advance for 1898—99 under Excise, and Rs. 32,191 being remissions sanctioned by Government and struck off the accounts.

225. The amount collected or adjusted during the year was Rs. 10,82,994, leaving a balance of Rs. 2,50,595 outstanding on 1st March 1899, as compared with Rs. 3,69,661, or Rs. 1,19,066 less than in the previous year.

226. This balance is distributed as follows :—

	Rs.
Land Revenue Kist collectable in April	82,857
Land Revenue and cesses payable by Europeans in June ...	67,145
Forests	7,475
Excise	91,755
Income-Tax	1,363
Total.....	2,50,595

227. Of this balance Rs. 1,52,870 was collected up to 15th July 1899.

228. *Net Surplus Revenue.* The gross receipts on account of Imperial Revenue amounted to Rs. 10,53,829 or Rs. 2,15,018 more than in the previous year. The increases are under Land Revenue and cesses, due to the collection within the year under report of one of the two kists which were hitherto collected after the close of the year, according to the orders of the Chief Commissioner altering the commencement of the kists from February to January. This accounts for Rs. 88,600. The balance is due to the strict collection of arrears for previous years.

229. There were also small increases under Law and Justice and Income Tax.

230. The balance of Rs. 91,755 under Excise is due almost entirely to the arrears of still-head duty, *viz.*, Rs. 91,175 outstanding against the late Abkari Contractors. They were permitted under the orders of the Chief Commissioner to postpone the payment of the guaranteed amount until the end of the year, provided they paid duty on the actual monthly issues. This concession was allowed as the contractors were losing heavily owing to very short sales of liquor caused by the general depression of trade and general want of money. These arrears are, however, covered by their deposit and stock in hand, which could not be credited to Government as the Contractors have petitioned Government for the remission of the outstandings.

*This includes the two instalments collectable only in April and May.

231. The variations under other heads are explained in paragraphs 202 to 222 of the report.

232. The net receipts after deducting refunds and charges against income amounting to Rs. 2,27,289 came to Rs. 8,26,540 as compared with Rs. 6,10,346.

233. The expenditure charged against net income was Rs. 3,56,449. The surplus was therefore Rs. 4,70,091 against Rs. 2,65,723 in the previous year. The increase in the surplus is chiefly due to the increase in the collection of land revenue and the better sales of sandalwood and timber.

234. *Cash Transactions.* The cash balance at the close of 1897—98 was Rs. 3,77,342. The net revenue collected, including the items of local revenue, was Rs. 8,93,247.

235. The revenue received and paid away amounted to Rs. 2,28,360 and the deposits to Rs. 92,430. Receipts on account of bills drawn on other treasuries came to Rs. 2,33,512 of which Rs. 2,12,097 represent receipts of the postal department on account of money orders, savings bank &c.

236. The remittance from other treasuries amounted to Rs. 11,91,000 and consisted of Rs. 10,96,000 in whole rupees, Rs. 80,000 in small silver, Rs. 10,000 in copper and Rs 5,000 in small notes.

237. These sums, with the refunds &c., made during the year, bring up the total transactions of the Coorg treasuries to Rs. 30,23,566 as compared with Rs. 29,43,044 in the previous year.

238. The disbursements include a remittance to Madras of Rs. 3,92,399, Rs. 5,920 in advances, Rs. 89,993 in repayment of deposits, Rs. 22,520 in repayment of loans on Government Securities and as interest thereon, Rs. 16,22,903 on account of bills of other treasuries paid, and Rs. 332 on account of expenditure for other Governments. The cash balance at the close of the year was Rs. 2,36,938.

REVENUE AND FINANCE OTHER THAN IMPERIAL.

239. *District Funds.* At the beginning of the year under report there was an outstanding balance of Rs. 5,520. Including this sum the demand amounted to Rs. 36,155, and the collections to Rs. 30,889. Rs. 2,357 of the uncollected amount is due to the failure of one of the Toll Contractors to pay up the whole of his contract (Rs. 7,062). He is now with the sanction of the Chief Commissioner being sued for the amount. Nearly all the remainder has since been recovered, only Rs. 110 having to be remitted.

240. The followiug items compose the demand :—

	Rs.
Market Fees	1,530
Tolls on roads and bridges..	22,628
Tolls on Ferries	1,695
Staging bungalows	695
Pound fees and sale of unclaimed cattle	2,846
Miscellaneous	1,241
Total....	30,635

241. The year opened with a cash balance of Rs. 9,599. Including the collections which amounted to Rs. 30,889 as stated above, the total amount at the credit of this fund was Rs. 40,488.

242. The expenditure was Rs. 37,483 as detailed below :—

	Rs.
Refunds	10
Cost of Establishment &c.	8,875
Plague expenditure	3,156
Works by the Public Works Department .. .	25,442
Total Rs....	37,483

243. The cash balance on 31st March 1899 was Rs. 3,005.

244. *Municipal Funds.* Including the opening balance of Rs. 13,057, the total income of the five municipalities in Coorg amounted to Rs. 48,812 or Rs. 8,541 more than in the previous year.

245. The expenditure amounted to Rs. 28,818 as compared with Rs. 27,214 in the previous year, leaving a cash balance of Rs. 19,994 at the close of the year.

246. *Advances made during the year.* Advances to the extent of Rs. 1,940 and Rs. 1,060 were made under the Agriculturists and Land Improvement Loans Acts during the year, as compared with Rs. 2,000 and 2,030 respectively in the previous year.

247. The advances are made for the purposes laid down in the Rules under the Agriculturists and Land Improvement Loans Acts on the security of landed property or upon approved personal security.

248. The balance to be collected at the close of the year 1897—98 was Rs. 15,246-10-8. Including the advances made during the year *viz.*, Rs. 3,000, the total amount for recovery came to Rs. 18,246—10—8. But this sum is of course due in instalments and not recoverable all in one year.

249. Of the above Rs. 5,204—4—6 were repaid during the year under report, leaving an outstanding balance of Rs. 13,042—6—2 at the close of the year.

VI. VITAL STATISTICS AND MEDICAL SERVICES.

DETAILS OF CENSUS.

250. *Vide* paragraphs 53 to 75 of the report for 1892—93.

SEASONAL PHENOMENA.

251. The rainfall during the year was 110·24 inches compared with 134·30 inches in 1897—98. Rain fell in all the months except January 1899. The heaviest fall on any one day was 3·45 inches on the 27th July 1898.

BIRTHS AND DEATHS.

252. The total number of deaths registered was 5,016 compared with 8,719 in the previous year. The ratio of deaths per mille was 28·99.

253. *Prevailing diseases.* Malarial fevers, Dysentery and Diarrhœa, diseases of the digestive system, worms and the diseases of the respiratory system. The total number of deaths from all causes was as follows:—

Small-pox	35
Fever	4,259
Dysentery	157
Injuries	56
All other causes	509
	5,016

254. *Small-pox.* Thirty five deaths occurred during the year compared with 54 in the previous year. The largest number of deaths (10) in any one month occurred in February 1899.

255. The number of births registered during the year was 3,201 compared with 2,930 in the previous year. The death rate exceeded the birth rate by 1,815.

EMIGRATION.

256. *Nil.*

MEDICAL RELIEF.

257. *Dispensaries.* The following table shows the number of cases treated in the dispensaries of Mercara, Virajendrapet, Apparanda Napoklu dispensary and Mukati Iyappa's Gonicopal dispensary, Somvarpet, Sunticoppa and Siddapur dispensaries during the year :—

Dispensaries.	In-patients.	Out-patients.	Total.
Mercara Civil Hospital ...	472	8,145	8,617
Virajendrapet do ...	688	6,647	7,335
Apparanda Napoklu Civil Dispensary ...	...	1,598	1,598
Mukati Iyappa's Gonicopal do ...	...	3,861	3,861
Somvarpet dispensary	...	4,846	4,846
Sunticoppa do	...	7,771	7,771
Siddapur do	...	2,947	2,947
Total.....	1,160	35,815	36,975

258. *Mercara Civil Hospital.* The total number of patients treated (in and out-door) was 8,617 being 5,372 less than in 1897—98, which was a very exceptionally feverish year. The supply of medicines and equipment was good and sufficient.

259. *Virajendrapet Civil Hospital.* The total number of patients treated (in and out-door) was 7,335 against 8,475 in the previous year.

260. The figures of the smaller dispensaries have been given in the annual Medical report. Three of these dispensaries had to be temporarily closed, owing to the Hospital Assistants being required for plague prevention duty.

SANITATION.

261. Every sanitary precaution that was possible was taken against the plague, as its spread in the neighbouring Province of Mysore caused great alarm. The most absurd rumours started in Mysore spread like wild fire in Coorg as to the cause of the disease and as to the results of inoculation. No trouble was spared to calm the fears of the people. The Commissioner, the Civil Surgeon and the Subedars going about and partly by arguing with the people and partly by laughing at the absurdities of the rumours, eventually succeeded in reassuring the public. One or two grass sheds were burned down, but no other harm was done. Some of the rioters from Ganjam and Seringapatam, after the riots in Mysore, finding their way into Coorg, there was a good deal of excitment but it was fortunately kept under.

262. The planters, both European and Native, were fully alive to the importance of preventing the plague getting any hold on the province. They almost all had their cooly-lines white-washed, well cleaned up and their sanitation generally attended to. All expressed their willingness to co-operate with Government in any measure it might find to be advisable.

263. The sum of Rs. 729—11—2 was expended by the Public Works Department, and Rs. 9,630—7—6 by the various municipalities on sanitary works. Of the latter sum Rs. 4,850—9—9 was spent by the Mercara municipality, and Rs. 2,824—3—1 by the Virajendrapet municipality.

VCCINATION.

264. The number of cases vaccinated during the year (excluding the dispensary vaccination) was 5,283 shewing a decrease of 5,333. The decrease was caused by vaccination having to be temporarily stopped, owing to the fears of the people on account of the plague inoculation rumours. The vaccination staff were during the time usefully employed on plague (prevention) duty. The average number of cases vaccinated by each Government Vaccinator was 630 and by each municipal vaccinator 174.

265. All the cases vaccinated *viz.*, 5,673 inclusive of dispensary and revaccination were done with calf lymph. Of these, 5,098 cases were successful, being a ratio of 89·86 as compared with 93·82 per cent in the previous year.

266. The number of primary vaccinations included in the above was 4,793 of which 4,416 or 92·13 per cent were successful. The number of revaccination cases was 880 of which 682 or 77·5 per cent were successful. The percentage of successful primary vaccination was less (3·08) than in the previous year, and the revaccinations shew a decreased ratio of 7·54 per cent of successful cases.

267. The total number of cases of dispensary vaccination was 390 against 361 in the previous year, shewing an increase of 29 cases. Out of 239 primary vaccinations 174 or 72·80 and of 151 revaccinations 92 or 60·93 per cent were successful.

268. Of the total population of the province, 29·46 per 1,000 are protected by vaccination against 59·51 in the previous year, shewing a decrease of 30·05 per mille.

269. There were no changes among the vaccination staff during the year. Vaccination operations are now suspended in all municipalities from 15th June to 16th August.

270. The total cost to Government amounted to Rs. 2,172—7—8, and Rs. 571—7—6 to the municipalities.

VII. INSTRUCTION.

GENERAL SYSTEM OF INSTRUCTION.

271. *Vide* paragraphs 331—336 of the report for 1892—93.

EDUCATION.

272. The schools in Coorg have not fully recovered from the disastrous effects of the causes mentioned in the last report which was then described as follows by the Inspector of Schools:—

"The official year just ended was in every respect the very reverse of being favourable to the progress of education. There was an abnormal amount of sickness in the country and an unusually large number of deaths occurred. The coffee and cardamom crops were reported to be below the average. There was scarcity of money in the land, sickness half emptied a good many schools, death reduced the number of pupils in public schools alone by about 150, poverty prevented a large number of old boys from continuing in the schools and stood in the way of many a new boy seeking admission."

273. The increasing poverty of the people has caused a great falling off in the number and strength of private unaided schools, but has affected only slightly the attendance and fee-income of the Government schools.

274. There was a slight improvement in the average daily attendance of pupils. A very marked advance took place in the number of candidates for public examinations and also in the number of successful passes.

275. The total number of schools of all grades and classes was 91 as against 105 in 1897—98. The number of public schools fell from 77 to 76 owing to the closing of the Basel Mission grant-in-aid school at Mercara; the attendance fell from 3,996 to 3,893. The private unaided schools fell from 28 to 15 and the attendance from 332 to 212 respectively in 1897—98.

276. The receipts from fees in public schools fell from Rs. 8,092 to Rs. 7,775. The fees in Government, Municipal and Aided Schools were Rs. 7,386, Rs. 286 and Rs. 103 against Rs. 7,737, Rs. 235 and Rs. 120 respectively.

277. There were 89 candidates for the Lower Secondary and 304 for the Primary Examinations as compared with 62 and 281 respectively in the year before.

278. Of the 3,893 pupils in public schools 3,186 were boys and 707 girls. Classified according to race or creed, there were:—

2,430 Coorgs.	124 Mahomedans.
147 Brahmins.	138 Native Christians.
907 Other Hindus.	13 Europeans and Eurasians.
102 Pariahs.	32 Others such as Jains, Parsees, &c.

279. The educational income during the year was derived from the following sources :—

	Rs.		Rs.
Imperial Funds....	16,771	Fees	7,775
Plough Tax ...	9,443	Other sources ...	2,954
Municipal Funds..	195		
		Total Rs.....	37,138

280. The total expenditure on education amounted to Rs. 37,138 against Rs. 39,051 the previous year, the decrease being due (I) to the closing of the Basel Mission School at Mercara and (II) to savings in salaries owing to the absence on leave on medical certificate of Mr. Moss, the Head Master of the Mercara High School.

281. The Deputy Inspector of Schools paid 167 visits of inspection to schools against 200 and travelled 1,465 miles against 1,603 in 1897—98. The falling off in the out-door work done is explained by his being unable to go out in the month of November owing to an accident.

282. There is no College in Coorg. The only institution that worked up to the Matriculation standard was the Mercara High School. The attendance and fees in this Institution remained almost the same. The results of the various examinations were very good. Ten out of 17 passed the Matriculation, 13 out of 24 the Lower Secondary and 19 out of 28 the Primary Examination. There were 61 pupils in the boarding house attached to the High School against 66 the year before.

283. The English School at Virajendrapet is next in importance to the High School. The number of pupils on the rolls fell from 248 to 228 but the fees rose from Rs. 2,687 to Rs. 2,754. Thirteen out of 26 passed the Lower Secondary Examination and only 14 out of 48 the Primary Examination.

284. The attendance in the Normal School remained the same, *viz.*, 13. Three out of ten passed the Lower Socondary Examination.

MISCELLANEOUS.

ECCLESIASTICAL.

289. *Church of England.* The Government Chaplain visits Mercara and Pollibetta monthly from Mysore, except during the monsoon.

290. The number of members of the Church of England is 210. Of these 200 are Europeans and East Indians and the rest are Natives.

291. The expenditure by Government during the year was Rs. 154.

292. *Roman Catholic Church.* The members of the Roman Catholic Mission number 1,604 Natives, and 13 others, against 1,745 Natives, and 104 others in 1897—98. This mission has churches at Mercara, Virajendrapet, Fraserpet, Sunticoppa and Siddapur. The church at Virajendrapet receives from Government an annual allowance of Rs. 240, a grant which has been continued from the time of the Rajahs.

293. *Basel Evangelical Mission.* This Mission has churches at Mercara and Anandapur. Its members number 333 Natives and 13 others, against 339 Natives and 11 others, in previous year.

STATIONERY.

294. All the articles of stationery are received from the Superintendent of Stationery, Madras, on indents forwarded through the Chief Commissioner's office.

GENERAL MISCELLANEOUS.

295. *Muzarai.* The grant made by Government to Muzarai Institutions, such as temples &c., during the year was Rs. 13,840—15—2 in cash payments, Rs. 1,002—5—0 in deductions made from Land Revenue and Rs. 10,879—8—8 in land endowment; in all Rs. 25,722—12—10.

296. *Coorg Temple Funds.* An annual allowance of Rs. 13,560—8—0 is allotted to the Coorg Temple Funds managed by a committee consisting of a President and 14 members under the Coorg Temple Funds Management Regulation, No. IV of 1892. Only three meetings were held during the year. The average attendance of members at those meetings was 7. As in the previous year, the members of the committee shewed but little interest in their duties, and some alteration in Regulation No. IV of 1892 has become necessary.

297. There were 8 members on the committee at the commencement of the year. Four new members were elected, leaving still 3 vacancies to be filled up at the close of the year.

298. The year opened with a balance of Rs. 3,890—14—5 which with receipts of Rs. 15,504—7—2, brought the total income of the year to Rs. 19,395—5—7. The expenditure came to Rs. 17,640—1—9, leaving a balance of Rs. 1,755—3—10 at the close of the year.

299. The expenditure iucludes a sum of Rs. 1,500 spent in the purchase of paddy for use during the monsoon months and during the annual Kaveri festival, so as to obviate the necessity of purchasing rice locally during the rains at high prices. This accounts for the great reduction in the closing balance at the end of the year. The saving that will be effected in consequence will, it is expected, quite cover the value of paddy purchased.

300. *Offerings.* There was an improvement in the receipts from offerings, which amounted to Rs. 1,018—0—8, as against Rs. 805—7—1 in the previous year. There was also a sum of Rs. 409—2—3 realized by the collection of paddy contributed voluntarily towards the Bhagamandla and Tala-kaveri Pagodas by agriculturists, in different parts of Coorg, at the rate of 10 seers per 100 batties of land held by them.

301. *Out-standing debts.* The outstanding debts remaining for collection on 31st March 1898 were ... ... Rs. 23,769 5 7
Add interest and Court costs ... „ 846 14 9

Total.....24,616 4 4

Deduct recoveries during the year	Rs.	43	12	0		
Remitted or struck off as irrecoverable	„	342	15	1		
					386	11 1

Balance outstanding on 31st March 1899.....24,229 9 3

302. The collections were again very poor, being only Rs. 43—12—0, as compared with Rs. 94—9—4 in 1897—98, and Rs. 889—4—0 in 1896—97.

303. *Supply of Food.* The expenditure incurred in the purchase of provisions for supply to pilgrims &c. amounted to Rs. 10,690—0—6, as compared with Rs. 9,873—3—10 in the year before. The former sum, however, includes Rs. 1,580, being the price of paddy purchased last year for use during the current year as stated in paragraph 299 above.

304. *Construction and Repairs.* The expenditure under this head amouted to Rs. 103—15—0 as against Rs. 113—0—6 in the previous year.

Note by the Honourable Lieut.-Colonel Donald Robertson, C. S. I., Chief Commissioner of Coorg.

—:o:—

The year 1899—1900 was uneventful, and there is nothing of special interest to record. Coorg fortunately escaped actual famine, but there was very scanty rainfall. Crops suffered in consequence, and short produce, accentuated by high prices in Mysore from whence the Coorgs receive much of their food supply, naturally occasioned some suffering which in a few villages deepened into actual distress.

It is satisfactory to notice that the attention devoted to the method of collecting the Land Revenue has produced favourable results, and that this has been accomplished not only without any increase but even with a diminution of coercive measures. This improvement may legitimately be attributed to increased activity on the part of the revenue staff working under the Commissioner. When the revised Coorg Courts Regulation, which is about to be passed, comes into operation, the Subedars being entirely relieved of their civil judicial work will be enabled to devote more of their time to visiting the interiors of taluks and thereby to perform adequately touring duty which has hitherto been impeded by business which required them to remain at Head Quarters. Under the guidance of Mr. Meiklejohn it may, I think, be claimed that there is a steady advance in the efficiency of the administration, though it cannot at the same time be denied that there is still room for improvement in various directions.

BANGALORE,
Dated, 18th December 1900.

DONALD ROBERTSON,
Chief Commissioner.

REPORT

ON THE

ADMINISTRATION OF COORG

FOR THE YEAR 1899—1900.

PART I.

GENERAL SUMMARY.

The population of the province according to the Census of 1891 is 1,73,055.

2. The following statement shows the receipts, expenditure and surplus for the past ten years :—

Year.	Gross receipts as per statement No. I Finance.	Expenditure excluding public works.	Expenditure on public works.	Total expenditure as per statements I and II Finance.	Net surplus revenue.	Imperial grant for the P. W. D. Coorg.
1890—91...	8,16,000	4,13,900	1,35,800	5,67,700	2,48,300	1,22,100
1891—92...	9,21,900	4,75,900	1,62,200	6,38,100	2,83,800	1,67,100
1892—93...	9,46,000	4,44,700	1,76,800	6,21,500	3,24,500	1,78,800
1893—94...	9,40,700	4,42,700	2,05,600	6,48,300	2,92,400	1,90,000
1894—95...	9,62,900	4,40,300	1,69,100	6,09,400	3,53,500	1,57,700
1895—96...	9,65,300	4,41,500	1,97,000	6,38,500	3,26,800	2,06,000
1896—97...	8,62,300	4,03,900	2,11,800	6,15,700	2,46,600	2,25,300
1897—98...	8,38,800	4,13,000	1,60,100	5,73,100	2,65,700	1,64,000
1898—99...	10,53,800	4,10,800	1,72,900	5,83,700	4,70,100	1,92,000
1899-1900	8,77,900	4,07,500	2,07,700	6,15,200	2,62,700	2,07,000

3. The surplus for the year under report is entered above as Rs. 2,62,700, but these figures only show the surplus as ascertained from the Coorg Treasury accounts. The real surplus is Rs. 3,18,000, as Rs. 55,300, receipts from the Coorg Forests credited in the Resident's Treasury, Bangalore, or adjusted by book transfer with the Ordnance Departments and other departments, are omitted in the Treasury accounts although shown in the Forest Department receipts. This surplus although less than that of last year, for the reasons given below, may be considered satisfactory.

4. As pointed out in last year's (1898-99) report the unusually large surplus of that year was mainly brought about by a change in the dates of collection, which added Rs. 88,600 to the revenue. This, of course, does not happen this year. The decrease in this year's surplus is partly caused by this and partly by the following :—(*a*) The heavy Imperial grant of Rs. 2,07,000 to the Public Works Department against only Rs. 1,92,000 in the previous year—a difference of Rs. 15,000; (*b*) in November the Village Officers' Cess, which used before that date to be credited to general revenues, was formed into a separate Incorporated Local Fund. This alone causes a net decrease in the revenue receipts of Rs. 19,500. There was also a serious decrease under the head of Stamps.

5. The Excise Revenue on the other hand was swollen by the recovery of arrears from the late abkari contractors, which even with the remission allowed by Government, brought up the abkari receipts of the year under report

to nearly those of the year previous, although by the present contract the revenue derived under abkari is far less than that which has been received for the last five years.

6. Great attention was paid to the collection of land revenue and in spite of the hard times, though far fewer coercive measures were taken than in the year previous, the recoveries as shown in paragraph 223 of the report were more satisfactory than even last year. Postponements of the assessment up to Rs. 10,635 had however to be given till better times, chiefly in portions of the Kiggatnad Taluk, where in one tract at least (fortunately usually a well-to-do one) the rains failed completely and the rice fields were either not sown at all or if sown the crop failed.

7. The coffee crop was the smallest obtained for many years, though fortunately the prices obtained were somewhat better than the miserable ones realized for the previous crop. The small crop obliged all planters to contract their expenditure and judging from the supply bills by which planters chiefly obtained their money, the expenditure on this cultivation was at least three lakhs less than in the previous year.

8. The rice crop was also unfortunately not only short but the grain obtained light. Rice is the staple food of the province, though there is also a considerable portion of the population who live chiefly on ragi, which is largely imported from Mysore. In Mysore this crop was not good, consequently the price of this grain also ruled abnormally high for most of the year. The comparative failure of the two most important crops in a purely agricultural province like Coorg and the dearness of imported grains told heavily on all professions and trades. Lawyers, cloth merchants, general dealers and petty traders all alike felt the hard times severely.

9. Coorg has never yet experienced famine amongst its own population, but last year the scarcity was so great that anxiety was felt lest it should deepen into actual famine before the rains came. Fortunately good rain fell seasonably, and there are signs that the end of the series of bad years has been reached. There is reason to hope that both planters and ryots will reap good crops and obtain fair prices in the coming year.

ADMINISTRATION OF THE LAND.

SURVEYS.

5. The revision of the work done by the Revenue Survey and the insertion of detail work left by the Survey to be completed by the Revenue Officials continued. Sixty one villages were revised and completed, necessitating the survey of 3421 acres.

6. *Village Maps.* Thirty five village maps were republished during the year against 37 the year before. Twenty three maps were corrected and got ready for republication.

7. *Land Records.* A very important step in the progress of Land Records in Coorg was made during the year under report by the passing by His Excellency the Governor General of India in Council, on the 21st March 1899, of the Coorg Land and Revenue Regulation, I of 1899, "a Regulation to amend and declare the Law in force in Coorg with respect to the making and maintenance of records of rights in land, the assessment and collection of Land revenue and other matters relating to land and the liabilities incident thereto." The Regulation and the Rules framed under it were brought into force from the 1st November 1899, and revenue work is now being conducted systematically in accordance with them. Though as time goes on some modifications and alterations of the rules may be found necessary, they are practical and workable.

8, The Honourable the Chief Commissioner, Colonel Robertson, inspected personally in the field the work of some villages in the Mercara and Yedenalknad taluks, and expressed himself satisfied that the correct maintenance of the records was being carefully attended to.

9. *Settlement.* The settlement of the *jama cardamom malles* though appertaining more to the Forest Department to whom the revenue derived is credited, was taken up by the revenue authorities. The *malles* were inspected and proposals for a revised assessment were submitted for approval.

10. *Crop Experiments.* Fortythree crop experiments were made during the year against 41 in 1898-99.

11. *Land Disputes.* Thirty nine disputes were settled by the Assistant Superintendent of Land Records during the year.

12. *Waste Lands.* Only 27·21 acres of land were sold under the Waste Land Rules during the year 1899-1900, realizing Rs. 1,211 as against 373 acres realizing Rs. 11,368 in the previous year. The price includes the value of timber on the land.

13. The cause of the falling off is the severe check caused to the coffee industry by the low prices and bad crops of the last two years. Planters are at present more anxious to sell than to buy, but this depression in the land market shows some signs of passing away.

14. Only two sites for building purposes were sold during the year, and the value realized was Rs. 6—9—0 as compared with 17 sites and Rs. 1,104 in the previous year.

15. *Land Revenue.* The demand under land revenue amounts to Rs. 4,30,278—8—10 as compared with Rs. 4,43,715—2—4 in the previous year. The following table shows the details :—

		1898—99.	1899—1900.	Increase.	Decrease.

16. This demand includes Rs. 9,148—11—10 allowance to the *patels* and Rs. 1,002—5—0 grants to village temples.

17. The variations in the demand under the several heads are explained below :—

(a) The decrease in *jama* is partly owing to the conversion of the *jama* tenure into *sagu* in cases of lands mortgaged prior to 1891, and partly to the sale of a few *jama* lands on account of the owners failing to pay the assessment due on them.

(b) The increase under *jama*-dry is due to increase in area found by survey.

(c) The decrease under *umbli* is due to the conversion into *sagu* of the *umbli* tenure along with *jama* on alienation referred to in (a).

(d) The increase under *sagu*-wet is owing to the conversion of lands held on the *jama* tenure to lands held on the *sagu* tenure as explained in (a) and (c).

(e) The decrease under *sagu*-dry is due to resignations and to the resumption of some lands put up for arrears of revenue for which no one bid.

(f) The increase under *dhuli* is due to the purchase of lands put up for auction for arrears of revenue by persons who had hitherto held no lands and consequently did not pay this tax.

(g) The decrease under the Village Officers' Cess is chiefly due to the decrease in the demand under coffee.

(h) The small decrease under *mohatarfa* paid by non-agriculturists is due to stricter collections.

(i) The decrease under coffee assessment is due to the concessions allowed to the owners of deteriorated gardens, chiefly in Padinalknad, and to resignations of many estates on which coffee has died out, also to the resumption of some other worthless estates which the owners allowed to be sold for arrears of revenue.

(j) The small decrease under cardamom is due to resignations of certain *malles* the yield from which had become insufficient to pay the amounts for which they were leased.

GOVERNMENT ESTATES.

18. *Nil.*

WARDS ESTATES.

19. There were 8 wards on the register of the Court of the Commissioner at the end of the previous year. During the year under report the account of one ward was closed on his attaining majority, and eight were newly admitted. The number at the end of the year was 15.

69. The average time taken to complete the registration of documents was one day and eight hours as contrasted with one day and eleven hours in 1898-99.

70. Registration was refused in 20 cases out of the 1,601 documents presented for registration as against 19 in 1898-1899, or in 1·24 per cent of the whole number of documents registered against 1·12 per cent in 1898-99.

71. Appeals were preferred to the Registrar in 5 cases against 6 cases in the previous year. The appellants succeeded in 3 cases.

72. The receipts for the year amounted to Rs. 4,248—3—2 and the expenditure to Rs. 2,890—13—2 leaving a surplus of Rs. 1,357—6—0 against a surplus of Rs. 2,025—11—11 in the previous year.

MUNICIPAL.

73. *Mercara Municipality.*—Including Rs. 2,889 outstanding at the close of last year, the total demand for the year 1899-1900 amounted to Rs. 18,102. Of this Rs. 14,455 were collected, leaving a balance of Rs. 3,647 at the close of the year, most of which has since been collected.

74. The total income was Rs. 14,455 against Rs. 21,497 in which, however, a sum of Rs. 4,500 left by the late Mr. Bastian D'Souza for the building of a European ward in the Mercara Hospital is included. The total expenditure during the year amounted to Rs. 16,690 against Rs. 18,221 leaving a cash balance of Rs. 3,975.

75. *Sanitation.* Rs. 699 were spent on plague preventive measures. The health of the town was satisfactory during the year. The only epidemic was measles, but not of a severe type. It was resolved to keep on the services of the Sanitary Inspector, for some months, though Mercara has been fortunate in keeping entirely free of plague. The lanes of the Regimental Bazaar were provided with V shaped drains.

76. *Virajpet Municipality.* The income of the municipality was Rs. 9,474 against Rs. 10,393 in the previous year and the expenditure amounted to Rs. 7,448 against Rs. 7,343 in 1898—99, leaving a cash balance of Rs. 11,644.

77. The health of the town was good.

Minor Municipalities.

78. The following statement shows the financial state of these municipalities :—

Name of Municipalities.	Receipts Rs.	Expenditure Rs.	Cash balance Rs.
Fraserpet	1,115	1,303	1,611
Somvarpet	1,471	1,739	1,236
Kodlipet	883	1,286	460

79. *Fraserpet.* The roads were repaired at a cost of Rs. 175 and Rs. 134 were spent on plague preventive measures. The conservancy, lighting, educational establishments, &c., were maintained at a cost of Rs. 994.

80. *Somwarpet.* Rs. 155 were spent on road repairs &c. A well at a cost of Rs. 300 was sunk in front of the D. P. W. Lodge; Rs. 1,284 were spent on conservancy, &c., establishments.

81. *Kodlipet.* Rs. 375 were spent on repairing roads and wells. The expenditure on conservancy, education &c., establishments amounted to Rs. 911.

MILITARY.

82. *Coorg and Mysore Rifles.* The strength of the corps was 251 as compared with 269 in the previous year.

83. No camp of instruction was held during the year.

84. The distribution of the corps was as follows :—

Headquarters.—Mercara.

Major John Logan, Commandant.

Captain G. K. Martin.

Lieut. H. M. Martin, 2nd Somersetshire, Light Infantry, Adjutant.

The Rev. C. H. Malden, M. A., Honorary Chaplain.

IV. PRODUCTION AND DISTRIBUTION.

AGRICULTURE.

87. *Wet Lands.* The area under rice cultivation was 94,119 acres as compared with 94,294 acres in 1898—99.

88. *Dry Lands.* The area under dry and garden assessment was 22,746 against 22,975 acres in the previous year.

89. *Coffee.* The total area of coffee land was 1,02,214 acres against 1,04,545 acres in the previous year. The cause of decrease was chiefly resignations of old estates—one of the oldest of the European estates in the province known as Fischer's estate, having an area of 490 acres, was resigned entirely.

90. The area of assessed coffee lands held by European and Native owners respectively is as follows:—

	No.	Acres.
European estates	381	31,980
Native do	13,454	70,234
Total.....	13,835	1,02,214

91. *Labour.* The supply of labour was plentiful throughout the year.

92. *Live-Stock.* The mortality amongst cattle was 7,866 against 9,006 in the previous year.

The following statement shows the cause of death:—

	Exhaustion from old age, want of fodder or exposure.	Sore throat.	Rinderpest.	Other diseases.	By tigers and cheetahs.	By wild dogs.
Mercara Taluk	586	14	5	50	197	10

WEATHER AND CROPS.

93. The rainfall registered during the year 1899—1900 was:—

	Inches.	Cents.
At Mercara	90	27
„ Somwarpet	49	16
„ Anandpur (South Coorg)	52	89
„ Fraserpet	32	75
On the Western Ghats, Dunkeld Estate	169	12

94. The rainfall gauged at Mercara was 32-5 inches below the average, the average for the past five years being 122-32 inches. There was rain in ten months in the year, except November and February, 1900. The heaviest fall on any one day at Mercara was 7-20 inches on the 10th August, 1899.

95. The light rainfall told very seriously against the rice crops. In parts of Kiggatnad near the Mysore frontier, they failed almost entirely, and generally throughout the province the yield was less than the average.

96. *Coffee.* The coffee crop during the year was 2,760 tons against 4,558 tons in 1898—99.

97. As was anticipated in last year's report, the unusual heavy rain in February and March seriously affected the quantity of crop, but the quality of the crop was better than in 1898—99 and better though as a rule, not good prices were realized.

98. The industry continues depressed, but the planters are not quite so dispirited as regards future prospects as they were.

99. *Tea.* The dry season proved disastrous to the tea planting in the Sampaji Ghat, and it is feared that the syndicate which took up 2,000 acres for tea planting in the Sampaji Ghat have determined to close operations.

100. *Cinchona.* As reported last year the planting of cinchona has ceased in Coorg, and even the better prices now said to be obtained for the bark have failed to reanimate the industry.

HORTICULTURE.

101. There were no Government gardens in Coorg.

FORESTS.

Extention and constitution of State Forests.

102. *Alteration of area.* The areas of the Reserved and Protected Forests as they stood at the commencement and close of the year are shown in the following statement:—

Class of Forests.		Area at the commencement of the year.	Added during the year.	Excluded during the year.	Area at the close of the year.
		Acres.	Acres	Acres.	Acres.
Reserved Forests	...	1,52,407	...	...	1,52,407
Protected Forests. Ghat Forests	...	2,25,021	6,028	...	2,31,049
Paisaris	...	1,71,117	...	28	1,71,089
Urudves	...	3,107	..	...	3,107
Devarakadus	...	15,506	...	...	15,506
Total...		5,67,158	6,028	28	5,73,158

103. The extent of the Reserved Forest underwent no alteration, while the addition in the area of the Ghat forests is due to recalculation furnished by the Land Record Department.

104. The reduction of 28 acres in the area of the *paisaris* is owing to the grant of lands for dry and wet cultivation.

105. *Forest Settlement.* As the Protected Forests have not yet been notified for reservation, there was no work under this head.

106. *Demarcation.* The western boundary line of the Ghat Forests to a distance of 11 miles was cleared of tree growth as well as 7 miles of old lines in other forests.

107. In addition, 39 pillars were built and old marks were repaired where necessary. The total cost under this head was Rs. 491—12—0.

108. *Surveys.* No topographical survey work was undertaken during the year.

109. *Working Plans.* Working plans for the Devamachi-Mawkal and Dubarè forests were sanctioned during the year.

110. *Roads and Bridges.* Two hundred and twenty two miles of the existing roads were repaired and 10 miles of the trace which was made for a bridle path from Kutumpole to Nalknad during 1898—99, were cleared of vegetion. The total cost under this head was Rs. 1,515—4—0.

111. *Buildings* The Rest-house at Murkal and the stables at Dubare which were left incomplete in 1897—98, were finished and new stables, 4 kitchens and 3 Guard's huts were constructed during the year. Additions were made to the sandal *koti* at Fraserpet and all the existing buildings were repaired.

112. The total cost was Rs. 4,003—14—2.

113. *Forest Offences.* The number of offences reported was 68 against 54 in the previous year.

114. All the ten cases which were pending at the close of last year were finally settled.

115. There were 26 prosecutions. Convictions were obtained in 9 cases, in 3 three cases the accused were acquitted, and 14 cases were pending at the close of the year.

116. Forty two cases were compounded.

117. *Fire Protection.* The number of fires was 48 against 23 in last year.

118. The fires are roughly classified as follows:—

Causes	No.	Acres.
Incendiary	29	32,079
Accidental	2	5
Unknown	10	1,538
Carelessness	3	150
Fires crossed	4	48
Total...	48	33,820

119. The year was unfavourable for fire protection. The conditions were so adverse that the work done had little effect in checking the spread of fire. The monsoon failed and afterwards there were dry winds till March when the forests had been reduced to a dangerous condition. Hence the extensive fires.

120. *Grazing.* The number of cattle grazed during the year was 5,443 against 4,714 in last year.

121. Besides the above, cattle were permitted free grazing as of right and 4,401 head of the Madras Government and Amrut Mahal cattle were admitted in certain forests.

122. The revenue derived under this head including the sale of grass &c., was Rs. 2,116—1—7 against Rs. 1,899—13—6 in the previous year.

123. *Artificial Reproduction.* No extensions were made during the year to the sandal and teak plantations.

124. One thousand two hundred and ninety six acres were dibbled with sandal seed. The result has been scarcely satisfactory.

125. *Kumri.* Five acres were added to the teak and sandal *kumri* in the Dubarè forest and the sandal plants in about ¾ths of the area look healthy.

126. The total expenditure under this head was Rs. 1,666—5—0 against Rs. 3,074—1—6.

127. *Climber Cutting.* Climbers were cut over an area of 2,612 acres in South Coorg and 1,170 acres in North Coorg forests.

128. *Yield and Working.* The following statement shows the quantity of timber cut departmentally during the year from the Reserved Forests compared with that of last year:—

	1898—99.	1899—1900.
Cubic feet	...41,670	79,432

129. The quantity of timber disposed of during the year from the Reserved Forests as compared with that of previous year is as follows:—

Year.	Felled departmentally. cubic feet.	Felled by purchasers. cubic feet.	Total cubic feet.
1898—99	.. 47,908	57,258	1,05,166
1899—1900	... 48,619	61,684	1,10,303

130. The amount of timber cut and removed by purchasers from Protected Forests was 94,534 cubic feet as compared with 53,783 cubic feet in the previous year.

131. *Sandalwood.* 168 tons of sandalwood were collected during the year against 143 tons in the previous year. The revenue was Rs. 69,460—9—6 against Rs. 66,224—10—8 in 1898—99.

132. The cost of collection per ton was Rs. 26—8—7 against Rs. 28-8-8.

133. *Bamboos.* 1,54,162 bamboos were removed from the forests as compared with 1,64,356 in last year.

134. *Cardamoms.* The actuals under this head were Rs. 14,762—3—9 against Rs. 15,054—3—7 in last year.

135. *Minor Produce.* The revenue under this head was Rs. 1,235—0—9 as against Rs. 851—10—5 in the previous year. The right to collect minor forest produce was leased out as usual.

136. *Free Grants.* 55 trees, 370 poles and 8,825 bamboos were granted free of charge from Protected Forests as compared with 33 trees, 1,130 poles and 15,975 bamboos in last year.

137. *Waste Lands.* The number of timber valuations was 82 against 61 in last year and the amount realized was Rs. 1,411-0-8 against Rs. 12,243-11-9 in the previous year.

138. *Financial Results.* The following statement gives the financial results of the year as compared with those of 1898—99 :—

	1898—99.	1899—1900.
Receipts	Rs. 1,55,070	Rs. 1,62,410
Charges	„ 80,092	„ 74,226
Surplus.....	74,978	88,184

139. The surplus of the year is satisfactory and is the highest on record except that of 1891—92 and 1892—93.

MINES AND QUARRIES.

140. The estimated out-turn of mineral during the year 1899, as given by the Executive Engineer, is as follows :—

		Tons.
1.	Clay used for manufacturing bricks and tiles	900
2.	Granite used for metalling roads and building purposes ...	17,943
3.	Laterite do do ...	459

141. Fragments of mica are visible on the roads at Watecolly and Makoot, and as mentioned in the annual report of 1897—98, Mr. Holland of the Geological Survey of India considered that there was mica of good quality to be found in South Coorg in paying quantities, but as yet no one has applied for licenses to search for this mineral under the new rules.

MANUFACTURES.

142. Work at the pottery and carriage factory at Mercara has been resumed.

TRADE.

143. *Exports.* The exports from Coorg comprise coffee, cardamoms, hides, plantains, oranges, timber, sandalwood and paddy.

144. *Imports.* The chief imports are :—

	Rs.
Animals (buffaloes, cows and sheep, value say	1,00,000
Piece goods	50,000
Grain	3,50,000
Liquors...	35,000
Provisions	1,00,000
Salt	1,75,000
Sugar	1,25,000
Oils	1,25,000
Spices and condiments	25,000
Sundries including bone and other manures	75,000

145. The above figures are unreliable. They are supplied by merchants but from no trustworthy data.

PUBLIC WORKS.

146. The budget grant for Imperial Civil Works during 1899—1900 was Rs. 2,07,000, which was increased in the final estimate to Rs. 2,07,045, as against a grant of Rs. 1,92,000 for 1898—99 and Rs. 1,64,000 for 1897—98. The net outlay in India during the year was Rs. 2,05,058 or Rs. 1,987 less than the grant. The lapse is due to the stock balance, the reserve limit of which was temporarily raised to Rs. 16,000 as per Chief Commissioner's No. 469, dated 18th July 1896, being reduced during the year to Rs. 13,000, the fixed reserve limit of stock sanctioned for the Division. The expenditure on final heads alone was Rs. 2,08,402 or Rs. 1,357 in excess of the revised grant. This excess was due to the excess expenditure on establishment as explained in paragraph 163 below.

CIVIL BUILDINGS.

147. *Original Works.* The total outlay under this head was Rs. 22,156 against a grant of Rs. 22,251 or Rs. 95 less than the grant. The small reduction is due to savings under minor works.

148. There were 6 major works in progress during the year, of which two were completed and handed over to the Civil Department *viz.*, (*a*) making additions to the Madapatna Distillery and (*b*) constructing Police lines at Somvarpet.

149. Good progress was made on the construction of the Police lines at Sampaji, and the construction of the new buildings for the Primary Departments of the English School at Virajpet, and it is expected to complete both these works during the current year. The iron work for the cubicles in the Mercara Jail was received in March and the work will be completed without any further delay. The Police lines at Siddapur were only commenced about the beginning of March as a delay occurred in selecting the site. The work has made good progress and will be completed during the year.

150. There were 35 minor works in progress, of which 25 have been completed.

151. *Repairs.* Rupees 7,715 were spent under this head against the grant of Rs. 7,868.

152. *Communications Original Works.* The outlay was Rs. 29,916 against the grant of Rs. 29,858. Good progress was made on all the major works, especially the Wynad Road on which about Rs. 15,000 was spent against the original budget allotment of Rs. 10,000. The additional amount spent on this road, was met by reappropriation from the funds that were allotted by the Chief Commissioner for the construction of certain anicuts in South Coorg. The metalling of the 4th section of the approaches Periambody Ghât and of the 1st section of the Virajpet-Periapatam Road is likely to be completed during the current year. Good progress has been made in laying the foundations of the Hatti bridge, and though unexpected difficulties have been encountered, it is expected that 3 or 4 of the most difficult piers will be completed to low water level before the monsoon bursts and prevents further work.

153. There were 11 minor works in progress of which 8 have been completed.

154. *Repairs.* The outlay under this head was Rs. 85,978 against the grant of Rs. 86,025.

155. During the year 130 miles 3 furlongs of metalled roads were maintained at an average cost of Rs. 572 per mile, and 60 miles and 6½ furlongs of unmetalled road at an average cost of Rs. 181 per mile. The increase in length of roads is due to the Ammatti-Tittimatti Road being repaired during the year, in addition to the other roads.

156. *Miscellaneous Public Improvements, Original Works.* The outlay under this head was Rs. 14,504 against the grant of Rs. 14,545.

157. An expenditure of Rs. 4,393 was incurred on the work "constructing a dam and erecting a channel across the Kakké Holé in Ramaswami Kanevé," when orders were received from the Chief Commissioner to stop the work, until the estimate was sanctioned by the Government of India. The unspent balance of the allotment *viz.*, Rs. 1,600 was re-appropriated to other works in progress.

158. The allotments for the following major works were fully worked up to and it is hoped that these works will be completed during the current year and help to improve the irrigation prospects of this Province.

(*a*). Improvements to Dodda Kanagala tank.

(*b*). Improvements to Nilvagle tank.

159. There were 12 minor works in progress of which 7 have been completed.

160. *Repairs.* The outlay was Rs. 854 against the grant of Rs. 923.

161. *Establishment.* The outlay was Rs. 41,624 against the grant of Rs. 40,000. The excess is due to the expenditure under travelling allowance having exceeded the lump sum provided in the budget by over Rs. 2,500.

162. *Tools and Plant.* The outlay was Rs. 5,655 against the grant of Rs. 5,575.

163. *Imperial Military.* The outlay on works and repairs was Rs. 418 against the grant of Rs. 621. Rs. 151 were spent in improvements to the Sergeant Instructor's quarters at Mercara and Pollebetta and Rs. 267 in annual repairs to these buildings. Rs. 175 was paid as compensation for quarters to the additional first class Sergeant Instructor who was sanctioned for the Coorg and Mysore Rifle Corps during the year.

164. *Incorporated Local Funds.* The outlay under this head was Rs. 21,863 against the grant of Rs. 22,000.

165. The following major works are in progress:—

(*a*). Constructing a road from Nalknad to Virajpet.

(*b*). Realignment of the section of the Mercara-Nalknad road between the Cauvery river and Nalknad.

166. The following works were completed.

(*a*). Renewing the roof of the Travellers' Bungalow at Wotacolly.

(*b*). Providing new sheaves for ferries in No. 1 Sub-Division.

(*c*). Replanking Komeholé Bridge on Ahmatti-Murnad Road.

(*d*). Providing finger posts denoting site of ferries in Fraserpet section.

(*e*). Turfing and gravelling the embankment of the approaches to Kaneke Bridge at Bhagamandala.

(*f*). Rebuilding the temporary cattle pound at Bhagamandala.

(*g*). Constructing a parapet wall around the Government well at Sunticoppa.

(*h*). Constructing cattle pounds at Kattepur and Hurlikal in Ahtur forest.

(*i*). Providing a gate to the pound at Sanivarsante.

(*j*). Improving the approaches of the Hudugur ferry.

(*k*). Providing a wooden covering and improving the road to the well near the market place at Sunticoppa.

(*l*). Improvements to the Travellers' Bungalows at Ahtur, Tittimatti and Wotacolly.

(*m*). Constructing a bamboo raft for Kikkattoo ferry in Anjigerinad.

(*n*). Providing basket boat for Rampura ferry.

(*o*). Obtaining crockery for Travellers' Bungalows in No. 2 Sub-Division.

(*p*). Constructing wing walls to abutments of Kaneke bridge at Bhagamandala and providing ramps.

(*q*). Providing boats for Harangi, Kuttamoody and Kondangeri ferries.

167. The total length of road maintained was 119 miles, 2 furlongs, at an average cost of Rs. 73 per mile.

168. *Contribution Works.* A sum of Rs. 602 was realized during the year on account of contribution works undertaken by the Department, against which the outlay was Rs. 586. The unspent balance will be adjusted during this year.

169. *General Contracts.* A set of rules relating to contracts have been drafted and approved of by the Local Government and are now in force in the Division.

170. *Communications.* The communications generally have been maintained in very good order in spite of the want of rain.

171. *Labour.* Labour has been plentiful throughout the year, owing chiefly to the depression in the coffee industry. No difficulty has been experienced as regards labour due to the stoppage of advances to maistries; and it may safely be said that the system of labour advances has been entirely and successfully abolished.

172. *Water Supply.* Owing to the meagre rainfall the supply of water has been and still is lamentably deficient throughout the province; nearly every well has dried up, and owing to the rocky nature of the soil, it is impossible to deepen many of them, as the necessary blasting operations would destroy the steining. Where possible and when funds were available, estimates for deepening wells were sanctioned.

173. *Irrigation.* The Chicklé Holé channel this year failed to irrigate the land it was expected to: partly owing to slips and leaks in the channel, but chiefly to the deficient rainfall: improvements to the channel are now under consideration.

174. The Doddakanagala and Nilvagle tanks which are the largest in Coorg have been nearly completed and it is expected that they will be in operation during the current year.

175. There are several minor irrigation schemes now under consideration, expected to be successes financially: arrangements have been made to gauge the streams across which it is proposed to build the anicuts during the approaching monsoon.

176. *Wynaad Road.* Many of these are in the vicinity of the new Wynaad Road, of which some 12 miles have already been opened out for fair weather traffic: the importance of this road to the Province may be estimated from the fact that even with the road only partially finished, some 60 or 70 carts have been counted passing along it on many days this year, whereas 2 years ago pack ponies and bullocks only were employed.

POST OFFICE AND TELEGRAPHS.

177. *Post Office.* The number of Post Offices and of letter boxes has remained the same as last year *viz.*, 14 and 8. The letter box at Kadanur was, however, transferred to Kakkeri. Only one postman is maintained from the District Post. There has been no change in the number of village postmen.

178. There has been no change during the year under the head of "main lines." The distance over which mails are carried on District Post Lines is 111 miles.

179. The receipts from the sale of postage labels amounted to Rs. 28,073-2-0 during the year under report, of which Rs. 21,588—7—3 were from ordinary labels and Rs. 6,052—13—9 from service labels, and Rs. 431-13-0 from postal service labels.

180. The total amount debited to the Post Office during the year was Rs. 22,224—14—10. The charge debitable to District Post amounted to Rs. 8,234—3—8 against Rs. 8,256-11-3 in the previous year.

TELEGRAPHS.

181. There was no change in the number of Telegraph Offices, *viz.*, 6. The number of telegrams despatched during the year was 5,230 against 5,846 or a decrease of 616 messages. The Indian share of collections thereon was Rs. 5,241—7—0 as compared with 5,978—3—7 during 1898-99.

182. No amount was drawn by the Telegraph Department from the Coorg Treasury during the year.

183. Rupees 882—8—0 were credited during the year as compared with Rs. 750 in the previous year. This amount represents the value of telegraph stamps purchased from the Coorg Treasuries on account of foreign messages.

184. Telegraph offices in Coorg are combined with Post Offices and the establishment charges and the receipts on account of inland messages fall under 'Post Offices.'

IRRIGATION.

185. The works undertaken for the improvement of irrigation in the province have been already noted in the section of this report under 'Public Works.'

186. The complete failure of the rice crops in certain villages in the Kiggatnad Taluk proved the necessity of anikats being built across the Hatur, Kerè holè and Gonicopal streams, the water from which would render the dry tracts not solely dependent as they are at present on rain supply. Estimates for these works are now under preparation. The erection of the new dam across the Kakkè holè has been postponed by the orders of the Chief Commissioner, who after personal inspection of the site of the dam consider that more careful measurements than had been taken as to the supply of water which would be available in the stream during the months for which water is required for cultivation should be furnished.

V. REVENUE AND FINANCE.

A. IMPERIAL REVENUE AND FINANCE.

187. The total demand for the year 1899—1900 was Rs. 8, 01,912 as compared with Rs. 9,63,928 in the previous year, as shown below :—

		1898...99.	1899...00.	Increase.	Decrease.
I.	Land Revenue ..	3,69,997	3,65,858	..	4,139
II.	Casual Land Revenue ...	21,380	18,483	...	2,897
III.	Forests	1,05,105	1,04,282	...	823
IV.	Excise	2,78,395	1,80,965	...	97,430
V.	Miscellaneous ...	1,89,051	1,32,324	...	56,727
	Total.....	9,63,928	8,01,912	...	1,62,016

188. The variations under the several heads are explained below :—

189. *Land Revenue.* The net decrease under this head is Rs. 4,139 as follows :—

		Increase.	Decrease.
I.	Ryotwar Kandayam	10,200	.. ...
II.	*Dhuli* do	124	.....
III.	Coffee do	.....	14,463

190. The increase under Ryotwar Kandayam is mainly due to a sum of Rs. 9,149, the *gowd-umbli* allowances payable to *patels* having been this year brought on the demand. These allowances were hitherto paid direct to the parties by deduction from the revenue collected, but the charge is now borne by the Village Officers' Cess Fund. The rest of the increase is accounted for by the *sagu* rate of assessment having been imposed on some *jamma* land.

191. The falling off under coffee of Rs. 14,463, is chiefly due to the reduction of assessment on deteriorated lands. Some estates were resigned and a few have been sold for the arrears due on them. These were resumed by Government, as there were no purchasers.

192. *Casual Land Revenue.* The decrease under this head is Rs. 2,897. The important variations are :—

		Increase.	Decrease.
1.	Sale proceeds of Waste Lands	.....	2,145
2.	Receipts under recovery of arrears ..	.....	1,239
3.	*Nazarkanike* fees	....	508
4.	Miscellaneous	907	....
5.	Grazing dues	79	....

193. *Item I.* The value of lands sold under the Waste Land Rules during the year amounted to only Rs. 686 as compared with Rs. 2,831 in the previous year. The recent bad years have checked for the present the extension of coffee, hence the falling off in the sales of land.

194. The introduction of the Land and Revenue Regulation, I of 1899, during the year under report facilitated the collection of revenue and payments being more promptly made; there were fewer defaulters and consequently fewer processes were issued.

195. The falling off in item 3, *nazarkanike* fees, is due to the diminished demand for coffee land. There being no purchasers forthcoming, the provisions of the Regulation which enable holders of *jamma banes* to part with all but a certain portion of their *banes* were seldom made use of.

196. Under miscellaneous, there is an increase of Rs. 907 and this is partly due to an increase in the demand for *kumri* cultivation in Sampaji, *viz.*, Rs. 1,102 as compared with Rs. 762 in the previous year, and partly to the increase in the amount realized by the sale of coffee and cinchona on abandoned lands resumed by Government.

197. *Forests.* The revenue under this head shows a small net decrease of Rs. 823. The variations are :—

		Increase.	Decrease.
1.	Cardamom tax	860	.....
2.	Sale of timber on waste lands	....	8,808
3.	Collection by Forest Department ..	7,131	.. ...

198. The increase under cardamoms is due to a better sale of the crops yielded by the unoccupied *malles.*

199. Last year one jungle alone fetched Rs. 7,597. In the year under report there was little or no demand for unopened lands; no big jungle was sold and the few small ones auctioned had no valuable timber on them; hence the decrease under the second item.

200. The increase under ' collection by Forest Department ' is explained by the fact that the realization from the sale of sandalwood and of timber removed by Government agency amounted during the year respectively to Rs. 57,200 and Rs. 11,327 as compared with Rs. 54,200 and Rs. 5,150 in the previous year.

201. It has been noted in the general summary that Rs. 22,833 for timber bought by Government Departments and adjusted by book transfer, and Rs. 32,488 paid by purchasers into the Mysore Treasuries are not included in these figures.

202. *Excise.* There is a falling off of Rs. 97,430 under this head. The chief decreases are :—

	Rs.
1. License Fees	372
2. Still-Head Duty..	88,666
3. Abkari Cess	6,079
4. Rent of Toddy trees	1,163
5. Opium	310
6. Ganja	811

203. The decrease under " License fees" is due to one of the shops for the sale of foreign liquor having been closed during the year owing to its proprietor failing in business.

204. The heavy falling off under "Still-Head Duty", is due to the demand under this head being Rs. 1,55,000 as compared with Rs. 2,43,666 in the previous year. The term of the contract held by Messrs. F. W. Smith and V. A. Seshu Mudalliar for the exclusive privilege of the manufacture and vend of arrack, having expired with the year 1898—99, new tenders were called for and the right was granted to Messrs. A. Narainsawmy Modliar and Co., from 1st April 1899 for a guaranteed revenue of Rs. 1,55,000 for the first year, Rs. 1,60,000 for the second year and Rs. 1,62,000 for the third year.

205. There is now no Abkari Cess which ceased to exist on the expiry of the last contract; hence the decrease under this head.

206. The decrease under 'Toddy' is due to there being not such keen competition as in the previous year for the purchase of the right for drawing and selling this liquor, owing to their being fewer consumers as fewer coolies were employed on the plantations.

207. The decrease under 'Opium' is due to there having been only one tender of Rs. 700. In the previous year this fetched Rs. 1,000 but the contractor is said to have made no profit, hence the falling off.

208. The sale of ganja during the year remained in the hands of Government, as no one could be induced to take up the contract on account of the heavy duty now payable on the drug. The increased price of the drug necessarily diminished its sale, as no doubt it was intended by the Government to do, but at the same time the revenue realized from the duty secured a larger profit to Government.

209. *Miscellaneous.* There is a net decrease of Rs. 56,727 under this head and the variations are chiefly under the following heads:—

	Increase.	Decrease.
1. Stamps		14,031
2. Registration		906
3. Law and Justice		327
4. Jails		658
5. School Fees	1,202	..
6. Land Record Cess		39,674
7. Income Tax		855
8. Interest		210
9. Post Office		1,612

210. The revenue under these heads are fluctuating and the decreases under 'Stamps,' 'Registration,' 'Law and Justice' and 'Income Tax' are all mainly accounted for by the low price of coffee, the chief industry in Coorg. This checked all trade and even litigation diminished considerably as there was no money.

211. The sale of jail manufactures suffered from the same cause, hence the decrease.

212. The increase under school fees is satisfactory. The fever year of 1897—98 diminished the attendance of the children at the schools and the plague scare next year kept more away, but in the past year confidence being restored, the fees have again risen although they have not quite yet attained the figure of 1896—97.

213. The decrease of Rs 39,674 under Land Record Cess is only nominal, the amount having been transferred to the newly constituted 'Village Officers' (Incorporated Local) Cess Fund.' The cess was separated from the general revenues and formed into a local fund with effect from the 1st November 1899, the date on which the Land and Revenue Regulation, I of 1899, was brought into force. The collections under this head which amounted to Rs. 11,122 up to the 1st November 1899 were absorbed in the Imperial Revenues and the outstanding balance *viz.*, Rs. 1,052 carried forward in favor of the fund. The transactions of the fund are described under "Revenue and Finance other than Imperial."

214. The decrease under "Interest" is due to postponement of the recovery of instalments of *takavi* and its interest for a year owing to the failure of harvest in parts of the province.

215. Diminished trade of course means diminished correspondence, hence the falling off in the income of the Post Office is mainly caused by the decrease in the value of the postage stamps sold.

216. *Outstanding Balances.* The balance of revenue outstanding under all heads at the close of 1898—99 was Rs. 2,50,595. Adding this sum to the demand for the year under report *viz.*, Rs. 8,01,912, the amount for collection was Rs. 10,52,507.

217. The collections (which include Rs. 720 received in advance of the demand for 1900—1901 under Excise) amounted to Rs. 8,74,420. To this sum should be added Rs. 1,200 received and credited in 1898—99 in advance for 1899—1900 under Excise, and Rs. 33,905 being remission sanctioned by Government and struck off the accounts.

218. The amount collected or adjusted during the year was Rs. 9,08,806, leaving a balance of Rs. 1,43,701 outstanding on 1st March 1900, as compared with Rs. 2,50,595 or Rs. 1,06,894 less than in the previous year. Of the Rs. 1,43,701, Rs. 1,17,630, the 4th *khist* and the European coffee assessment forming items 1 and 3 below, is really not collectable till April and June.

	Rs.
Land Revenue *khist* collectable in April	56,315
Revenue postponed for collection next year	10,635
Do and Cesses payable by Europeans in June ...	61,315
Balance under Land Record Cess transferred to Village Officers' Cess Fund	1,052
Forests	4,156
Excise	8,911
Income Tax	1,317
Total...	1,43,701

219. *Net Surplus Revenue.* The gross receipts on account of Imerial Revenue amounted to Rs. 8,77,938 or Rs. 1,75,891 less than in the previous year.

220. The decreases are under Land Revenue, Land Record (Village Officers') Cess, Stamps, Registration, Income Tax and Post Office. The land revenue of the previous year was swollen by the change of the dates of collection, hence the decrease under this head is a matter of figures, and not a falling off in the revenue. The collection of assessment amounting to Rs. 10,635 was postponed under sanction till the next season, owing to the almost complete failure of the harvest in one of the tracts of South Coorg.

221. The decreases under the other heads are explained in paragraphs 215—219 of the report.

222. Of the balance of Rs. 91,173 under Still-Head duty—Excise—shown last year, Rs. 24,800 were foregone by Government in consideration of the losses the old contractors had sustained. The balance Rs. 66,373 were recovered during the year, this collection of arrears raises the receipts under Excise to Rs. 2,38,529 against the demand of Rs. 1,80,965.

223. The net receipts after deducting refunds and charges against income amounting to Rs. 2,09,752, came to Rs. 6,68,187 as compared with Rs. 8,26,540.

224. The expenditure charged against net income was Rs. 4,05,494. The surplus was therefore only Rs. 2,62,693 as compared with Rs. 4,70,091 in the previous year. The falling off in the surplus is due to the decrease in the revenue collected, increase in the expenditure on public works and the transfer of the Land Record Cess to the Village Officers' Cess Fund.

225. That the decrease in the collection is a matter of figures merely is explained in paragraph 225 above. The increase in the expenditure is chiefly due to the contribution of Rs. 7,000 to the Village Officers' Cess Fund and to the enhanced grant for Public Works.

226. *Cash Transactions.* The cash balance at the close of 1898—99 was Rs. 2,36,938. The net revenue collected, including the items of local revenue was Rs. 7,54,492.

227. The revenue received and paid away amounted to Rs. 2,27,942 and the deposits to Rs. 1,12,033. Receipts on account of bills drawn on other treasuries came to Rs. 2,47,196 of which Rs. 2,09,428 represent receipts of the Postal Department on account of Money Orders, Savings Bank &c.

228. The remittance from other treasuries amounted to Rs. 11,27,000 and consisted of 9,50,000 in whole rupees, Rs. 1,20,000 in small silver, Rs. 36,000 in copper and Rs. 21,000 in notes.

229. These sums with the refunds &., made during the year bring up the total transactions of the Coorg Treasuries to Rs. 27,19,176. Last year there were 30,23,566. Most of this decrease is due to the falling off in supply bills *i. e.*, bills drawn almost entirely by planters and shows how the bad times have forced the planters to reduce the expenditure on the working of the estates.

230. The disbursements include a foreign remittance of Rs. 2,93,578, Rs. 5,191 in advances, 1,18,061 in repayment of deposits, 67,243 in repayment of loans on Government securities and as interest thereon and Rs. 12,81,593 on account of bills of other treasuries paid. The cash balance at the close of the year was Rs. 2,54,667.

REVENUE AND FINANCE OTHER THAN IMPERIAL.

231. *Village Officers' Cess Fund.* As stated in paragraph 218 *supra*, this cess which was hitherto collected under the name of Land Record Cess, but was credited to General Revenues, has been under the orders of the Government of India, constituted a separate Local Fund styled the Village Officers' (Incorporated Local) Cess Fund, from the 1st November 1899. In addition to the charges of the Land Record Establishment, the fund is now debited with the pay of the Parpattigars and their establishment and the *gowd-umbli* allowances payable to the *patels*. To meet this additional cost, the Government of India has agreed to contribute from Imperial Revenues a sum of Rs. 17,000 annually for a period of five years.

232. On the 1st November 1899 a small balance of Rs. 1,052 remained to be collected under this head. The demand for the 5 months was Rs. 37,952. Rs. 36,930 were collected, including the contribution of Rs. 7,083 from Imperial Revenues, for the 5 months and Rs. 512 struck off the accounts as irrecoverable. Rs. 8,645 were outstanding at the close of the year, of which Rs. 5,380 were only payable in June 1900 when the assessment on European estates is collected.

233. The fund being a new one there was no cash balance at its credit. The collection as stated above, amounted to Rs. 36,930 and the expenditure to Rs. 17,404. The cash balance at the close of the year was Rs. 19,526, but as the *gowd-umbli* allowances are payable in May this balance has since been materially reduced, the cash balance on the 1st July being Rs. 6,325.

234. *District Funds.* The balance outstanding at the beginning of the year was Rs. 5,053. Including this sum, the demand amounted to Rs. 34,694 and the collections to Rs. 33,173 leaving a balance at the close of the year of Rs. 1,525. Of Rs. 2,357 due as stated in the last year's report from one of the toll contractors who was sued for the amount, Rs. 1,500 were recovered during the year. Execution has been taken for the recovery of the balance *viz.*, Rs. 857.

235. The following items compose the demand:—

	Rs.
Market fees	1,560
Tolls on roads...	20,824
Tolls on ferries	2,072
Staging bungalows	917
Pound fees	3,041
Miscellaneous...	1,227
Total.....	29,641

236. The year opened with a cash balance of Rs. 3,005. Including the collections which amounted to Rs. *33,173, the total amount at the credit of the fund was Rs. *36,178.

*These figures do not include Rs. 696-0-10 spent on plague measures and subsequently refunded from Imperial Funds.

237. The expenditure was Rs. *30,989 as shown below:—

	Rs.
Refunds	206
Cost of establishment &c., ...	8,920
Public works expenditure	21,863
Total.....	30,989

238. The cash balance on 31st March 1900 was Rs. 5,189.

239. *Municipal Funds.* Including the opening balance of Rs. 19,994 the total income of the five municipalities in Coorg was Rs. 47,392 or Rs. 1,420 less than in the previous year.

240. The expenditure amounted to Rs. 28,466 as compared with Rs. 28,818 in the previous year, leaving a cash balance of Rs. 18,926 at the close of the year.

241. *Advances made during the year.* Advances to the extent of Rs. 1,425 and Rs. 250 were made under the Agriculturists and the Land Improvement Loans Acts during the year as compared with Rs. 1,940 and Rs. 1,060 respectively in the previous year.

242. The advances are granted on the security of landed property or upon approved personal security.

243. The balance outstanding at the close of the year 1898—99 was Rs. 13,042—6—2. During the year Rs. 1,675 were distributed. The total amount for recovery is Rs. 14,717—6—2, which is collected in instalments.

244. Of the sums advanced Rs. 5,933—13—0 were repaid during the year under report, leaving a balance of Rs. 8,783—9—2 at the close of the year.

VI. VITAL STATISTICS AND MEDICAL SERVICES.

DETAILS OF CENSUS.

245. *Vide* paragraphs 53 to 75 of the report for 1892—93.

SEASONAL PHENOMENA.

246. The rainfall during the year was 90·27 inches as compared with 110·24 inches in 1898—99. Rain fell in all the months except November 1899 and February 1900. The heaviest fall on any one day was 7·20 inches on the 18th August 1899.

BIRTHS AND DEATHS.

247. The total number of deaths registered was 4,864 compared with 5,016 in the previous year. The ratio of death per mille was 28·11.

248. *Prevailing diseases.* Malarial fevers, Dysentry, Diarrhœa, diseases of the digestive system, worms and the diseases of the respiratory system. The total number of deaths from all causes was as follows:—

Small-pox	41
Fever	3,949
Dysentery and Diarrhœa...	110
Injuries	50
All other causes	714
	4,864

249. *Small-pox.* Forty one deaths occurred during the year as compared with 35 in the previous year. The largest number of deaths (17) in any one month occurred in March 1900.

250. The number of births registered during the year was 4,550 compared with 3,201 in the previous year. The death-rate exceeds the birth-rate by 314.

EMIGRATION.

251. *Nil.*

MEDICAL RELIEF.

252. *Dispensaries.* The following table shows the number of cases treated in the dispensaries of Mercara Virajpet, Apparanda Napoklu dispensary, Mukkati Iyappa's Gonicopal dispensary, Somwarpet, Sunticoppa and Siddapur during the year:—

Dispensaries.	In-patients.	Out-patients.	Total.
Mercara Civil Hospital	416	8,352	8,768
Virajpet do	640	8,437	9,077
Apparanda Napoklu Dispensary		1,285	1,285
Mukkati Iyappa's Gonicopal Dispensary		3,157	3,157
Somwarpet Dispensary		4,548	4,548
Sunticoppa do		7,296	7,296
Siddapur do		2,822	2,822
Total.....	1,056	35,897	36,953

253. *Mercara Civil Hospital.* The total number of patients treated (in and out-door) was 8,768 being 153 higher than in 1898—99. The supply of medicines and equipment was good and sufficient.

254. *Virajpet Civil Hospital.* The total number of patients treated (in and out-door) was 9,077 against 7,335 in the previous year.

255. The figures of the smaller dispensaries have been given in the annual medical report. The Apparanda Napoklu dispensary had to be temporarily closed as the Hospital Assistant was required for plague prevention and extra duty.

256. Three medical pupils passed their examination and joined the department. One of them was posted to plague observation duties, one to the Mercara Jail and one to Siddapur dispensary. Minor changes were made among the other Hospital Assistants.

257. All the dispensaries and plague stations were inspected by the Civil Surgeon during the year and the usual reports submitted to the Chief Commissioner of Coorg.

SANITATION.

258. Coorg has fortunately hitherto escaped the plague, though it approached within 5 miles of the frontier on the Mysore side. The precautions taken last year were continued with the satisfactory result above recorded.

259. The plague expenditure was Rs. 4,485—14—2 out of an allotment of Rs. 44,000 against Rs. 3,284—1—3.

260. The sum of Rs. 940—14—10 was expended by the Public Works Department and Rs. 6,873—7—1 by the various Municipalities on sanitary works. Of the latter sum Rs. 4,077—12—2 was spent by the Mercara Municipality and Rs. 2,609—2—4 by the Virajpet Municipality.

VACCINATION.

261. The number of cases vaccinated during the year (excluding the dispensary vaccination) was 9,996 showing an increase of 4,713 cases. The average number of cases vaccinated by each Government vaccinator was 1,224 and by each municipal vaccinator 284.

262. All the cases vaccinated *viz.*, 10,477, including of dispensary and revaccination, were done with calf lymph. Of these, 9,466 cases were successful being a ratio of 90·35 as compared with 89·86 per cent in the previous year.

263. The number of primary vaccinations included in the above was 8,400 of which 7,914 or 94·21 per cent were successful. The number of revaccination cases was 2,077 of which 1,552 or 74·72 per cent were successful. The percentage of successful primary vaccination was more (2·08) than in the previour year, and the revaccinations show a decrease of 2·78 per cent of successful cases.

264. The total number of cases of dispensary vaccination was 481 against 390 in the previous year, showing an increase of 91 cases. Out of 309 primary vaccinations, 233 or 75·40 and of 172 revaccinations 95 or 55·23 per cent were successful.

265. Of the total population of the province 54·70 per 1,000 are protected by vaccination against 29·46 in the previous year, showing an increase of 25·24 per mille.

266. There were no changes among the vaccination staff during the year. Vaccination operations are now suspended in all Municipalities from the 15th June to the 16th August.

267. The total cost to Government amounted to Rs. 2,692—14—11, and Rs. 543—10—0 to the Municipalities.

VII. INSTRUCTION.

GENERAL SYSTEM OF INSTRUCTION.

268. *Vide* paragraphs 331—336 of the report for 1892—93.

EDUCATION.

269. For administrative purposes, education in Coorg was placed under the Director of Public Instruction, Madras, and in the redistribution of the Inspector's Circles, the province was transferred trom the Central to the Western Circle in May 1899.

270. Public schools remained the same (76) in number but with an increase of 443 pupils in their attendance. The number of private institutions more than doubled itself and there was also a proportionate increase in the number of pupils attending them. The results of the public examinations were not, however, very satisfactory.

271. The following statement compares the number and strength of schools both public and private with those of the previous year:—

Table I.

	1898—99.		1899—1900.		Difference.

IV. Unaided Indigenous Schools .	15	212	32	464	+17	+252
Grand Total ...	91	4,105	108	4,800	+17	+695

272. The large increase under 'Indigenous Schools' is probably due to the revival of those that were closed during the season of drought and to the collection of statistics from a few more that existed before or sprung up during the year under report. Some of these schools follow the Government curriculum and send up pupils for the primary examination.

273. The receipts from fees in public schools were as follows:—

Table II.

		1899—1900.	1898—99.
Government Schools ...	Rs.	8,348	7,386
Municipal do ...	„	296	286

274. There were 99 candidates for the Lower Secondary Examination and 370 for the Primary as compared with 89 and 304 respectively in the year before. The results of these examinations for the two years under comparison are given below:—

Table III.

Lower Secondary Examination.				Primary Examination.			
Years.	Number registered.	Number examined	Number passed for complete certificates.	Years.	Number registered.	Number examined	Number passed for complete certificates.
1898—99...	89	87	35	1898—99	304	303	152
1899—1900	99	98	31	1899-1900	370	369	117

275. Of the 4,336 pupils in public schools 3,492 were boys and 844 girls.
276. Classified according to race or creed there were :—

2,702 Coorgs,	129 Mahomedans.
164 Brahmins.	152 Native Christians.
1,024 Other Hindus.	6 Europeans and Eurasians.
128 Parayas.	31 Others such as Jains, Parsis &c.

277. The total expenditure on education during the year amounted to Rs. 36,323 against Rs. 37,138 in the year previous. Of this amount Rs. 8,750 was met by fees, Rs. 6,941 by plough tax, Rs. 287 by municipal funds and Rs. 1,692 by "other sources," the balance *viz.*, Rs. 18,653 being met by Imperial funds. There was an increase of Rs. 975 in the fee revenue, but a decrease of Rs. 1,262 in the income from "other sources." The decrease under the latter head is attributed mainly to the stoppage of scholarships and curtailment of other expenditure from plantation funds. The large decrease in the expenditure from plough tax as compared with that of the previous year has not been explained by the Deputy Inspector.

278. The Acting Inspector visited Coorg in October last and spent 8 days against 4 and inspected 15 schools against 8 in the year before. The Girls' School at Virajpet was inspected by the Inspectress of Girls' Schools in November last. The number of inspections by the Deputy Inspector was 191 against 167 in 1898—99.

279. The Mercara High School, the only one of higher standard in the province had an increase of 18 pupils in its attendance and of Rs. 146 in its fee income, the figures being 296 and Rs. 2,856 respectively. The results of the Lower Secondary and Primary Examinations cannot be said to be satisfactory; those of inspection were generally fair. There were 63 pupils in the boarding house attached to the High School against 61 in the year before.

280. The English School at Virajpet is next in importance to the Mercara High School. The attendance rose from 228 to 270 and the fees from Rs. 2,754 to 2,975. Fifteen out of twenty six, passed the Lower Secondary Examination and 18 out of 50, the Primary Examination.

281. The strength of the Normal School declined from 13 to 8. This however, was only nominal as a few students who had completed their course of training were dismissed from the school only at the close of the year. The school sent up 8 students for the Lower Secondary Examination and passed 6 of them a good result. The staff is inadequate and needs to be strengthened.

MISCELLANEOUS.

ECCLESIASTICAL.

286. *Church of England.* The Government Chaplain visits Mercara and Pollebetta monthly from Mysore, except during the monsoon.

287. The number of members of the Church of England is 210. Of these 200 are Europeans and East Indians and the rest are Natives.

288. The expenditure by Government during the year was Rs. 182.

289. *Roman Catholic Church.* The members of the Roman Catholic Mission are returned at 1,667 Natives and 125 others, against 1,064 Natives and 13 others in 1898—99. This mission has churches at Mercara, Virajpet, Fraserpet, Sunticoppa and Siddapur. The church at Virajpet receives from Government an annual allowance of Rs. 240, a grant which has been continued from the time of the Rajahs.

290. *Basel Evangelical Mission.* This mission has churches at Mercara and Anandapur. Its members number 357 Natives and 8 others, against 333 Natives and 13 others in previous year.

STATIONERY.

291. All the articles of stationery are received from the Superintendent of Stationery, Madras, on indents forwarded through the Chief Commissioner's Office.

GENERAL MISCELLANEOUS.

292. *Muzarai.* The grant made by Government to Muzarai institutions, such as temples during the year was Rs. 13,726—15—2 in cash payments, Rs. 1,002—5—0 in deductions made from land revenue and Rs. 10,848—3—8 in land endowment, in all Rs. 25,577—7—10.

293. *Coorg Temple Funds.* An annual allowance of Rs. 13,560—8—0 is allotted to the Coorg Temple Funds managed by a committee consisting of a President and 14 members under the Coorg Temple Funds Management Regulation, No. IV of 1892. Only two meetings were held during the year. The average attendance of members at those meetings was 5.

294. There were 12 members on the committee at the commencement of the year. The term of four members expired during the year, two members died and one resigned. Five new members were elected, leaving 5 vacancies to be filled up at the close of the year.

295. The year opened with a balance of Rs. 1,755—3—10 which with the receipts of Rs. 15,787—4—6 brought the total income to Rs. 17,542—8—4. The expenditure came to Rs. 15,048—7—6, leaving a balance of Rs. 2,494-0-10 at the close of the year.

296. *Offerings.* The receipts under this head amounted to Rs. 825-3-6 as against Rs. 1,018—0—8 in the previous year. There was also a sum of Rs. 474—9—5 realized by the collection of paddy contributed voluntarily towards the Bhagamandala and Tala-Kaveri Pagodas by agriculturists in Coorg.

297. *Out-standing Debts.* The out-standing debts remaining for collection on 1st April 1899 were ... ... Rs. 24,229 9 3

298. *Supply of Food.* The expenditure incurred in the purchase of provisions for supply to pilgrims &c., amounted to Rs. 8,005—1—9 as compared with Rs. 10,690—0—6 in the year before. The decrease appears to be due partly to the attendance at the annual Kaveri festival being smaller than in the previous year and partly to the saving effected by the purchase of paddy instead of rice locally.

299. *Construction and Repairs.* The expenditure under this head amounted to Rs. 18—6—6 as against Rs. 103—15—0 in the previous year.

300. The want of interest of the members of the committee in the administration of the funds and the general unsatisfactory way in which the Regulation, No. IV of 1892, is working has been brought to the notice of Government.
